WHEREAS, the 1989 Idaho State Legislature passed and the Governor of Idaho signed the Timber Supply Stabilization Act of 1989, which reserves for Idaho wood processing plants 95% of the timber cut from state-owned lands; and

WHEREAS, although the Idaho act is aimed at reducing the flow of raw logs out of the United States, it also restricts the availability of those logs to wood processing plants in neighboring states such as Montana; and

WHEREAS, Montana places no restrictions on the flow of raw logs harvested within its borders to Idaho or other states; and

HeinOnline -- 1989 vol. II 2159 1989

WHEREAS, the volume of timber available for harvest and for processing has declined substantially in the past decade, which has resulted in some Montana wood processing plants relying upon raw logs harvested in Idaho to assure a reliable supply of raw materials; and

WHEREAS, interruption of the flow of raw logs from Idaho could cause slowing or cessation of operations at Montana wood processing plants with attendant severe effects on the state's economy; and

WHEREAS, export of raw logs diminishes the supply available to United States wood processing plants and hastens the eventual exhaustion of the timber supply; and

WHEREAS, preservation of the economic viability of the timber industry requires that the western states cooperate in addressing the subject of timber supply and related issues; and

WHEREAS, stimulation of the economy of western Montana depends upon the continued availability of raw materials for wood processing plants.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That legislation prohibiting the export of raw logs to foreign processing plants in order to preserve this country's natural resource base for the benefit of the people of the United States is necessary and laudable, but those laws should not restrict the interchange of raw materials across internal boundaries within the United States because that restriction will cause economic hardship for neighboring states.

(2) That the Legislature and the Governor of the State of Idaho be requested to reconsider and either repeal or amend the provisions of the Timber Stabilization Supply Act of 1989 to eliminate obstacles to the flow of raw materials across state boundaries.

(3) That the Secretary of State send copies of this resolution to the Governor and the leaders of the Senate and the House of Representatives of the State of Idaho, to the Governor of the State of Montana, and to the members of Montana's Congressional Delegation.

Passed April 21, 1989.

## HOUSE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE UNITED STATES PORT OF ENTRY STATION AT ROOSVILLE BE OPEN 24 HOURS A DAY.

WHEREAS, U.S. Highway 93 is the only route from the State of Montana into the Province of British Columbia; and

WHEREAS, the nearest alternate highway crossing of the boundary between the United States and the Province of British Columbia is located in Idaho and is accessible only after a long and circuitous journey; and

HeinOnline -- 1989 vol. II 2160 1989

WHEREAS, the government of Canada operates its port of entry station at Roosville 24 hours every day of the year, while the government of the United States closes its port of entry station at Roosville between the hours of midnight and 8 a.m. each day; and

WHEREAS, the discrepancy between the hours of operations of the port of entry stations on opposite sides of the border at Roosville causes confusion, inconvenience, and hardship for the traveling public that must cross the international boundary at that location because entry into Canada is unrestrained, but entry into the United States is legally impossible while the United States port of entry station is closed; and

WHEREAS, the lack of staffing at the United States port of entry station during one-third of each day contributes to serious law enforcement problems concerning illegal crossings; and

WHEREAS, U.S. Highway 93 is a principal avenue of commercial traffic, interruption of which for any period of time seriously impedes economic activity; and

WHEREAS, U.S. Highway 93 is a major thoroughfare of tourist traffic, encouragement of which is a significant component of Montana's effort to stimulate its economy; and

WHEREAS, any restriction of intercourse between the United States and Canada hinders the enhancement of good neighborliness that has long been the distinguishing attribute of the relationship between the two countries.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States Immigration and Naturalization Service and the United States Customs Service be requested to operate the port of entry station at Roosville 24 hours each day.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Governor of the State of Montana, the Premier of the Province of British Columbia, the Commissioner of the United States Customs Service, the Commissioner of the Immigration and Naturalization Service, and each member of Montana's Congressional Delegation.

Passed February 28, 1989.

## HOUSE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA CONCERNING THE CLASSIFICATION, PAY, AND OTHER CONDITIONS OF EMPLOYMENT OF LEGISLATIVE EMPLOYEES; PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE; AND PROVIDING FOR RETROACTIVE APPLICABILITY.

WHEREAS, it is necessary to establish a pay plan for legislative employees that compensates those employees on a basis similar to other state employees; and

HeinOnline -- 1989 vol. II 2161 1989

WHEREAS, it is necessary that legislative employees know of their conditions of employment and that such conditions be uniform for the House of Representatives and Senate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) (a) That the following legislative employee positions be classified at the grades indicated and be entitled to be paid according to the 1986-87 hourly pay matrix, which does not include insurance, issued by the Department of Administration on May 3, 1985. Because legislative employees receive no additional benefits, 20 cents an hour must be added to the hourly compensation as shown on the pay matrix.

(b) That an employee with no qualifying legislative experience be classified at step 2 of the appropriate grade. A person who has served as a legislator or an employee of the Montana House of Representatives or Senate for at least one-half of a regular session prior to January 1, 1987, is entitled to be advanced one step for each session so served.

(2) (a) That each employee record the number of hours worked each day on a timesheet provided. A completed timesheet must be turned in each Friday that ends a pay period. Each chamber shall adopt a procedure for review, approval, and collection of the timesheets and for timely filing with the Legislative Council.

HeinOnline -- 1989 vol. II 2163 1989

(b) That the Sergeants-at-arms review and approve the timesheets for the following employees: Assistant Sergeants-at-arms, Doormen, Security Guards, Distribution Clerks, and Pages.

(c) That the Speaker and Minority Leader of the House review and approve the timesheets for their employees.

(d) That the Chief Clerk of the House and the Secretary of the Senate review all timesheets and approve those not otherwise provided for.

(3) That the positions classified at Grade 17 and above be exempt from overtime pay. During a regular legislative session, employees in such positions must be paid for 48 hours a week regardless of the number of hours worked. Whenever such employees are preparing for or closing a regular or special session or otherwise working at the direction of their respective presiding officers during an interim, they must be paid for each hour worked at the hourly compensation determined under subsection (1) and their timesheets must be reviewed and approved by their presiding officers.

(4) That the positions classified below Grade 17 be subject to overtime pay. Hours over 40 a week worked by an employee so classified must be compensated at the rate of 1 ½ times the employee's regular hourly wage.

(5) That the legislative employees listed in subsection (1)(b) be considered temporary employees and not entitled to any additional benefits, such as sick leave, vacation leave, holiday pay, time off with pay, health insurance, or longevity allowances. Section 2-18-617(3), MCA, relating to assumption of liability for accrued vacation credits, does not apply to the Legislature and its employees.

(6) That a Chaplain be entitled to be paid for 2 hours for each legislative day served.

(7) That membership in the Public Employees' Retirement System be made available to legislative employees upon written request under the provisions of section 19-3-403(5), MCA.

(8) That the Legislature intend this Joint Resolution to apply to the employees hired to prepare for the 52nd Legislature by the leadership elected at the November 1990 caucuses.

(9) That if state employees are authorized to receive increases by action of the 51st Legislature, the second sentence of subsection (1)(b) of this resolution be replaced by the following: "A person who has served as a legislator or an employee of the Montana House of Representatives or the Senate for at least one-half of a regular session is entitled to be advanced one step for each session served." Employees of the 51st Legislature must be retroactively paid under this provision.

(10) That the Legislature recommend that Legislative Branch Agencies employ session temporary personnel under policies consistent with this resolution.

HeinOnline -- 1989 vol. II 2164 1989

(11) (a) That this resolution be effective upon passage and be effective until January 7, 1991.

(b) That this resolution apply retroactively to all employees of the 51st Legislature.

Passed January 31, 1989.

## HOUSE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE DISTRICT IX SOFTBALL COMPLEX IN LEWISTOWN BE OFFICIALLY DESIGNATED AS THE SITE OF THE MONTANA SOFTBALL HALL OF FAME.

WHEREAS, in the spring of 1983, the District IX Softball League was awarded the site of the Montana Softball Hall of Fame by the Montana Softball Association; and

WHEREAS, the site in Lewistown, chosen by a steering committee, was subsequently approved by the City-County Airport Board and the Federal Aviation Administration; and

WHEREAS, as of December 1, 1988, approximately $350,000 has been raised through extensive fundraising, including $8,000 from independent donors, a $50,000 grant from the Montana Land and Water Conservation Fund, and pledges by the City of Lewistown and Fergus County for $30,000 and $20,000, respectively, to match the $50,000 grant; and

WHEREAS, the District IX Softball Complex has an expected completion date of June 1, 1989.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the District IX Softball Complex in Lewistown be officially designated as the site of the Montana Softball Hall of Fame.

Passed February 11, 1989.

## HOUSE JOINT RESOLUTION NO. 6

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ACKNOWLEDGING AND SUPPORTING THE MONTANA CENTENNIAL SLED DOG RACE.

WHEREAS, Montana is the home of the longest sled dog race in the lower 48 states; and

WHEREAS, in addition to the Montana Mountain Mushers Club, competitors from all over the United States and Canada will participate in the Montana Centennial Sled Dog Race; and

HeinOnline -- 1989 vol. II 2165 1989

WHEREAS, several hundred volunteers, four local snowmobile clubs, and numerous local and national businesses are active in making the Montana Centennial Sled Dog Race a unique source of winter recreation in Montana; and

WHEREAS, the Montana Centennial Sled Dog Race will draw approximately 10,000 spectators and will receive national press coverage; and

WHEREAS, the Montana Centennial Sled Dog Race has received $7,500 from the Montana Centennial Commission and has been officially recognized as a centennial activity.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature encourage and support the Montana Centennial 500-mile sled dog race as a source of winter entertainment that benefits Montana economically, enhances its tourist appeal, and is in keeping with the true pioneer spirit of Montanans.

Passed March 7, 1989.

## HOUSE JOINT RESOLUTION NO. 8

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA EXPRESSING OPPOSITION TO FEDERAL EXCISE TAX RATE INCREASES ON BEER, WINE, CIGARETTES, GASOLINE, AND DISTILLED SPIRITS.

WHEREAS, the United States Congressional Joint Committee on Taxation has developed a set of policy options in response to the Congressional budget resolution calling for federal tax rate increases over the next 3 years; and

WHEREAS, these policy options have identified the following excise tax rate increases as one potential source of federal tax increases:

(1) beer, 49 cents per six-pack;

(2) wine, 52 cents per bottle;

(3) cigarettes, 16 cents per pack;

(4) gasoline, 5 cents per gallon; and

(5) distilled spirits, $2.50 per proof gallon; and

WHEREAS, federal excise taxation is regressive taxation; and

WHEREAS, Montana ranks 47th in the nation in personal income, with an average personal income of $15,568 per person in 1987; and

WHEREAS, increases in regressive federal excise tax rates will therefore place a greater burden on individuals in the state of Montana in comparison to individuals in the majority of other states; and

WHEREAS, beer, wine, cigarettes, gasoline, and distilled spirits are relatively price-inelastic, and increasing federal excise tax rates on these products can be expected to result in a decline in product sales; and

HeinOnline -- 1989 vol. II 2166 1989

WHEREAS, the Montana Revenue Estimating Advisory Council estimates product sales declines over the next 2 years in cigarettes (6 million packs, or 9%), liquor (down 14%), and wine (down 400,000 liters) that do not include losses due to federal excise tax rate increases; and

WHEREAS, a decline in these product sales will adversely affect the state of Montana's excise tax revenues, resulting in a potential loss of $3.68 million in revenue that the Senate and House of Representatives will have to raise elsewhere; and

WHEREAS, a $2.385 million loss in state revenue from gasoline excise taxes would translate into a 2.83% reduction in revenue available to the highway fund, and a $1.037 million loss in state revenue from cigarette excise taxes would reduce debt service revenue by 9.09%; and

WHEREAS, the Montana Revenue Estimating Advisory Council projects a decline in state revenues, and Montana cannot afford further loss of existing revenue.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Senate and the House of Representatives of the State of Montana express their opposition to the United States Congressional Joint Committee on Taxation's option of increasing federal excise tax rates on beer, wine, cigarettes, gasoline, and distilled spirits.

BE IT FURTHER RESOLVED, that a copy of this resolution be sent by the Secretary of State to each member of the Montana Congressional Delegation and to the Chairman of the United States Congressional Joint Committee on Taxation.

Passed March 3, 1989.

## HOUSE JOINT RESOLUTION NO. 9

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA AFFIRMING THE FINDINGS OF THE FLATHEAD BASIN COMMISSION IN OPPOSITION TO THE PROPOSED CABIN CREEK COAL MINE IN THE PROVINCE OF BRITISH COLUMBIA; RECOGNIZING THE FINDINGS OF ADVERSE IMPACTS CONTAINED IN TECHNICAL REPORTS PREPARED FOR THE INTERNATIONAL JOINT COMMISSION; ANTICIPATING THOSE FINDINGS WILL BE SUSTAINED IN RECOMMENDATIONS OF THE INTERNATIONAL JOINT COMMISSION; AND ENDORSING THE CONCEPT OF COOPERATIVE, LONG-TERM RESOURCE MANAGEMENT AMONG THE GOVERNMENTS OF MONTANA, BRITISH COLUMBIA, THE UNITED STATES, AND CANADA FOR THE NORTH FORK OF THE FLATHEAD RIVER DRAINAGE IN MONTANA AND THE FLATHEAD RIVER DRAINAGE IN BRITISH COLUMBIA.

WHEREAS, the Legislature established the Flathead Basin Commission in 1983 to protect the existing high quality of Flathead Lake's aquatic environment and the waters that flow into and out of or are tributary to the lake; and

HeinOnline -- 1989 vol. II 2167 1989

WHEREAS, the Legislature charged the Commission with promoting cooperation between Montana and British Columbia on resource development in the Flathead Basin; and

WHEREAS, the Legislature recognized that activities in the Canadian portion of the Flathead's drainage can have a significant effect on the quality of the Flathead River system, including Flathead Lake; and

WHEREAS, the proposed development of a major coal mine that would have substantial negative impacts on the quality of the Flathead River system was referred to the International Joint Commission, which studied the effects of the proposed mine in a cooperative effort, resulting in the investigative board's report; and

WHEREAS, on September 15, 1988, after analysis and discussion, the Flathead Basin Commission voted to oppose the proposed Cabin Creek Coal Mine in a hearing before the International Joint Commission; and

WHEREAS, the Flathead Basin Commission strongly urged members of the International Joint Commission to recommend to their respective governments that the Cabin Creek Coal Mine not be built and that assessment of alternatives to constructing the mine begin immediately, including, if necessary, helping facilitate location of an alternative source of coal in a less environmentally sensitive area; and

WHEREAS, the Flathead Basin Commission also urged the International Joint Commission to begin discussion regarding a bilateral agreement on what type of industrial development is and what type is not consistent with the environmental and aesthetic characteristics of the Waterton-Glacier area; and

WHEREAS, in response to testimony by the State of Montana, the Flathead Basin Commission, and others and in consideration of technical findings revealing that the coal mine would pose an unacceptable risk of environmental degradation, it is anticipated the International Joint Commission will sustain the testimony and findings through a recommendation against development of the mine; and

WHEREAS, information developed through the international reference on the mine proposal has demonstrated the need to address land management issues in the North Fork of the Flathead River drainage in Montana and the Flathead River drainage in British Columbia in the context of the long-term conservation of resource values; and

WHEREAS, the International Joint Commission is in receipt of a proposal by the State of Montana that the governments of Montana, British Columbia, the United States, and Canada establish a cooperative structure to achieve conservation goals in the drainage while maintaining appropriate resource development options.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislature recognize the findings of adverse impacts contained in technical reports prepared for the International Joint Commission

HeinOnline -- 1989 vol. II 2168 1989

and affirm the findings and recommendations of the Flathead Basin Commission in opposition to the proposed Cabin Creek Coal Mine in the Province of British Columbia.

(2) That the Legislature, anticipating that those findings will be sustained in the recommendations of the International Joint Commission, endorse the concept of cooperative, long-term resource management among the governments of Montana, the United States, British Columbia, and Canada for the North Fork of the Flathead River drainage in Montana and the Flathead River drainage in British Columbia.

(3) That the Secretary of State send copies of this resolution to each member of the Montana Congressional Delegation and to each member of the International Joint Commission.

Passed March 17, 1989.

## HOUSE JOINT RESOLUTION NO. 10

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA RECOMMENDING THE ADOPTION OF "MCGRUFF" AS THE SYMBOL FOR A BLOCK PARENT PROGRAM IN LOCAL COMMUNITIES.

WHEREAS, there is increasing public concern over the thousands of missing or kidnapped children reported each year; and

WHEREAS, the mobility of modern society enables missing or kidnapped children to be transported from one end of the state to another in a short period of time; and

WHEREAS, there is a need for "block parent" programs to identify homes in local communities that would serve as a refuge for children who are frightened, injured, lost, in danger, crime victims, or in any emergency situation; and

WHEREAS, the National Crime Prevention Council has adopted "McGruff" the crime fighting dog as its official symbol for block parent houses; and

WHEREAS, "McGruff" is a nationally recognized symbol as well known for crime prevention as "Smokey the Bear" is for fire prevention.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislature encourage, support, and recommend that local communities establish a block parent program for the protection of our children.

(2) That only one symbol be used so that a child may readily recognize the symbol regardless of what part of the state the child is from.

HeinOnline -- 1989 vol. II 2169 1989

(3) That the Legislature encourage, support, and recommend that the crime prevention dog "McGruff" be the symbol used to represent block parent houses.

(4) That copies of this resolution be sent to the Montana Board of Crime Control and the Attorney General of Montana.

Passed March 11, 1989.

## HOUSE JOINT RESOLUTION NO. 12

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE SYSTEM OF MARKETING MOTOR FUELS IN MONTANA TO DETERMINE IF SUBSIDIZED PRICING AND PREDATORY MOTOR FUEL FRANCHISE PRACTICES GIVE UNFAIR COMPETITIVE ADVANTAGE TO CERTAIN WHOLESALERS AND RETAILERS; AND REQUIRING A REPORT OF THE STUDY'S FINDINGS TO THE 52ND LEGISLATURE.

WHEREAS, independent and small dealers and distributors of petroleum and related products, who are vital to a healthy, competitive marketplace, are unable to survive subsidized pricing and predatory motor fuel franchise practices at the wholesale and retail levels by other wholesalers and retailers who have other sources of income; and

WHEREAS, subsidized pricing and predatory motor fuel franchise practices are not conducive to fair trade; and

WHEREAS, laws prohibiting those practices are effective in protecting independent and small retailers and wholesalers in other jurisdictions; and

WHEREAS, a decision on whether a law prohibiting those practices is needed in Montana depends upon a determination that a problem of subsidized pricing and predatory motor fuel franchise agreements in the motor fuels industry does exist in Montana and upon the extent of the problem.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study the marketing of motor fuels in Montana to determine if there exist discriminatory or predatory systems of pricing or motor fuel franchise agreements in which independent wholesalers and retailers are unfairly burdened with higher costs than competing wholesalers and retailers owned by or affiliated with companies that also own production facilities and distribution systems.

BE IT FURTHER RESOLVED, that if the interim committee determines that discriminatory or predatory practices are indeed subjecting independent Montana wholesalers and retailers to unfair competition from other wholesalers and retailers who benefit from those practices, the interim committee prepare legislation to remedy the problem of unfair competition caused by those practices.

HeinOnline -- 1989 vol. II 2170 1989

BE IT FURTHER RESOLVED, that the interim committee report in writing to the 52nd Legislature and submit proposed remedial legislation if the interim committee determines that legislation is necessary.

Passed March 21, 1989.

## HOUSE JOINT RESOLUTION NO. 13

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ESTABLISHING AN OFFICIAL ESTIMATE OF THE STATE'S ANTICIPATED REVENUE FOR EACH YEAR OF THE 1990-91 BIENNIUM FOR THE PURPOSE OF ACHIEVING A BALANCED BUDGET AS MANDATED BY ARTICLE VIII, SECTION 9, OF THE MONTANA CONSTITUTION; ACCEPTING A JUNE 30, 1988, GENERAL FUND BALANCE THAT WAS ESTABLISHED BASED ON GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; REQUESTING THE GOVERNOR'S OFFICE OF BUDGET AND PROGRAM PLANNING TO USE THE REVENUE ESTIMATES CONTAINED IN THIS RESOLUTION AS OFFICIAL REVENUE ESTIMATES FOR FISCAL YEARS 1989-90 AND 1990-91; AND ESTABLISHING AN ESTIMATE OF THE NONGENERAL FUND REVENUES FOR THE SCHOOL FOUNDATION PROGRAM.

WHEREAS, Article VI, section 9, of the Montana Constitution requires the Governor to submit to the Legislature a budget for the ensuing fiscal period, containing in detail the estimated revenue of the state; and

WHEREAS, Article VIII, section 9, of the Montana Constitution requires that the Legislature may not appropriate funds in excess of the anticipated revenue of the state; and

WHEREAS, section 5-12-302(2), MCA, requires the Office of the Legislative Fiscal Analyst to estimate revenue from existing and proposed taxes, and section 17-7-123(1), MCA, requires the Governor to submit a budget showing a balance between total proposed disbursements and total anticipated receipts; and

WHEREAS, due to the complexity of economic variables involved in revenue forecasting and the diversity of sources from which state revenues are obtained, it has become increasingly difficult to project revenues in order to prepare a balanced budget for the ensuing biennium; and

WHEREAS, past legislatures have not agreed on revenue projections until the last days of the session, when there is little time for comprehensive analysis or reasoned criticism; and

WHEREAS, it is in the best interests of the state that revenue forecasts be discussed and arrived at in public hearings at which all the people may attend and participate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1989 vol. II 2171 1989

That the state general fund revenue for fiscal years 1989, 1990, and 1991 is estimated to be $402,691,000, $390,086,000, and $405,858,000, respectively. The school foundation revenue for fiscal years 1989, 1990, and 1991 is estimated to be $278,427,000, $255,786,000, and $262,304,000, respectively.

BE IT FURTHER RESOLVED, that the Legislature accepts for budget purposes the unreserved fund balance for the general fund of $39,472,000, prepared according to generally accepted accounting principles as published in the audited state financial statements as of June 30, 1988.

BE IT FURTHER RESOLVED, that the Governor's Office of Budget and Program Planning use the revenue estimates contained in this resolution as the official revenue estimates for fiscal years 1989-90 and 1990-91.

## GENERAL FUND REVENUE

The projections for total general fund revenue during the 1990-91 biennium are based on an assumption of a continuation of Montana law as it existed on January 1, 1989. It is also assumed that all public institutions currently certified for medicaid will remain certified.

The revenue estimates contained in the following tables are based on the assumptions stated previously herein and those listed in the following tables.

# HOUSE JOINT RESOLUTION NO. 14

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA AMENDING THE JOINT RULES BY ADDING A SECTION PROVIDING FOR LEADERSHIP OVERSIGHT OF JOINT LEGISLATIVE AGENCIES AND COMMITTEES.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the joint rules of the 51st Legislature be amended by adding the following new section:

**30-70. Oversight of joint legislative agencies and committees.** The President of the Senate, the Speaker of the House, and the minority leaders of the Senate and the House comprise a legislative management committee which shall meet from time to time at the request of one of its members to review and oversee the activities of joint agencies and committees of the legislative branch established by law or resolution. The committee may consider, without limitation, matters concerning jurisdictional disputes between joint agencies and committees, agency salary schedules and employment policies, and any other matter bearing upon the efficient operation of the legislative branch. The committee may make such recommendations as it chooses to the appropriate authority or the legislature.

# HOUSE JOINT RESOLUTION NO. 16

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE LEGISLATIVE AUDIT COMMITTEE TO STUDY THE NEED AND FEASIBILITY OF THE STATE TO REGULATE OR CONTROL ALTERNATIVE HEALTH CARE PROVIDERS; AND REQUIRING A REPORT OF THE STUDY'S FINDINGS AND RECOMMENDATIONS TO THE 52ND LEGISLATURE.

WHEREAS, under the provisions of section 2-8-203, MCA, the Legislative Audit Committee is charged with the responsibility to review and assess the merits of any proposal to establish a new occupational licensing board; and

WHEREAS, certain health care professionals, such as acupuncturists, naturopaths, rolfers, massage therapists, and midwives, are not subject to professional regulation to assure their fitness to prescribe or administer to the needs of the public; and

WHEREAS, practitioners of certain health care professions may choose to subject themselves to regulation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Audit Committee conduct a study, as provided in section 2-8-203, MCA, to determine:

(1) the necessity and feasibility of the state to regulate or control alternative health care providers, including but not limited to acupuncturists, naturopaths, rolfers, massage therapists, and midwives;

(2) whether regulation or control of alternative health care providers exists in other states and, if so, the experience of those states; and

(3) whether alternative health care providers in Montana need and want state regulation or control.

BE IT FURTHER RESOLVED, that in addition to complying with the provisions and deadlines of section 2-8-203, MCA, in conducting the study requested under this resolution, the Legislative Audit Committee expedite the completion of the study to assure that any legislation found to be desirable or necessary will be drafted in time for presentation to the 52nd Legislature.

BE IT FURTHER RESOLVED, that the Legislative Audit Committee, regardless of whether it determines that legislation to establish regulation or control of alternative health care professionals is desirable or necessary, report the findings and recommendations of its study to the 52nd Legislature.

# HOUSE JOINT RESOLUTION NO. 17

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE SECRETARY OF TRANSPORTATION TO ASK CONGRESS FOR FUNDS NECESSARY TO CONTINUE THE ESSENTIAL AIR SERVICE PROGRAM.

WHEREAS, the Airline Deregulation Act of 1978 enacted by Congress included a provision guaranteeing the continuation of essential air service for 10 years to small communities receiving air service; and

WHEREAS, in eight small Montana rural communities that have received subsidies under the provisions of the "Essential Air Service" program, scheduled airline service has been the lifeline of those communities, connecting them with the state and the national air transportation systems; and

WHEREAS, in 1987 Congress demonstrated strong bipartisan commitment for essential air service to small rural communities by extending the program for 10 years; and

WHEREAS, Congress provided for enhancement of the "Essential Air Service" program by authorizing an additional subsidy, if matched by the communities or states, to permit other small communities to elect to join the program; and

WHEREAS, if the Department of Transportation adopts proposed rules, seven of Montana's small, rural communities will be eliminated from the subsidized "Essential Air Service" program and will face devastating social and economic impacts; and

WHEREAS, the 1989 appropriations for the "Essential Air Service" program fell about $6.6 million short of maintaining the existing program and about $19 million short of funding the entire program authorized by Congress.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Secretary of Transportation be requested to reconsider and to abolish plans to adopt regulations to implement any and all reductions for the 1989 "Essential Air Service" program.

BE IT FURTHER RESOLVED, that the Secretary of Transportation be requested to ask Congress for the necessary supplemental appropriation to adequately fund the "Essential Air Service" program during fiscal year 1989.

BE IT FURTHER RESOLVED, that the Secretary of State of the State of Montana send copies of this resolution to the President of the United States, the Secretary of Transportation, the members of Montana's Congressional Delegation, and the Governor of the State of Montana.

Passed March 21, 1989.

# HOUSE JOINT RESOLUTION NO. 18

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES ENVIRONMENTAL PROTECTION AGENCY TO CONSIDER THE COST EFFECTS OF ITS PROPOSED REGULATIONS FOR SOLID WASTE LANDFILLS; AND URGING THE UNITED STATES CONGRESS TO PROVIDE THE STATES WITH THE FINANCIAL RESOURCES NECESSARY TO IMPLEMENT ANY NEW REGULATIONS FOR SOLID WASTE LANDFILLS.

WHEREAS, in 1988, the United States Environmental Protection Agency (EPA) released proposed minimum federal regulations for solid waste landfills, which were prompted by studies demonstrating significant nationwide ground water pollution caused by substances leaching from landfills; and

WHEREAS, the EPA rules would set strict requirements for ground water monitoring (both ongoing and for 30 years after closure of the landfill), financial assurance, recordkeeping, inspection of landfill loads for hazardous waste, and leak prevention for new landfills; and

WHEREAS, the proposed regulations are open for comment, with final regulations to be adopted in late 1989 and to become effective in early 1991; and

WHEREAS, if adopted as drafted, the EPA regulations would have major effects on Montana's landfills, which now number 140, the large majority of which were licensed before there was concern over ground water contamination and are operated by rural communities that have neither the financial nor technical resources to meet the proposed requirements; and

WHEREAS, the proposed EPA regulations come at a time when the state's solid waste program is minimally staffed and is already unable to meet its current responsibilities of licensing, inspecting, and assisting existing landfills to ensure that public health concerns are met; and

WHEREAS, state officials believe that as EPA moves toward adoption of the new landfill regulations, many landfills are likely to close rather than meet the costs associated with those new regulations, because those that remain open—even for only 1 day after the regulations become effective—will be responsible for 30 years of water quality monitoring and for other requirements; and

WHEREAS, the Department of Health and Environmental Sciences has already been contacted by dozens of communities that are aware of the pending regulations and that are seeking direction for future action, and the department's staff resources are too limited to respond adequately to requests for assistance.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1989 vol. II 2178 1989

(1) That the Legislature recognizes the concern over pollution of ground water from materials leached from landfills but urges the EPA to consider the cost effects of its proposed regulations on rural communities.

(2) That the Legislature urges the United States Congress to provide funding for states to implement any new regulations that may be adopted for solid waste landfills.

(3) That copies of this resolution be sent to the administrator of the EPA and to each member of Montana's Congressional Delegation.

Passed March 17, 1989.

## HOUSE JOINT RESOLUTION NO. 20

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE CITIZENS OF MONTANA TO MAKE THE SALUTE TO THE AMERICAN FLAG A REGULAR PART OF PUBLIC MEETINGS AND ACTIVITIES.

WHEREAS, it is fitting, in this bicentennial era, to reflect upon and reaffirm our support of the principles upon which our great state and nation were founded; and

WHEREAS, the American flag is the emblem of freedom in its best sense because it signifies government resting on the consent of the governed, liberty regulated by law, protection of the weak against the strong, security against the exercise of arbitrary power, and absolute safety for free institutions against foreign aggression; and

WHEREAS, in the words of President Woodrow Wilson, "The things that the flag stands for were created by the experiences of a great people. Everything that it stands for was written by their lives. The flag is the embodiment, not of sentiment, but of history. It represents the experiences made by men and women, the experiences of those who do and live under that flag"; and

WHEREAS, it is essential to the continued peace, prosperity, and growth of our state and nation that our citizens adhere to and promote those distinctive American values that make our country strong; and

WHEREAS, we support the statement of the United States Supreme Court in Board of Education v. Barnette, 319 U.S. 624 (1942), that "To believe that patriotism will not flourish if patriotic ceremonies are voluntary and spontaneous instead of a compulsory routine is to make an unflattering estimate of the appeal of our institutions to free minds"; and

WHEREAS, we support the concept of a voluntary salute to the flag in the public schools if done with respect for the instructors and students participating; and

WHEREAS, we, as members of the Montana State Legislature, should lead our citizens by making the salute to the flag a regular part of our public meetings and activities.

HeinOnline -- 1989 vol. II 2179 1989

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the citizens of the state of Montana are encouraged to make the salute to the American flag a regular part of public meetings and activities.

BE IT FURTHER RESOLVED, that the salute to the flag be included in the regular activities of the public schools as long as individual rights guaranteed under the Constitution are respected and protected.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each county and school district in the state.

Passed March 18, 1989.

## HOUSE JOINT RESOLUTION NO. 21

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO PROVIDE A SUPPLEMENTAL APPROPRIATION TO FULLY FUND VETERANS' ADMINISTRATION MEDICAL CENTERS AT FORT HARRISON AND MILES CITY.

WHEREAS, Montana's 106,000 veterans constitute the third largest per capita number of veterans in the United States who look to the Veterans' Administration to provide for their health needs; and

WHEREAS, among World War II veterans from all the states, Montanans suffered the second largest casualty rate, and many of the older veterans need medical and surgical treatment, as well as nursing home care, but are unable to afford private medical care programs; and

WHEREAS, these veterans are being advised to seek medical assistance from state- or county-funded programs; and

WHEREAS, the veterans' facility at Fort Harrison has no nursing home unit, and the medical and surgical hospital beds at both Fort Harrison and Miles City have been reduced by a total of 58 beds; and

WHEREAS, the Fort Harrison and Miles City veterans' hospitals will each have budget deficits in 1989 exceeding $1 million; and

WHEREAS, this funding shortage in the Veterans' Administration has resulted in fewer eligible veterans being treated at Montana's veterans' hospitals and has left hundreds of Montana veterans without needed medicine; and

WHEREAS, Veterans' Administration employees in Montana have worked beyond their required job limits in a superior effort to care for our veterans; and

WHEREAS, the United States government has pledged to provide medical care for its veterans.

HeinOnline -- 1989 vol. II 2180 1989

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 51st Legislature implore the Congress of the United States to pass legislation endorsing a supplemental appropriation to fund and staff the Veterans' Administration Medical Centers at Fort Harrison and Miles City to fully utilize all the medical and surgical beds, to reopen the closed ward at the Fort Harrison facility, and to proceed with a plan to construct and staff a 120-bed Veterans' Administration nursing home care unit at Fort Harrison.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Secretary of Veterans' Affairs, the United States Senate and House Committees on Veterans' Affairs, the Governor of the State of Montana, and each member of the Montana Congressional Delegation.

Passed March 21, 1989.

## HOUSE JOINT RESOLUTION NO. 22

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO AUTHORIZE THE USE OF PICK-SLOAN MISSOURI BASIN FUNDS FOR REHABILITATING IRRIGATION PROJECT FACILITIES IN THE UPPER MISSOURI BASIN STATES AND PICK-SLOAN MISSOURI BASIN POWER FOR IRRIGATION PUMPING FOR IRRIGATION PROJECTS IN THE UPPER MISSOURI BASIN STATES.

WHEREAS, the United States Congress enacted the Pick-Sloan Missouri Basin Plan in the federal Flood Control Act of 1944 after carefully considering and balancing the costs and benefits among the Missouri Basin states; and

WHEREAS, this act was intended to result in a wide range of multiple-purpose benefits to the Missouri Basin states, including irrigation, hydroelectric power generation, flood control, navigation, sediment abatement, fish and wildlife enhancement, and pollution control; and

WHEREAS, the mainstem dams, including Fort Peck Dam in Montana, imposed great costs upon the upper Missouri Basin states and have been operational since 1964; and

WHEREAS, the benefits to lower Missouri Basin states have been realized, including over $1.8 billion in flood control benefits, a navigation channel that is now usable for 8 to 9 months each year, and the use of over 66% of the power generated from the mainstem reservoirs; and

WHEREAS, the upper Missouri Basin states lost 1.5 million acres of prime agricultural land due to the construction of the projects, receive only 32% of the low-cost hydroelectric power produced by the Pick-Sloan projects (all of which are within their boundaries), and were able to develop

HeinOnline -- 1989 vol. II 2181 1989

only 4% of the 3.5 million acres for irrigation that Congress promised them under the Pick-Sloan plan; and

WHEREAS, Montana receives only 6% of the hydroelectric power generated by the mainstem system and was able to develop only 5% of the lands authorized for irrigation in Montana under this plan; and

WHEREAS, many of Montana's existing irrigation projects are old, deteriorating, and in serious need of rehabilitation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature believes that promises made by the United States Congress to the state of Montana that led to the state's support for the Pick-Sloan Missouri Basin plan have not been kept.

BE IT FURTHER RESOLVED, that the Legislature believes that the use of funds from the Pick-Sloan Missouri Basin account for the rehabilitation of irrigation projects and the use of Pick-Sloan Missouri Basin plan electric power for irrigation pumping on irrigation projects in the upper Missouri Basin states is in keeping with the spirit of good faith cooperation and compromise that resulted in passage of the federal Flood Control Act of 1944.

BE IT FURTHER RESOLVED, that the United States Congress is urged to authorize the use of funds from the Pick-Sloan Missouri Basin account for the rehabilitation of existing state and federal irrigation projects in Montana and other upper Missouri Basin states in addition to other currently authorized uses.

BE IT FURTHER RESOLVED, that the United States Congress is urged to authorize the use of Pick-Sloan Missouri Basin plan power for irrigation pumping for irrigation projects located in the Yellowstone River Basin in Montana.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to each member of the Montana Congressional Delegation, the Speaker of the U.S. House of Representatives, the President of the U.S. Senate, the Commissioner of the U.S. Bureau of Reclamation, and the Chief of Engineers of the U.S. Army Corps of Engineers.

Passed March 9, 1989.

## HOUSE JOINT RESOLUTION NO. 23

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES DEPARTMENT OF AGRICULTURE AND THE UNITED STATES FOREST SERVICE TO RECONSIDER THE WISDOM OF THE "LET IT BURN" POLICY AND TO MODIFY THE POLICY TO REFLECT LOCAL CONDITIONS AND TO PROVIDE ACCOUNTABILITY FOR DECISIONS; AND URGING COOPERATION WITH STATE AND LOCAL OFFICIALS AND AFFECTED CITIZENS.

WHEREAS, the prescribed burn policy adopted by the United States Department of Agriculture is too rigid to reflect local weather and land-use situations; and

HeinOnline -- 1989 vol. II 2182 1989

WHEREAS, there is no difference to the environment or to the public in the effects of a naturally caused prescribed burn versus a human-caused fire; and

WHEREAS, drought effects in Montana in 1988 were obvious but largely ignored by the United States Forest Service; and

WHEREAS, federal fire management plans, in many cases, have no contingencies for fighting fire on private lands; and

WHEREAS, in most instances, a concise definition of the "let it burn" policy has never been presented to local officials or the Montana citizenry; and

WHEREAS, fire policy priorities ignored actual wilderness usage by outfitters and watershed and as winter range for wildlife; and

WHEREAS, the prescribed burn policy has no provision for accountability for decisions; and

WHEREAS, the prescribed burn policy ignores the buildup of fuel over decades and fails to take into consideration the monumental effort of attempting to extinguish fires during severe drought; and

WHEREAS, there seems to be little flexibility in the prescribed burn policy, and it fails to take into account the different nature of each fire; and

WHEREAS, "triggers" to judge a fire as a prescribed natural fire or wildfire need to be redefined; and

WHEREAS, the prescribed burn policy fails to take into consideration the availability of resources to fight fires when needed and the manpower needed to put out or even attempt to contain fires when the area of prescribed burn is exceeded; and

WHEREAS, many "class I" fire teams greatly damaged the United States Forest Service image through arrogant treatment of the Montana public; and

WHEREAS, expert opinion within the United States Forest Service and of local citizens on fire behavior and fire spread were ignored during the disastrous summer of 1988; and

WHEREAS, fiscal management in the fire suppression effort was deployed in such a manner that no one was held accountable; and

WHEREAS, intercommunication system principles were ignored with respect to coordination with local sheriff's departments; and

WHEREAS, in many instances, the United States Forest Service did not even attempt to keep local people informed and, when information was disseminated, repeatedly miscommunicated the actual firefighting status to Montana citizens; and

WHEREAS, the United States Forest Service failed to inform itself of or use local resources available to fight fires; and

HeinOnline -- 1989 vol. II 2183 1989

WHEREAS, there was a lack of input from the Montana Department of State Lands accepted by the United States Forest Service in fighting fires; and

WHEREAS, there was a failure to inform landowners and permittees of fire movements or to seek advice and assistance from the affected parties; and

WHEREAS, the arrogance of the United States Forest Service in dealing with permittees over the last several years has driven a wedge between the permittees and the Forest Service; and

WHEREAS, the United States Forest Service failed to explain to affected local communities the methodology of fighting fires or the rationale for not fighting fires; and

WHEREAS, the United States Forest Service has failed to compensate Montana citizens for losses caused by fires in cases where it is clearly liable because it failed to fight fires until a disastrous situation had occurred and failed to heed warnings by experts both within and outside the Forest Service to fight the fires as early as possible.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States Department of Agriculture and the United States Forest Service be urged to reevaluate and modify the prescribed burn policy, taking into account local conditions and local expertise.

BE IT FURTHER RESOLVED, that the Secretary of State of Montana send a copy of this resolution to the President of the United States, the United States Secretary of the Interior, the United States Secretary of Agriculture, the Director of the Bureau of Land Management, the Chief of the United States Forest Service, all regional United States Forest Service Headquarters, and each member of Montana's Congressional Delegation.

Passed April 1, 1989.

## HOUSE JOINT RESOLUTION NO. 24

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING IMMEDIATE CONSTRUCTION OF NURSING HOME FACILITIES AT THE VETERANS' ADMINISTRATION CENTER AT FORT HARRISON, MONTANA.

WHEREAS, the population of elderly citizens of the United States is growing steadily, and this growth is reflected in the increased number of aged veterans of military service; and

HeinOnline -- 1989 vol. II 2184 1989

WHEREAS, the State of Montana sent more of its citizens per capita into military service during World War I, World War II, the Korean Conflict, and the Vietnam War than any other state; and

WHEREAS, the need for care for elderly citizens, including veterans, is an ever more urgent concern that is particularly manifested in the increasing need among veterans, because of their advancing age, for nursing home beds; and

WHEREAS, the 26 nursing home beds in the Veterans' Administration Center at Miles City are the only nursing home beds available in Montana to answer the needs of the 106,000 veterans who live in Montana; and

WHEREAS, there are no other Veterans' Administration nursing home bed facilities within 500 miles of the Veterans' Administration Center at Fort Harrison, Montana; and

WHEREAS, in July 1980, 361 additional veterans in 65 towns and cities in the Veterans' Administration Medical and Regional Office Center's Catchment Area were identified by name, address, and diagnosis for which the veteran required nursing home care; and

WHEREAS, this deplorable lack of nursing home beds has been ignored by officials of the Veterans' Administration for the past 29 years, and the situation is acute, disgraceful, and costly; and

WHEREAS, responsible officials of the Veterans' Administration central office have ignored the need for additional nursing home beds and delayed the commencement of construction at the Veterans' Administration Center, Fort Harrison, Montana, of nursing home facilities, which construction was first scheduled to begin in 1979 and has since been postponed approximately six times, with the latest target date being 1992 or some other time in the future.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Montana's Congressional Delegation be urged to press for immediate construction of adequate nursing home facilities adjacent to the Veterans' Administration Center at Fort Harrison so that Montana's battle-scarred and disabled veterans will not be forced to sell their homes and exhaust their savings to pay out-of-pocket costs for care that they are entitled to receive from the government they served.

BE IT FURTHER RESOLVED, that the Secretary of State of the State of Montana send copies of this resolution to the President of the United States, the Secretary of the Department of Veterans' Affairs, each member of Montana's Congressional Delegation, the chairmen of the Committees on Veterans' Affairs of the United States Senate and House of Representatives, and the Governor of the State of Montana.

Passed March 22, 1989.

# HOUSE JOINT RESOLUTION NO. 25

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING RECOGNITION OF THE THREAT TO MONTANA'S COAL INDUSTRY POSED BY FEDERAL ACID RAIN LEGISLATION AND REQUESTING SUPPORT FOR THE MAGNETOHYDRODYNAMICS PROGRAM AND THE DEVELOPMENT OF CLEAN COAL TECHNOLOGIES AND URGING THE COAL TAX OVERSIGHT SUBCOMMITTEE, THE GOVERNOR, AND THE MONTANA CONGRESSIONAL DELEGATION TO GIVE PRIORITY TO CONSIDERATION OF THOSE SUBJECTS.

WHEREAS, many proposals pending before Congress to minimize the environmental damage caused by acid rain would require coal-fired electric generating plants to substantially reduce sulfur dioxide, nitrogen oxides, and particulate emissions to below the 1980 levels by the year 2000; and

WHEREAS, mandated reductions may be achieved by installation of conventional technology (scrubbers) or through the utilization of clean coal technologies; and

WHEREAS, it is proposed that certain utility plants will qualify for subsidization of the capital cost of such technology to be paid from a trust fund accumulated from a national fee on the generation of electricity; and

WHEREAS, proposed acid rain legislation would impose cost burdens on the Montana coal industry and Montana utility ratepayers to rectify conditions that exist because of the combustion of high-sulfur fuels mined in eastern and midwestern states in generating facilities that benefit the residents of those regions; and

WHEREAS, passage of acid rain legislation in many of the forms under consideration would restrain and restrict the growth of the Montana coal industry and reduce employment in Montana by creating circumstances prejudicial to Montana producers; and

WHEREAS, research in magnetohydrodynamics (MHD), coal drying and beneficiation, and other new clean coal technologies, which is proceeding in Montana, promises to perfect techniques and systems to:

(1) increase by 50% or more the efficiency of coal-fired electric generation with minimal environmental impacts and less water use;

(2) markedly increase the energy content of Montana coal;

(3) substantially improve the acceptability of Montana coal on a national sales and purchase basis; and

(4) contribute to resolution of national and international acid rain problems without the potential crippling impact of some proposed legislation; and

WHEREAS, the J. E. Corette Plant in Billings is a prime candidate for designation of MHD retrofit as a near-commercial demonstration in the

HeinOnline -- 1989 vol. II 2186 1989

federally sponsored Clean Coal Technology Program and selection of the J. E. Corette Plant would solidify Montana's leadership in MHD research; and

WHEREAS, Montana's excess capacity in existing coal mines and its vast reserves of recoverable coal are among the state's most valuable assets for future economic growth.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature, the Governor of the State of Montana, and the Montana Congressional Delegation:

(1) recognize and counter any challenge posed to Montana by federal acid rain legislation;

(2) emphasize in Montana's economic objectives the perfection of clean coal technology to increase the acceptability of Montana coal in nationwide markets;

(3) advocate and promote the magnetohydrodynamics technology and the J. E. Corette Plant in Billings for MHD retrofit as the near-commercial demonstration plant in the national Clean Coal Technology Program; and

(4) encourage and promote the sale of Montana coal as a significant state economic objective.

BE IT FURTHER RESOLVED, that the Coal Tax Oversight Subcommittee accord the highest priority to the above subjects for consideration during the 1989-90 interim.

BE IT FURTHER RESOLVED, that the Secretary of State be instructed to send a copy of this joint resolution to the Governor of the State of Montana and to each member of the Montana Congressional Delegation.

Passed March 11, 1989.

## HOUSE JOINT RESOLUTION NO. 28

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THAT ALL APPOINTIVE BOARDS, COMMISSIONS, COMMITTEES, AND COUNCILS OF THE STATE BE GENDER-BALANCED.

WHEREAS, Article II, section 4, of the 1972 Montana Constitution provides equal protection under the laws, regardless of gender, of Montana citizens; and

WHEREAS, the many appointive boards, commissions, committees, and councils of the state are granted vital roles in the public policymaking of the state; and

HeinOnline -- 1989 vol. II 2187 1989

WHEREAS, both men and women are part of the work force in business and industry, professions, agricultural enterprises, and government; and

WHEREAS, women comprise less than one-fourth of the membership of the more than 150 statutory, appointive boards, commissions, committees, and councils in the state; and

WHEREAS, less than one-fourth of the appointive boards, commissions, committees, and councils in the state are gender-balanced; and

WHEREAS, it is important that all appointive boards, commissions, committees, and councils of the state be gender-balanced to the greatest extent possible in order to reflect the contributions of all Montanans in public policymaking.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That all appointive boards, commissions, committees, and councils of the state be gender-balanced to the greatest extent possible.

Passed March 21, 1989.

## HOUSE JOINT RESOLUTION NO. 29

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA EXPRESSING THE OPPOSITION OF THE LEGISLATURE TO THE USE OF MONTANA WATERS FOR THE TRANSPORTATION OF COAL UNTIL MONTANA'S WATER RIGHTS ADJUDICATION PROCESS IS COMPLETE.

WHEREAS, Montana's water is a precious resource that is necessary and claimed for agricultural, domestic, recreational, and industrial beneficial uses; and

WHEREAS, Montana's Yellowstone, Missouri, and Powder River Basins have suffered from a drastic drought that has depleted the supply of water in mountain watersheds and Pick-Sloan and other storage projects all along the mainstem of the Missouri; and

WHEREAS, the water rights of Montanans in these basins have not been fully adjudicated and may be preempted by federal legislation now pending before Congress that would authorize the use of Montana water to transport coal by slurry pipeline; and

WHEREAS, this proposed federal legislation would permit coal slurry pipeline consortiums the right of eminent domain for the transportation of Montana coal, using Montana water, to distant utilities; and

WHEREAS, unit coal trains would be eliminated, causing the loss of Montana railroad jobs.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1989 vol. II 2188 1989

(1) That, until Montana's water rights adjudication process is completed, the Montana Legislature opposes the pending legislation before the United States Congress that would authorize the use of eminent domain powers for coal slurry pipeline companies.

(2) That copies of this resolution be sent to the United States Department of Transportation, the United States Department of the Interior, each member of Montana's Congressional Delegation, and the appropriate committees of the United States Congress that will consider this legislation.

Passed March 23, 1989.

# HOUSE JOINT RESOLUTION NO. 30

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ACKNOWLEDGIN' AND SUPPORTIN' THE GREAT MONTANA CENTENNIAL CATTLE DRIVE.

WHEREAS, as the rosy-fingered dawn lights the high, wide, and handsome prairie on the mornin' of September 4, The Big Drive of '89 begins—the Great Montana Centennial Cattle Drive from Roundup to Billings; and

WHEREAS, 10,000-odd head of critters are gonna be trailed by 5,000-odd cowhands and 250 covered wagons from Roundup to Billings, endin' up there on September 9; and

WHEREAS, word's out and savvy riders from 'round the United States and the world are signin' up to be punchers on the dusty trail in Montana this September; and

WHEREAS, the wagons are gonna be circled each night under the stars of the Big Sky for feedin', yarnin', an' funnin'; and

WHEREAS, pardn'r, there won't be no motor vehicles, boom-boxes, or TV, and it ain't gonna be some highfalutin Hollywood-type razzle-dazzle flimflam tomfoolery, but a by gawd real 1989 cowboy and cowgal drive commemoratin' those great drives of the past; and

WHEREAS, there's a special cattle brand, M-89, that's gonna be retired after the drive; and

WHEREAS, the bucks from the drive and sanctioned events go to the Montana Community Foundation to stake scholarships for rural Montana students; and

WHEREAS, a whole bunch of spectators and the national media are gonna focus their attention on the drive, and it's gonna give to the rest of the world a rare image of the last best place.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1989 vol. II 2189 1989

That the Legislature stand behind the Great Montana Centennial Cattle Drive as a grand celebration of a century of statehood, as a project befittin' Montana's rural traditions, and as a right fine enhancement of the image of Montana.

BE IT FURTHER RESOLVED, that the 51st Montana Legislature wishes HAPPY TRAILS TO YOU.

Passed March 31, 1989.

## HOUSE JOINT RESOLUTION NO. 31

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA HONORING THE 75TH ANNIVERSARY OF THE SMITH-LEVER ACT OF MAY 8, 1914, AND ITS ROLE IN ESTABLISHING OUR NATION'S SYSTEM OF STATE COOPERATIVE EXTENSION SERVICES, INCLUDING THE MONTANA EXTENSION SERVICE.

WHEREAS, the Smith-Lever Act of May 8, 1914, as amended, has fostered, through the United States Department of Agriculture, the development of a system of state cooperative extension services, in conjunction with our nation's land-grant colleges and universities, that disseminates and encourages the application of research-generated knowledge and leadership techniques to individuals, families, and communities; and

WHEREAS, the Smith-Lever Act of 1914 has contributed greatly in assisting American farm families with the efficient production of a reliable supply of food and fiber for consumers in this country and throughout the world; and

WHEREAS, the cooperative extension system has done much to help rural and urban adults and youth help themselves as they have steadily improved their quality of life and leadership ability; and

WHEREAS, section 20-25-226, Montana Code Annotated, establishes the Cooperative Extension Service in Montana with the statement: "The state accepts and assents to the terms and provisions of the act of congress approved May 8, 1914, entitled "An Act to Provide for Cooperative Agricultural Extension Work Between the Agricultural Colleges in the Several States Receiving the Benefits of an Act of Congress Approved July Second, Eighteen Hundred and Sixty-two, and of Acts Supplementary Thereto, and the United States Department of Agriculture""; and

WHEREAS, the relationship existing between the federal, state, and county extension services has provided for citizen input in research and educational programs of the United States Department of Agriculture and the land-grant universities for three-quarters of a century.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1989 vol. II 2190 1989

(1) That the 51st Montana Legislature recognizes and supports the Cooperative Extension System as an important investment in Montana's future.

(2) That the 75th anniversary of the enactment of the Smith-Lever Act of 1914 be commemorated on May 8, 1989.

(3) That copies of this resolution be sent to the Cooperative Extension Service at Montana State University and to the Secretary of the United States Department of Agriculture.

Passed April 12, 1989.

## HOUSE JOINT RESOLUTION NO. 32

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE NATIONAL PARK SERVICE, U.S. FOREST SERVICE, AND MONTANA DEPARTMENT OF FISH, WILDLIFE, AND PARKS TO TAKE IMMEDIATE ACTION TO SEEK AND IMPLEMENT SOLUTIONS FOR THE LONG-TERM MANAGEMENT OF ELK AND BISON IN THE YELLOWSTONE ECOSYSTEM.

WHEREAS, the National Park Service is responsible for management of elk and bison within Yellowstone National Park; and

WHEREAS, the Department of Fish, Wildlife, and Parks is directed by Montana law to provide for the protection, preservation, and management of wildlife within the state; and

WHEREAS, the migratory population of Yellowstone Park's northern herds of elk has important winter ranges within the State of Montana; and

WHEREAS, the National Park Service's natural regulation program, combined with the impacts of fire and drought, has resulted in high numbers of elk and bison leaving the Park in search of food; and

WHEREAS, significant elk mortality from malnutrition is occurring outside the northern boundary of Yellowstone National Park; and

WHEREAS, movement of bison and elk threatens Montana's livestock through transmission of brucellosis; and

WHEREAS, residents and others are attempting to feed the elk, risking introduction of undesirable weed seed, concentrating the elk, and increasing risk of infection and spread of parasites; and

WHEREAS, Montana citizens and hunters are concerned that a critical portion of certain elk herds are endangered; and

WHEREAS, mass starvation of big game animals is not a management tool that is acceptable to the people of the State of Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1989 vol. II 2191 1989

That the Legislature strongly encourage the National Park Service, U.S. Forest Service, and Montana Department of Fish, Wildlife, and Parks to take immediate action to seek and implement solutions for the long-term management of elk and bison in the Yellowstone ecosystem.

BE IT FURTHER RESOLVED, that the long-term solution be directed toward:

(1) providing historic winter range capable of sustaining a managed migratory population of elk; and

(2) addressing the regulation of elk and bison populations within Yellowstone National Park.

BE IT FURTHER RESOLVED, that the National Park Service and the Montana Department of Fish, Wildlife, and Parks be urgently requested to meet and jointly formulate a plan of immediate action to closely monitor the existing situation, the dangers posed by the situation, and the physical condition of the elk herds in relation to forecast weather and food supply.

BE IT FURTHER RESOLVED, that consideration be given to feeding the elk if a significant portion of the herd is determined to be in danger.

BE IT FURTHER RESOLVED, that the Chief Clerk of the House of Representatives send copies of this resolution to the Director of the National Park Service; the Chief of the U.S. Forest Service; members of the Montana Fish and Game Commission; the Director of the Montana Department of Fish, Wildlife, and Parks; the Governor; and each member of Montana's Congressional Delegation.

Passed April 13, 1989.

# HOUSE JOINT RESOLUTION NO. 33

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING ALL MONTANA PHYSICIANS TO PARTICIPATE IN THE MONT-SHARE PROGRAM AND TO PROVIDE CARE TO MONTANA'S ELDERLY.

WHEREAS, the Legislature is concerned that all citizens of the State of Montana 65 years of age and older do not have access to physicians' services but should have such access regardless of their ability to pay; and

WHEREAS, the Montana Medical Association has initiated a program known as MONT-SHARE under which physicians participating in the program agree to accept assignment as full payment for services performed for Medicare beneficiaries who do not have the ability to pay for the services; and

WHEREAS, in order for the MONT-SHARE program to be successful, all Montana physicians must agree to participate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1989 vol. II 2192 1989

(1) That Montana physicians be urged to participate in the MONTSHARE program so that all Medicare beneficiaries have access to physician services.

(2) That a copy of this resolution be sent to the Montana Medical Association and that the Montana Medical Association be requested to print this resolution and distribute it to its membership.

Passed April 12, 1989.

## HOUSE JOINT RESOLUTION NO. 34

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE MONTANA CONGRESSIONAL DELEGATION TO SEEK ADEQUATE FUNDING AND TO CORRECT INEQUITIES CONTAINED IN THE MEDICARE PART B PROGRAM.

WHEREAS, Congress has slashed at least $25 billion from the Medicare program since 1981; and

WHEREAS, the number of Medicare recipients has been increasing; and

WHEREAS, physician fees under Medicare Part B have been frozen since 1984, even though the costs to physicians who provide care have increased during the same period; and

WHEREAS, Medicare recipients are required to pay a greater portion of physician fees because of reduced appropriations to the Medicare program and the increasing number of Medicare recipients and not because physician fees have increased; and

WHEREAS, Montana citizens contribute equal amounts to the Medicare program with citizens of other states, yet Part B payments made to eligible Montana citizens are considerably less than those paid in other states; and

WHEREAS, some Montana physicians accept assignment in all cases, others accept assignment on a case by case basis, and still others do not accept assignment in any case; and

WHEREAS, all Montana physicians, when deciding whether or not to accept assignment, are encouraged to consider the individual circumstances of Medicare beneficiaries.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Congressional Delegation be requested to seek Medicare funding at a level sufficient to cover the increasing number of Medicare recipients and the increasing costs to physicians who provide care to Medicare recipients.

BE IT FURTHER RESOLVED, that the Montana Congressional Delegation be advised that Montana citizens pay the same amounts to Medicare

HeinOnline -- 1989 vol. II 2193 1989

as citizens from other states, yet receive lesser amounts when benefits are paid for services.

BE IT FURTHER RESOLVED, that the Montana Congressional Delegation be requested to take whatever action is necessary to correct this inequity.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to each member of the Montana Congressional Delegation, senior citizen organizations registered as lobbying organizations before the Montana Legislature, senior citizen organizations known to the Secretary of State, the Montana Medical Association, the Montana Hospital Association, and the Montana Nurses Association.

Passed April 12, 1989.

## HOUSE JOINT RESOLUTION NO. 35

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ENCOURAGING THE PRESIDENT OF THE UNITED STATES TO MAINTAIN ACTIVE AND CORDIAL RELATIONS WITH THE REPUBLIC OF CHINA.

WHEREAS, the Republic of China is a long-time friend, ally, and trade partner of the United States; and

WHEREAS, the people of the Republic of China enjoy a democratic way of life, a high standard of living, and fundamental human rights; and

WHEREAS, Montana adopted the ROC Province of Taiwan as a sister state in 1985; and

WHEREAS, Montana has established a trade office in Taipei; and

WHEREAS, continued friendship and trade with the Republic of China are vitally important to the State of Montana and the United States.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the President of the United States be encouraged to maintain active and cordial relations with the Republic of China.

(2) That a copy of this resolution be sent by the Secretary of State to the President of the United States, the Speaker of the House of Representatives of the United States, the Majority Leader of the United States Senate, and to each member of the Montana Congressional Delegation.

Passed April 12, 1989.

HeinOnline -- 1989 vol. II 2194 1989

# HOUSE JOINT RESOLUTION NO. 37

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO NAME THE NEW FORENSICS BUILDING ON THE WARM SPRINGS CAMPUS OF THE MONTANA STATE HOSPITAL THE "XANTHOPOULOS TREATMENT FACILITY".

WHEREAS, Dr. Harry Xanthopoulos has been employed as a staff psychiatrist at the Montana State Hospital since 1960 and for the past 11 years as staff psychiatrist of the forensic unit; and

WHEREAS, Dr. Xanthopoulos' personal and professional commitment to the Montana State Hospital has been recognized throughout the state.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Institutions name the new Forensics Building on the Warm Springs Campus of the Montana State Hospital the "Xanthopoulos Treatment Facility".

BE IT FURTHER RESOLVED, that the Senate and the House of Representatives of the State of Montana express their appreciation to Dr. Harry Xanthopoulos for his dedicated service to the Montana State Hospital, patients at the hospital, and to the people of the State of Montana.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this Resolution to Dr. Xanthopoulos.

Passed April 20, 1989.

# HOUSE JOINT RESOLUTION NO. 38

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY ON THE ESTABLISHMENT OF LOCAL COURT DISTRICTS; AND REQUIRING A REPORT TO THE 52ND LEGISLATURE.

WHEREAS, under current law, each city and town in Montana is required to establish a city or municipal court; and

WHEREAS, the judicial workload in some city courts is minimal; and

WHEREAS, despite the minimal workload, a local governing body is required to pay the salary and annual training costs for a city judge or to contract with a justice of the peace to provide judicial services; and

WHEREAS, a restructuring of the city court system in Montana could result in cost savings to cities and towns and could enhance the delivery of judicial services to Montana citizens; and

HeinOnline -- 1989 vol. II 2195 1989

WHEREAS, one alternative to the current city court structure is the establishment of local court districts, which would permit two or more cities or towns within the same county to be presided over by the same judge or judges.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to:

(1) examine the current structure and operation of the city and municipal courts in Montana;

(2) identify problems associated with the current judicial delivery system at the city and municipal court level; and

(3) study the feasibility of authorizing cities and towns to establish local court districts, including the method for establishing and terminating the districts; the selection, compensation, qualifications, and jurisdiction of judges within the districts; and the method of funding the districts.

BE IT FURTHER RESOLVED, that the committee report its findings and options for legislative consideration to the 52nd Legislature.

Passed April 19, 1989.

## HOUSE JOINT RESOLUTION NO. 39

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THAT THE CHARLES M. RUSSELL PAINTING ENTITLED "THE EXALTED RULER" REMAIN IN MONTANA.

WHEREAS, the State of Montana will celebrate the 100th anniversary of its statehood on November 8, 1989; and

WHEREAS, the people of the state will commemorate the centennial by community, statewide, and regional activities; and

WHEREAS, the State of Montana has a colorful and unique heritage of which all Montanans can be proud; and

WHEREAS, the works of Montana artist, Charles M. Russell, are an important part of that heritage and can influence how the people of the state and the nation view Montana; and

WHEREAS, the Elks Lodge of Great Falls owns the Charles M. Russell painting, The Exalted Ruler, and has offered it for sale to the highest bidder; and

WHEREAS, it is possible that the painting will be removed from the state by a purchaser; and

HeinOnline -- 1989 vol. II 2196 1989

WHEREAS, having such paintings as The Exalted Ruler available in Montana for public enjoyment will foster civic pride and tourism; and

WHEREAS, the painting's retention in Montana is intended to symbolize to the state and the nation that Montana is beginning a new era with the celebration of its Centennial in 1989.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature recognize the importance to the state of the works of Charles M. Russell in general and The Exalted Ruler in particular and urge the state and the people of the state to make every effort possible through all available means to keep The Exalted Ruler in the state in such a manner that the painting is available for public display so that it may be enjoyed by the people of Montana and all Montana visitors.

Passed April 20, 1989.

## HOUSE JOINT RESOLUTION NO. 41

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE STATE'S DRIVING UNDER THE INFLUENCE OF INTOXICANTS LAWS AND EDUCATIONAL AND TREATMENT PROGRAMS RELATING TO DRIVING UNDER THE INFLUENCE; AND REQUIRING A REPORT TO THE 52ND LEGISLATURE.

WHEREAS, stronger laws against driving under the influence of intoxicants (DUI) enacted in 1981 and 1983 have been highly successful in reducing Montana's DUI toll from 4,711 accidents and 211 deaths in 1981 to 2,531 accidents and 128 deaths in 1987; and

WHEREAS, stronger laws, publicity, and education that sharply reduced the DUI toll among lighter, social drinkers have not had and are unlikely in the future to have similar success in reducing DUI accidents among the heavier-drinking, more alcoholic population that now comprises the bulk of Montana's DUI accident problem; and

WHEREAS, drivers under 21 years of age, who reduced their DUI accident toll the most dramatically of any age group following the enactment of stronger DUI laws in the early 1980s, have shown an unexpectedly sharp increase since 1985 in accidents involving heavier drinking, which indicates that the greater use over the past 4 years of age-based programs and measures at the state and local levels has not proven effective in reducing the DUI rate for young drivers; and

WHEREAS, not all judges impose the sentences mandated by the DUI and per se laws; and

WHEREAS, innovative measures requiring careful study and design are needed to further reduce Montana's DUI toll among all age groups, especially among heavier-drinking drivers who require approaches that are more effective, long-term, and treatment-oriented than are now available.

HeinOnline -- 1989 vol. II 2197 1989

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study:

(1) past and present trends in Montana's DUI accidents, convictions, and fines;

(2) the effect that being forced by the federal government to raise the drinking age to 21 in 1987 has had on the DUI and per se rates and alcohol-related accident levels among drivers under 21 years of age;

(3) judicial compliance with the sentencing mandates in the DUI and per se laws, the extent to which the mandates are and are not complied with by judges, including available statistics on the matter, and the reasons for noncompliance;

(4) the effectiveness of current measures, information courses, and treatment programs in deterring further DUI;

(5) the effectiveness and fairness of current measures, programs, information courses, and educational approaches aimed at reducing DUI by young drivers;

(6) the feasibility of improving and expanding Montana's treatment programs that are designed to treat alcoholics, alcohol abusers, and chronic DUI offenders; and

(7) statutory changes and policies required to further those programs and measures that have proven, or promise to prove, effective in deterring and reducing DUI in the future.

BE IT FURTHER RESOLVED, that the interim committee report the findings of the study to the 52nd Legislature and present options for legislative consideration, if the interim committee determines they are necessary.

Passed April 19, 1989.

## HOUSE JOINT RESOLUTION NO. 43

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE CONCENTRATION OF THE LIVESTOCK FEEDING AND PACKING INDUSTRIES; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 52ND LEGISLATURE.

WHEREAS, the market share of the top four beef packing companies has increased dramatically from just one-third of the market in 1978 to over two-thirds of the market in 1988; and

WHEREAS, this trend towards concentration and vertical integration of the livestock industry threatens free enterprise and the independence of

HeinOnline -- 1989 vol. II 2198 1989

Montana's and the nation's livestock producers, as well as the economic vitality of the communities and states dependent on the livestock industry; and

WHEREAS, continued concentration and vertical integration of the livestock industry may also have serious adverse implications for the health and safety of both workers and consumers.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned:

(1) to examine the implications for Montana agriculture of concentration of the livestock feeding and packing industries;

(2) to study initiatives undertaken by other states regarding this issue of concentration in the livestock industry; and

(3) to evaluate appropriate state actions to counteract any adverse problems posed by increased concentration or to prevent further concentration in the livestock industry, as identified in the study.

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 52nd Legislature and present options for legislative consideration if the interim committee determines that options are necessary.

BE IT FURTHER RESOLVED, that the Montana Legislature formally request Montana's Congressional Delegation to initiate Congressional field hearings to investigate the implications of concentration in the livestock industry in order to facilitate and formulate appropriate federal responses to this important issue.

Passed April 19, 1989.

## HOUSE JOINT RESOLUTION NO. 47

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM COMMITTEE TO STUDY THE CURRENT STATUS OF VOLUNTEER FIRE SERVICES IN MONTANA; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 52ND LEGISLATURE.

WHEREAS, volunteerism is an important part of fire protection services in Montana and helps ease the financial burden on local governments that provide these services; and

WHEREAS, the increasing duties, responsibilities, and liabilities of fire chiefs and firefighters require increased training that currently approaches reasonable limits of the volunteers' time and personal expense; and

WHEREAS, the limit on reasonable requests for donated resources has been reached; and

HeinOnline -- 1989 vol. II 2199 1989

WHEREAS, the consequences of these increasing requirements will be the loss of many dedicated and knowledgeable volunteers; and

WHEREAS, the Montana State Volunteer Firefighters Association has determined that some changes must be made in the present system.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study, with representatives of the volunteer fire services in the state, the fire codes and statutes relating to fire protection services to determine if changes can be made to alleviate some of the demands placed on volunteer fire services.

BE IT FURTHER RESOLVED, that the interim committee report its findings to the 52nd Legislature and present options for legislative consideration if the committee determines that options are necessary.

Passed April 19, 1989.

## HOUSE JOINT RESOLUTION NO. 48

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM COMMITTEE TO STUDY THE IMPLICATIONS OF THE COMMISSION FOR HUMAN RIGHTS' RULING IN WHEELER V. MONTANA DEPARTMENT OF FAMILY SERVICES REGARDING PUBLIC AND PRIVATE ADOPTION SERVICES IN THE STATE; AND REQUIRING THAT THE COMMITTEE REPORT ITS FINDINGS TO THE 52ND LEGISLATURE.

WHEREAS, in 1988, the Commission for Human Rights ruled in Wheeler v. Montana Department of Family Services that the Department had violated Title 49, chapters 2 and 3, MCA, commonly known as the Human Rights Act and the Governmental Code of Fair Practices, with regard to the denial of adoption services on the basis of age, marital status, and religion; and

WHEREAS, as a result of this ruling, the Department of Family Services no longer provides adoption services for infants under 1 year of age; and

WHEREAS, private adoption agencies in the state filed amicus briefs in the case on behalf of the Department; and

WHEREAS, these private agencies are concerned that the Wheeler ruling will be applied to their adoption services; and

WHEREAS, it is in the best interests of prospective adoptive parents and adoptive children that all questions of law be settled so that adoption services by the state and private agencies may be readily available.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1989 vol. II 2200 1989

That an appropriate interim committee be assigned to:

(1) examine current adoption policies and practices of the Department of Family Services;

(2) evaluate existing laws in other states and court cases in other jurisdictions pertaining to the adoption of children, especially infants;

(3) determine whether the Department is entitled to exemptions from the Human Rights Act and the Governmental Code of Fair Practices with regard to use in adoptions of such considerations as age, marital status, or religion;

(4) evaluate the rights of birth parents with respect to the choice of adoptive parents; and

(5) evaluate the effects of the Wheeler ruling on private adoption agencies.

BE IT FURTHER RESOLVED, that the interim committee report its findings to the 52nd Legislature and present options for legislative consideration if the committee determines that options are necessary.

Passed April 19, 1989.

# SENATE RESOLUTION NO. 1

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA TO ADOPT RULES TO GOVERN ITS PROCEEDINGS.

BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That the following rules be adopted:

Chapter 1
Administration

**S10-10. Officers of the Senate.** The officers of the Senate are the officers listed and elected in accordance with Title 5, chapter 2, part 2, MCA.

**S10-20. Term of office.** The term of office for the officers and employees of the Senate established by law shall be until the succeeding Legislature is organized. Nothing in this rule shall be construed to mean the staff will be full-time employees during an interim.

**S10-30. President pro tempore and other officers.** (1) The Senate shall, at the beginning of each regular session, and at such other times as may be necessary, elect a Senator President pro tempore.

(2) The Senate shall choose its other officers and shall be the judge of the elections, returns, and qualifications of the Senators.

**S10-40. Voting by presiding officer.** Any Senator, when acting as presiding officer of the Senate, shall vote as any other Senator.

HeinOnline -- 1989 vol. II 2201 1989

**S10-50. Presiding officer and duties.** (1) The presiding officer of the Senate shall be the President of the Senate who shall be chosen in accordance with law.

(2) The President shall take the chair on every legislative day at the hour to which the Senate adjourned at the last sitting.

(3) The President may name a Senator to perform the duties of the chair when the President pro tempore is not present in the Senate chamber. The Senator who is named is vested during such time with all the powers of the President.

(4) The President shall have general control over the assignment of rooms for the Senate and shall preserve order and decorum. The President may order the galleries and lobbies cleared in case of disturbance or disorderly conduct.

(5) The President shall issue cards to the media to allow floor access, and reporters holding such passes shall be subject to placement on the floor by the President. The President may administer this rule through the office of the Secretary of the Senate.

(6) The President shall sign all necessary certifications of the Senate, including enrolled bills and resolutions, journals, subpoenas and payrolls. His signature must be attested by the Secretary of the Senate.

(7) The President shall approve the calendar for each legislative day.

(8) The President is the chief administrative officer of the Senate, with authority for the general supervision of all Senate employees. The President may seek the advice and counsel of the Legislative Administration Committee.

(9) The President of the Senate is the authorized approving authority of the Senate during the term of election to that office.

(10) The President shall refer bills to committee upon introduction or reception in the office of the Secretary of the Senate.

**S10-60. Succession.** In case of the absence or disqualification of the President, the President pro tempore of the Senate shall perform the duties of the President until the vacancy is filled or the disability removed.

(2) Whenever the President pro tempore of the Senate is of the opposite political party from that of the President, the following procedure applies:

(a) If the President dies while in office, the members of his political party shall have the right to immediately nominate and elect an acting President of the same party.

(b) If the President is absent for two or more legislative days or at any time after the 85th legislative day or at any time during special session of the Legislature but able and desirous of appointing an acting President to act in his absence, he may do so, or the members of his political party shall have the right to immediately nominate and elect an acting President of the same party.

HeinOnline -- 1989 vol. II 2202 1989

(c) An acting President of the Senate shall have the powers of the President and supersede the powers of the President pro tempore.

**S10-70. President-elect.** The President-elect nominated by the appropriate party caucus held in accordance with section 5-2-201, MCA, shall have the responsibility and authority to assume the duties of President of the Senate.

**S10-80. Legislative Administration Committee duties.** (1) The Legislative Administration Committee shall consider matters relating to legislative administration, staffing patterns, budgets, equipment, operations, and expenditures.

(2) The committee shall have authority to act in the interim to prepare for future legislative sessions.

(3) The committee shall approve contracts for purchase or lease of equipment and supplies for the Senate, subject to the approval of the President.

(4) The committee shall consider disputes or complaints involving the competency or decorum of legislative employees referred to it by the President and recommend dismissal, suspension and/or retention of such employees.

(5) The chairman of the Legislative Administration Committee may, upon approval of the President, have purchase orders and requisitions prepared and forwarded to the accounting office in the Legislative Council.

**S10-90. Senate employees.** (1) In addition to the employees appointed by the President in accordance with section 5-2-221, MCA, the Senate shall employ staff recommended by the leadership and the Legislative Administration Committee as necessary to perform the functions of the Senate.

(2) Standing committee chairmen shall designate a secretary to take and transcribe minutes of committee meetings. A committee secretary is immediately responsible to the chairman, but shall work under the overall direction of the Secretary of the Senate, subject to authority of the committee chairman.

(3) (a) The President and floor leaders may each appoint a private secretary.

(b) The whips may each appoint a private secretary whose duties will include assisting other staff on an assigned basis when authorized by their respective whip.

**S10-100. Secretary of the Senate and duties.** The Secretary of the Senate works under the direction of the President. The responsibilities of the Secretary of the Senate include:

(1) performing the duties prescribed by law or other provisions of these rules;

(2) serving as parliamentary advisor to the Senate;

(3) compiling and maintaining the calendar for approval by the President;

(4) keeping the leadership informed on the progress and workload of the Senate;

(5) transmitting bills with appropriate messages to the House of Representatives as instructed by action of the Senate;

(6) keeping and maintaining records of the Senate; and

(7) supervision of the Senate employees, except as otherwise provided.

**S10-110. Sergeant-at-Arms duties.** Under the direction of the President, the Sergeant-at-Arms shall:

(1) maintain order as directed by the President or chairman of the Committee of the Whole;

(2) enforce the lobbying rules of the Senate;

(3) supervise the employees assigned to his office;

(4) receive, distribute, and maintain supplies, equipment, and other inventory of the Senate, along with records of purchase and disposal in accordance with law;

(5) perform such duties as required by other rules and the Senate.

**S10-120. Legislative aides.** Each Senator may designate one person of legal age to serve as an aide during the session. Exceptions to this policy may be approved by the rules committee. The Senator shall register his aide with the Secretary of the Senate and arrange for the purchase of a nametag with the Sergeant-at-Arms.

**S10-130. Senate journal.** (1) The Senate shall keep and authenticate a journal of its proceedings as required by law and the rules.

(2) The Secretary of the Senate will supervise the preparation of the journal under the direction of the President.

(3) In addition to the proceedings required by law to be recorded, the journal must include:

(a) committee reports;

(b) every motion, the name of the Senator presenting it, and its disposition;

(c) the introduction of legislation in the Senate;

(d) consideration of legislation subsequent to introduction;

(e) roll call votes;

(f) messages from the Governor and the House of Representatives;

(g) every amendment, the name of the Senator presenting it, and its disposition;

HeinOnline -- 1989 vol. II 2204 1989

(h) the names of Senators and their votes on any question upon a request by two Senators before a vote is taken; and

(i) any other records the Senate directs by rule or action.

(4) The Secretary of the Senate shall provide such information as may be necessary for the preparation of the daily journal for printing by the Legislative Council. Upon approval by the President, the daily journal shall be reproduced and distributed.

(5) Any Senator may examine the daily journal and propose corrections. Without objection by the Senate, the President may direct the correction to be made.

(6) The President shall authenticate the original daily journal, from time to time, and the Secretary of the Senate shall, as appropriate, deliver it to the Legislative Council to be prepared for publication and distribution in accordance with law.

Chapter 2
Decorum

**S20-10. Questions of order.** The President of the Senate shall decide all questions of order, subject to an appeal by any Senator seconded by two other Senators. No Senator may speak more than once on an appeal without the consent of a majority of the Senate.

**S20-20. Questions of privilege.** Questions of privilege in order of precedence are those:

(1) affecting the collective rights, safety, dignity, or integrity of the proceedings of the Senate; and

(2) affecting the rights, reputation, or conduct of individual Senators in their capacity as Senators.

**S20-30. Recognition by chair.** A Senator desiring to speak shall rise and address the presiding officer, and once being recognized, shall speak standing in his or her place. When two or more Senators rise at the same time, the presiding officer shall name the order of the speakers. The presiding officer may grant permission for a speaker to leave his or her place to speak.

**S20-40. Senators called to order.** When a Senator has been called to order, he shall sit down until the presiding officer determines whether he is in order or not. If the Senator is called to order for words spoken in debate, the language excepted to shall be taken down in writing by the Secretary of the Senate.

**S20-50. Communications to Senate.** A communication to the Senate shall be addressed to the President and shall bear the name of the person submitting it. The President shall decide if the communication bears including in the calendar.

**S20-60. Floor privileges.** (1) When the Senate is in session no person is permitted in the chambers except:

HeinOnline -- 1989 vol. II 2205 1989

(a) legislators;

(b) legislative officers and employees whose presence is necessary for the conduct of business of the session;

(c) accredited members of the news media; and

(d) former legislators (not currently registered as lobbyists).

(2) The President may make exceptions for visiting dignitaries.

(3) Beginning 1 hour before and ending one-half hour after adjournment, no person is permitted in the chambers except those authorized as exceptions under subsection (1).

**S20-70. Distribution of materials on floor.** No materials may be distributed on the Senators' desks in the chamber unless such material bears the signature of the bearer and a Senator and has been approved by the President.

Chapter 3
Committees

**S30-10. Committee appointments.** (1) The Senate shall elect a Committee on Committees consisting of five members. If the Senate is evenly divided between parties, the committee shall consist of six Senators, three from each party.

(2) The Committee on Committees shall, with the approval of the Senate, appoint the members of Senate standing committees, select committees, and joint committees.

(3) The President of the Senate shall appoint all conference committees and special committees, with the advice of the floor leaders.

(4) The Senate may change the membership of any committee on 1 day's notice.

**S30-20. Standing committees.** The standing committees of the Senate are as follows:

(1) Agriculture, Livestock, and Irrigation

(2) Bills and Journal

(3) Business and Industry

(4) Education and Cultural Resources

(5) Finance and Claims

(6) Fish and Game

(7) Highways and Transportation

(8) Judiciary

(9) Labor and Employment Relations

(10) Legislative Administration

HeinOnline -- 1989 vol. II 2206 1989

(11) Local Government

(12) Natural Resources

(13) Public Health, Welfare, and Safety

(14) Rules

(15) State Administration

(16) Taxation

**S30-30. Members of Select Committee on Long-Range Planning.** Members of the Select Committee on Long-Range Planning may participate and vote as members of the Committee on Finance and Claims on issues considered by them as members of the select committee.

**S30-40. Ex officio members.** Each floor leader is an ex officio member of all committees in order to establish a quorum.

**S30-50. Chairman's duties.** (1) The chairman of a committee is the presiding officer of that committee and is responsible for maintaining order within the committee room and its environs, scheduling hearings and executive action, supervising committee work, and authenticating committee reports and minutes by his signature.

(2) At the close of the session, the chairman shall turn the original and two complete copies of the minutes over to the Secretary of the Senate for distribution as follows:

(a) original to the Montana Historical Society;

(b) copy to the State Law Library of Montana; and

(c) copy to the Legislative Council.

**S30-60. Committee reports to Senate.** (1) Reports of standing committees shall be read on Order of Business No. 2, and no debate may be had on any report unless a minority report has been submitted.

(2) Committee reports may recommend approval, disapproval, or placement on consent calendar, with or without amendment. They may not be reported to the Senate without recommendation.

(3) Any Senator seeking a reconsideration of the Senate's action on the adoption of a committee report shall do so on Order of Business No. 6 by motion to reconsider. Any Senator may make such motion and need not have voted on the prevailing side. This rule applies notwithstanding any joint rule to the contrary.

(4) The Rules Committee and conference committees may report at any time, except during a call of the Senate or when a vote is being taken.

**S30-70. Pairs.** Pairs in standing committee are prohibited. Standing and select committees may by a majority vote of the committee authorize Senators to vote in absentia while engaged in other legislative business. Authorization for such voting shall be reflected in the committee minutes.

HeinOnline -- 1989 vol. II 2207 1989

**S30-80. Committee hearings.** (1) No bill or resolution shall be considered or become a law unless referred to a committee and returned therefrom.

(2) A bill may be rereferred at any time before its passage.

**S30-90. Notice of committee hearings — exceptions.** (1) Notice of a committee hearing must be made by posting the date, time, and subject of the hearing in a conspicuous public place not less than 3 legislative days in advance of the hearing. This 3-day notice requirement does not apply to hearings scheduled:

(a) prior to the 3rd legislative day;

(b) less than 5 legislative days before the transmittal deadline applicable to the subject of the hearing; or

(c) to consider confirmation of a gubernatorial appointment received less than 10 legislative days before the last scheduled day of a legislative session.

(2) When a committee hearing is scheduled with less than 3 days' notice, the committee chairman shall use all practical means to disseminate notice of the hearing to the public.

(3) Notice of conference committee hearings must be given as provided in joint rule 30-30.

**S30-100. Majority/minority reports.** If the members of a committee cannot agree on a report, the majority and minority of the committee present at a committee meeting may submit separate reports. Only one minority report may be submitted. Such reports shall be entered at length on the journal, unless otherwise ordered by the Senate.

**S30-110. Consent calendar eligibility.** (1) To be eligible for the consent calendar, legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended).

(2) A motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report.

(3) Appropriations or revenue bills may not be recommended for the consent calendar.

**S30-120. Reconsideration in committee.** Except for the Committee of the Whole, a committee may at any time prior to submitting a report to the Secretary of the Senate reconsider its previous action on legislation.

**S30-130. Committee requested legislation.** (1) At least three-fourths of all the members of a standing committee must have voted in favor of the question to allow the committee to request the introduction of legislation.

(2) The chairman of a committee shall introduce, or shall designate a member of the committee to introduce. legislation requested by the committee.

HeinOnline -- 1989 vol. II 2208 1989

(3) When a committee has proposed an amendment, the chairman is the principal sponsor.

Chapter 4
Legislation

**S40-10. Types of legislation.** The only types of legislation that may be introduced in the Senate are those that have been drafted and approved by the Legislative Council and signed by a Senator. The types of legislation allowed include:

(1) bills of any subject, except appropriations;

(2) joint resolutions, which may:

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) request an interim study by a legislative subcommittee;

(c) adopt or amend the joint rules;

(d) set salaries and other terms of employment for legislative employees; and

(e) accomplish other legislative duties required by law; and

(3) simple resolutions, which may:

(a) adopt or amend Senate rules;

(b) provide for the internal affairs of the Senate;

(c) express confirmation of the Governor's appointments;

(d) make recommendations concerning the districting and apportionment plan as provided by Article V, section 14(4), of the Montana Constitution.

**S40-20. Introduction.** (1) Upon receiving a bill or resolution in triplicate from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation.

(2) Bills and resolutions may be preintroduced, assigned to committee, and printed prior to the legislative session. The Legislative Council shall be responsible for assuring the preintroduction intent from each Senator and presenting such legislation to the Secretary of the Senate.

(3) Upon referral to committee, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.

**S40-30. Additional sponsors.** (1) Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(2) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Council with the

HeinOnline -- 1989 vol. II 2209 1989

original bill for the inclusion of the names in subsequent printings of the bill or resolution.

**S40-40. Reading limitations.** (1) Except for consent calendar bills, every bill shall be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) No bill or resolution shall have more than one reading on the same day except the last legislative day.

(3) No amendment may be offered on third reading.

**S40-50. Rules for questions requiring other than a majority vote.** (1) When a question requires more than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill shall again be placed on third reading in the Senate to determine if the required number of votes has been cast.

**S40-60. Scheduling for second reading.** (1) All bills and resolutions, except those recommended for the consent calendar, which have been reported by a committee, accepted by the Senate and reproduced shall be scheduled for consideration by Committee of the Whole.

(2) Until the 50th legislative day, 1 day must elapse between receiving the legislation from printing and scheduling for second reading for consideration by Committee of the Whole.

(3) Legislation shall be arranged on the agenda in numerical order unless bills are grouped as companion bills or are placed in order otherwise by the Senate or Committee of the Whole.

**S40-70. Consent calendar procedure.** (1) Legislation reported by committee for placement on the consent calendar shall be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Legislation shall be immediately posted (as soon as it is received as a third reading version) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the President of the Senate will announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate will be allowed.

(3) Any three Senators may submit written objections to the Secretary of the Senate, and the legislation must then be removed from the consent calendar and added to the regular second reading agenda.

HeinOnline -- 1989 vol. II 2210 1989

(4) Consent calendar legislation must be added to the end of the third reading agenda and clearly identified as "consent calendar" and voted on individually.

(5) Consent calendar legislation passed on third reading will then be transmitted to the House of Representatives.

Chapter 5
Floor Action

**S50-10. Attendance.** Unless excused, Senators shall be present at every sitting of the Senate and shall vote on questions put before the Senate.

**S50-20. Orders of business.** After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Governor;

(5) messages from the House of Representatives;

(6) motions;

(7) first reading and commitment of bills;

(8) second reading of bills (Committee of the Whole);

(9) third reading of bills and consent calendar bills;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the Senate shall revert to Order of Business No. 1 when reconvening after a recess.

**S50-30. Limitations on debate.** No Senator may speak more than twice on any one motion or question without unanimous consent of the Senate, unless he has introduced or proposed the motion or question under debate, in which case he may speak twice and also close the debate. However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

**S50-40. Procedure upon offering a motion.** (1) When a motion is offered it shall be restated by the presiding officer. If requested by the presiding officer or a Senator, it shall be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

HeinOnline -- 1989 vol. II 2211 1989

**S50-50. Precedence of motions.** (1) When a question is under debate only the following privileged and subsidiary motions shall be made:

(a) to adjourn;

(b) for a call of the Senate;

(c) to recess;

(d) question of privilege;

(e) to lay on the table;

(f) for the previous question;

(g) to postpone to a certain day;

(h) to refer or commit;

(i) to amend; and

(j) to postpone indefinitely.

(2) The motions listed in subsection (1) of this section have precedence in the order listed.

(3) A question may be indefinitely postponed by a majority roll call of all Senators present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again during the biennium except upon a motion of reconsideration.

(4) No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment or substitute.

**S50-60. Nondebatable motions.** The following motions are not debatable:

(1) to adjourn;

(2) for a call of the Senate;

(3) to recess;

(4) for parliamentary inquiry;

(5) for suspension of the rules;

(6) to lay on the table;

(7) for the previous question;

(8) to limit, extend the limits of, or to close debate;

(9) to amend an undebatable motion;

(10) to divide a question;

(11) to pass business in Committee of the Whole;

(12) to take from the table;

(13) a decision of the presiding officer, unless appealed or unless he submits the question to the Senate for advice or decision; and

HeinOnline -- 1989 vol. II 2212 1989

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

**S50-70. Amending motions.** No more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

**S50-80. Previous question.** (1) Except as provided in subsection (2) of this rule, the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of such time to be given to the proponents and one-half to the opponents.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

**S50-90. Reconsideration.** (1) Any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question.

(2) A motion to reconsider may not be withdrawn after such next legislative day without the unanimous consent of the Senate, and thereafter any Senator may call it up for consideration; however, a motion to reconsider made after the 54th day of the session shall be disposed of when made.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and shall be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 6 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there shall be no further action until the succeeding legislative day.

**S50-100. Dividing a question.** A Senator may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

**S50-110. Conference committee reports.** When a conference committee report is filed with the Secretary of the Senate, the same shall be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

HeinOnline -- 1989 vol. II 2213 1989

**S50-120. Second reading.** (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.

(2) After a Committee of the Whole has been formed, the President shall appoint a chairman to preside.

(3) All legislation considered in Committee of the Whole shall be read by a summary of its title. Proposed amendments shall be considered; then the bill shall be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation shall remain on second reading.

**S50-130. Committee of the Whole amendments.** (1) All Committee of the Whole amendments shall be prepared, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, shall be printed in the journal, along with the name of the sponsor and the vote on each.

**S50-140. Motions in Committee of the Whole.** (1) All proper motions on second reading are debatable.

(2) The only motions in order during Committee of the Whole are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) rise;

(g) rise and report; or

(h) rise and report progress and ask leave to sit again.

**S50-150. Committee of the Whole — generally.** (1) The committee may not appoint subcommittees.

(2) The committee may not punish its members for misconduct, but may report disorder to the Senate.

**S50-160. Voting on second reading.** On Order of Business No. 8, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The Secretary will then record the vote of those standing. The chair may then rule that unless

HeinOnline -- 1989 vol. II 2214 1989

excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as such. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

**S50-170. Third reading procedure.** (1) All legislation passing second reading shall be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 9 the Secretary shall read the title and the President shall state the question as follows: "Senate bill number (or other appropriate identification)..... having been read three several times, the question is, shall the bill (or other appropriate identification) pass the Senate?"

(3) If an electronic voting system is used, the President shall state "Those in favor vote yes and those opposed vote no" and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause), "Does any member wish to change his or her vote?" (reasonable pause), "The Secretary will record the vote."

**S50-180. Senate voting.** (1) A roll call vote shall be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators shall be called alphabetically, unless an electronic voting system is used. A Senator may not vote or change his vote after the decision is announced from the chair. A Senator may not explain his vote until after the decision is announced from the chair.

**S50-190. Pairs.** (1) Two Senators may pair on a question that will be determined by a majority vote. On a question requiring a two-thirds vote for adoption, three Senators may pair, with two Senators for the question and one Senator against. Pairing is permitted only when one of the paired Senators is excused when the vote is taken.

(2) An agreement to pair must be in writing and dated and signed by the Senators agreeing to be bound, and must specify the duration of the pair. When an agreement to pair is filed with the Secretary of the Senate, it shall bind the Senators signing until the expiration of time for which it was signed, unless the paired Senators sooner appear and ask that the agreement be canceled.

(3) Pairs in Committee of the Whole are prohibited.

**S50-200. Call of the Senate.** (1) In the absence of a quorum, a majority of Senators present may compel the attendance of absent Senators by ordering a call of the Senate.

(2) If a quorum is present, five Senators may order a call of the Senate.

(3) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of such Senators present shall direct. When the attendance of an absent Senator is secured and the Senate refuses to excuse the Senator's absence, the

HeinOnline -- 1989 vol. II 2215 1989

Senator shall not be paid any expense payments during his absence and is liable for the expenses incurred in procuring his attendance.

(4) During a call of the Senate, all business shall be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote.

Chapter 6
Rules

**S60-10. Senate rules.** (1) A motion to amend or adopt a rule of the Senate shall be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day's notice.

(2) A rule may be suspended temporarily by a two-thirds vote.

**S60-20. Mason's Manual of Legislative Procedure.** Mason's Manual of Legislative Procedure (1989) governs the proceedings of the Senate in all cases not covered by these rules.

**S60-30. Quorum.** A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in such manner and under such penalties as the Senate may prescribe (Montana Constitution, Art. V, Sec. 10(2)).

Chapter 7
Nominations from the Governor

**S70-10. Nominations.** (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any such office, the Governor shall appoint some fit person to discharge the duties thereof until the next meeting of the Senate, when he shall nominate a person to fill such office.

**S70-20. Introduction and first reading of nominations.** (1) Nominations received from the Governor are:

(a) received by the President;

(b) delivered to the Secretary of the Senate;

(c) read under Order of Business No. 4, messages from the Governor; and

(d) referred to committee.

(2) The above procedure constitutes introduction and first reading of the nominations.

(3) The Secretary shall distribute a copy of the list of nominations to each Senator.

HeinOnline -- 1989 vol. II 2216 1989

**S70-30. Committee process.** (1) (a) The committee shall hold hearings on the nominations after appropriate public notice has been made.

(b) As part of the hearing process, the committee may request biographical information from the Governor for each nominee, if none has been provided.

(2) Following the hearings, the committee shall issue preliminary standing committee reports to be distributed to each Senator, stating the committee's recommendations concerning the nominees.

(3) (a) If a Senator wishes to have an individual nominee, or group of nominees, considered by the Senate separately from the group of nominees recommended by the committee, the Senator may request of the chairman of the committee that the nominee or nominees be considered by a separate resolution.

(b) A Senator must request separate consideration of a nominee within three days of receipt of the preliminary standing committee report. The committee chairman shall honor this request.

(4) After waiting three days from the day of distribution of the preliminary standing committee report, the committee chairman shall issue formal standing committee reports for simple resolutions based on recommendations from the Senators and deliver the reports to the Secretary of the Senate.

(5) The Secretary will assign numbers and read the reports under Order of Business No. 2, reports of standing committees, and forward them to the Legislative Council for processing and printing.

(6) Thereafter, the resolution must be placed on Order of Business No. 11 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated.

## Appendix A
## List of Questions Requiring Other than a Majority Vote

The following questions require the vote specified:

(1) a call of the Senate with a quorum (five Senators);

(2) a motion to lift a call of the Senate (two-thirds of the members present and voting);

(3) a motion to amend or suspend rules (two-thirds);

(4) a motion to override the Governor's veto (two-thirds);

(5) a motion to approve a bill to appropriate the principal of the coal trust fund (three-fourths of each house);

(6) a motion to approve a bill to appropriate highway revenue as described in Article VIII, section 6, of the Montana Constitution for purposes other than therein described (three-fifths of each house);

HeinOnline -- 1989 vol. II 2217 1989

(7) a motion to approve a bill proposing to amend the Montana Constitution (two-thirds of the entire Legislature); and

(8) an appeal of the ruling of the presiding officer (one Senator, seconded by two other Senators).

Passed January 11, 1989.

# HOUSE RESOLUTION NO. 1

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO ADOPT RULES TO GOVERN ITS PROCEEDINGS.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the following rules be adopted:

## Chapter 1
## Administration

**H10-10. House officers.** (1) House officers include a Speaker, a Speaker pro tempore, majority and minority floor leaders, and majority and minority whips (section 5-2-221, MCA).

(2) A majority of representatives voting elects the Speaker and Speaker pro tempore from the House membership. A majority of each caucus voting nominates House members to the remaining offices, and those nominees are considered to have been elected by a majority vote of the House.

**H10-20. Speaker's duties.** (1) The Speaker is the presiding officer of the House, with authority for administration, order, and decorum.

(2) The Speaker may order the galleries or lobbies cleared in case of disturbance or disorderly conduct.

(3) The Speaker shall appoint and may remove the members of all standing and select committees not otherwise specified by law or rule.

(4) The Speaker shall sign all necessary certifications by the House, including enrolled bills and resolutions, journals (section 5-11-201, MCA), subpoenas, and payrolls.

(5) The Speaker shall arrange the agendas for second and third readings each legislative day. Representatives may amend the agendas as provided in H40-120.

(6) The Speaker is the chief administrative officer of the House, with authority for supervising all House employees. The Speaker may seek the

advice and counsel of the Legislative Administration Committee regarding employees.

**H10-30. Speaker-elect.** During the transition period between the party organization caucuses and the election of House officers, the Speaker-elect has the responsibilities and authority appropriate to organize the House (section 5-2-202, MCA). Authority includes approving presession expenditures.

**H10-40. Speaker pro tempore duties.** The Speaker pro tempore shall act as the presiding officer in the absence of the Speaker and shall carry out other duties assigned by the Speaker.

**H10-50. Legislative Administration Committee duties.** (1) The Legislative Administration Committee shall consider matters relating to legislative administration, staffing patterns, budgets, equipment, operations, and expenditures.

(2) The committee shall have authority to act in the interim to prepare for future legislative sessions. It may delegate specific duties to a legislative agency.

(3) The committee shall approve contracts for purchase or lease of equipment and supplies for the House, subject to the approval of the Speaker.

(4) The committee shall comprise the House membership of the Joint Legislative Administration Committee.

**H10-60. Employees.** (1) The Speaker shall appoint a Chief Clerk, Sergeant-at-Arms, and Chaplain, subject to confirmation of the House (section 5-2-221, MCA).

(2) The Speaker shall recommend to the Legislative Administration Committee employment of necessary staff.

(3) The secretary for a standing or select committee is generally responsible to the committee chairman but shall work under the direction of the Chief Clerk.

(4) The Speaker and majority and minority floor leaders may each appoint a private secretary.

**H10-70. Chief Clerk's duties.** The Chief Clerk, under the supervision of the Speaker, is responsible to:

(1) have custody of all records and documents of the House;

(2) supervise the handling of legislation in the House, the House journal, and other House publications; deliver to the Secretary of State at the close of each session the House journal, bill and resolution records, and all original House bills and joint resolutions; collect minutes and exhibits from all House committees and subcommittees and deliver them, unbound, to the Legislative Council librarian who will arrange to have them copied on microfilm. A microfilm copy will be provided to the Legislative Council and the Montana State Law Library. The Legislative Fiscal Analyst will receive a microfilm copy of the minutes from the appropriation committee and

HeinOnline -- 1989 vol. II 2241 1989

subcommittees. After microfilming, the original minutes will be delivered to the Montana Historical Society.

**H10-80. Sergeant-at-Arms duties.** The Sergeant-at-Arms, under the supervision of the Speaker, has the responsibility to:

(1) maintain order under the direction of the presiding officer;

(2) execute commands and serve all processes of the House; and

(3) receive, distribute, and have custody of House supplies and equipment.

**H10-90. Legislative aides.** (1) A legislative aide is a person specifically designated by a representative to assist that representative in performing legislative duties. A representative may sponsor one legislative aide a session by written notification to the Sergeant-at-Arms.

(2) No representative may designate a second legislative aide in the same session without the approval of the House Rules Committee.

(3) A legislative aide must be of legal age unless otherwise approved by the House Rules Committee.

(4) The Sergeant-at-Arms shall issue distinctive identification tags to legislative aides. The cost must be paid by the sponsoring representative.

**H10-100. Legislative interns.** A legislative intern is a person designated under Title 5, chapter 6, MCA.

**H10-110. House journal.** (1) The House shall keep a journal, which is the official record of House actions (Montana Constitution, Art. V, Sec. 10). The journal must be prepared under the direction of the Speaker.

(2) Records of the following proceedings must be entered on the journal:

(a) the taking and subscription of the constitutional oath by representatives (Montana Constitution, Art. III, Sec. 3; 5-2-214);

(b) committee reports;

(c) messages from the Governor;

(d) messages from the Senate;

(e) every motion, the name of the representative presenting it, and its disposition;

(f) the introduction of legislation in the House;

(g) consideration of legislation subsequent to introduction;

(h) on final passage of legislation, the names of the representatives and their vote on the question (Montana Constitution, Art. V, Sec. 11);

(i) roll call votes; and

(j) upon a request by two representatives before a vote is taken, the names of the representatives and their votes on the question.

HeinOnline -- 1989 vol. II 2242 1989

(3) The Chief Clerk shall provide to the Legislative Council such information as may be required for the publication of the daily journal. Upon approval by the Speaker, the daily journal shall be reproduced and distributed.

(4) Any representative may examine the daily journal and propose corrections. The speaker may direct a correction to be made when suggested subject to objection by the House.

(5) The Speaker shall authenticate the House journal after the close of the session (section 5-11-201, MCA).

(6) The Legislative Council shall publish and distribute the House journal (sections 5-11-202 and 5-11-203, MCA). The title of each bill must be listed in the index of the published session journal.

**H10-120. Votes recorded and public.** Every vote of each representative on each substantive question in the House, in any committee, or in committee of the whole must be recorded and made public (Montana Constitution, Art. V, Sec. 11).

**H10-130. Duration of legislative day.** A legislative day ends either 24 hours after the House convenes for that day or at the time the House convenes for the following legislative day, whichever is earlier.

## Chapter 2
## Decorum

**H20-10. Questions of order and privilege.** (1) Questions of order and privilege, in order of precedence, are:

(a) those affecting the collective rights, safety, dignity, and integrity of the House; and

(b) those affecting the rights, reputation, and conduct of individual representatives.

(2) The Speaker shall decide all questions of order and privilege, subject to an appeal by any representative seconded by two representatives.

**H20-20. Limits on lobbying.** Lobbying on the House floor and in the anteroom is prohibited during a daily session, 2 hours before the session, and 2 hours after the session.

**H20-30. Admittance to the House floor.** The following persons may be admitted to the House floor during a daily session: present and former legislators; legislative employees necessary for the conduct of the session; accredited news staff; and members' spouses and children. The Speaker may allow exceptions to this rule.

**H20-40. Dilatory motions or questions.** The House has a right to protect itself from dilatory motions or questions used for the purpose of delaying or obstructing business. The presiding officer shall decide if motions (except a call of the House) or questions are dilatory. This decision may be appealed to the House.

HeinOnline -- 1989 vol. II 2243 1989

**H20-50. Opening and order of business.** The opening of each legislative day must include an invocation, the pledge of allegiance, and roll call. Following the opening, the order of business of the House is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Senate;

(5) messages from the Governor;

(6) first reading and commitment of bills;

(7) second reading of bills;

(8) third reading of bills;

(9) motions;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

**H20-60. Lobbying by employees.** (1) A legislative employee, intern, or aide of either house is prohibited from lobbying, although a legislative committee may request testimony from a person so restricted.

(2) The Speaker or the Legislative Administration Committee may discipline or discharge any House employee violating this prohibition. The Speaker or the committee may withdraw the privileges of any House aide or intern violating this prohibition.

**H20-70. Papers distributed on desks.** A paper concerning proposed legislation may not be placed on representatives' desks unless it is signed and permission has been granted by the Speaker. The Sergeant-at-Arms shall direct its distribution.

## Chapter 3
## Committees

**H30-10. House standing committees.** The following are the House standing committees: Agriculture, Livestock, and Irrigation; Appropriations; Business and Economic Development; Education and Cultural Resources; Fish and Game; Highways and Transportation; Human Services and Aging; Judiciary; Labor and Employment Relations; Legislative Administration; Local Government; Natural Resources; Rules; State Administration; and Taxation.

**H30-20. Chairman's duties.** The chairman of a committee is the presiding officer of that committee and is responsible for maintaining order within the committee room and its environs, scheduling hearings and executive action, supervising committee work, and certifying committee reports and minutes.

HeinOnline -- 1989 vol. II 2244 1989

**H30-30. Officers as members.** The Speaker, majority leader, and minority leader are ex officio, nonvoting members of all House committees. They are not required to be considered in the quorum, but they may count toward establishing a quorum.

**H30-40. Committee action.** (1) When legislation is referred to a committee, it may recommend approval or disapproval, with or without amendment.

(2) The committee may recommend that a bill on which it has made a favorable recommendation by unanimous vote be placed on the consent calendar.

(3) The committee may not report a bill to the House without recommendation.

(4) If a bill is withdrawn from a committee and brought to the House floor without a committee recommendation, the bill must include amendments formally adopted by committee action as reflected in committee minutes for debate on second reading.

**H30-50. Reconsideration in committee.** Except for the Committee of the Whole, a committee may at any time prior to submitting a report to the Chief Clerk reconsider its previous action on legislation.

**H30-60. Legislation requested by a committee.** At least two-thirds of all the representatives of a standing committee must have voted in favor of the question to allow the committee to request the drafting or introduction of legislation. Votes requesting drafting and introduction of committee legislation may be taken jointly or separately.

**H30-70. Rules committee makeup.** The Speaker will determine the total number of members and the party division, but each party will appoint its own members.

## Chapter 4
## Legislation

**H40-10. Introduction deadlines.** (1) Except as provided in subsection (2), if a representative accepts drafted legislation from the Legislative Council after the deadline for introduction, the representative may not introduce that legislation after 48 hours from the time the bill was accepted from the Legislative Council.

(2) No bill or resolution may be introduced any later than 5 p.m. 5 legislative days prior to the appropriate transmittal deadline.

**H40-20. House resolutions.** (1) A House resolution is used to adopt or amend House rules, make recommendations on the districting and apportionment plan (Montana Constitution, Art. V, Sec. 14), express the sentiment of the House, or assist House operations.

(2) As to drafting, introduction, and referral, a House resolution is treated as a bill. Final passage of a House resolution is determined by the Committee of the Whole report. A House resolution does not progress to third reading.

HeinOnline -- 1989 vol. II 2245 1989

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

**H40-30. Cosponsors.** (1) Prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors by having them sign the three copies.

(2) After legislation is submitted for introduction but before the legislation returns from the first House committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Chief Clerk. This filing must be noted by the chief clerk for the record on Order of Business No. 11.

**H40-40. Introduction.** (1) During a session, proposed House legislation may be introduced in the House by submitting it in triplicate, endorsed with the signature of a representative as chief sponsor, to the Chief Clerk for introduction. In each session of the Legislature, the proposed legislation must be numbered consecutively by type in the order of receipt. Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House.

**H40-50. First reading.** Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules.

**H40-60. One reading per day.** Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

**H40-70. Referral.** (1) The Speaker shall refer to a House committee all properly introduced House legislation and transmitted Senate legislation.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee.

**H40-80. Rereferral.** Legislation that is in the possession of the House and that has not been killed may be rereferred to a House committee by House motion approved by not less than three-fifths of the members present and voting.

**H40-90. Legislation withdrawn from committee.** Legislation may be withdrawn from a House committee by House motion approved by not less than three-fifths of the members present and voting.

**H40-100. Standing committee reports.** (1) A House standing committee recommendation of "do pass" or "be concurred in" must be announced across the rostrum and, if there is no objection to form, is considered adopted.

HeinOnline -- 1989 vol. II 2246 1989

(2) A recommendation of "do not pass" or "be not concurred in" must be announced across the rostrum and, on the following legislative day, may be debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by not less than three-fifths of the members voting.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

**H40-110. Consent calendar procedure.** Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(1) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(2) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(3) Legislation must be posted immediately (as soon as it is received as a third reading version) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate is allowed.

(4) If any three representatives submit written objections to the placement of the legislation on the consent calendar, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate.

**H40-120. Legislation requiring other than a majority vote.** Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to final passage and that normally requires a majority vote.

**H40-130. Amending House second and third reading agendas.** (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

HeinOnline -- 1989 vol. II 2247 1989

(2) Legislation may be added to the second or third reading agenda on that legislative day on a motion approved by not less than three-fifths of the members present and voting.

**H40-140. Second reading.** (1) Legislation returned from committee may be placed on second reading unless otherwise ordered by the House.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill "do pass" or "be concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do not pass" or "be not concurred in", is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise.

**H40-150. Amendments in the Committee of the Whole.** (1) All Committee of the Whole amendments must be checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Council, before the amendment may be accepted at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.

(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative.

(3) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

**H40-160. Motions in the Committee of the Whole.** (1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

(a) amend;

(b) recommend passage or nonpassage;

HeinOnline -- 1989 vol. II 2248 1989

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) call for cloture;

(g) rise, rise and report, or rise and report progress and beg leave to sit again; and

(h) to change the order in which legislation is placed on the agenda.

(2) Subsections (1)(e) through (1)(g) are nondebatable but may be amended.

(3) If a quorum of representatives is not present during second reading, the Committee of the Whole may conduct no business on legislation and a motion for a call of the House without a quorum is in order.

**H40-170. Limits on debate in the Committee of the Whole.** (1) Except for the representative who makes a motion, no representative may speak more than once on the motion and for no more than 5 minutes. The representative who makes the motion may have 5 minutes to close.

(2) After at least two proponents and two opponents have spoken on a question and 45 minutes have elapsed, a motion to call for cloture is in order. Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

(3) By previous agreement of the Speaker and the minority floor leader, a bill or resolution may be allocated a predetermined amount of time for debate and number of speakers.

**H40-180. Special provisions for debate on the general appropriations bill.** (1) The Appropriations Committee chairman, in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chairman shall fully present his or her portion of the bill. A subcommittee chairman is not subject to the 5-minute speaking limitation.

(3) After the presentation by the subcommittee chairman, the respective section of the bill is open for debate, questions, and amendments.

(4) An amendment that affects more than one section of the bill must be offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the amendment of that member may be entertained. Another member wishing to amend the same section shall make a separate motion to reopen the section.

HeinOnline -- 1989 vol. II 2249 1989

(7) Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself may not be debated at that time. This limitation does not prohibit the member from explaining the amendment to be considered.

(8) A motion for cloture is not in order during debate on the general appropriations bill.

**H40-190. Engrossing.** (1) After legislation is passed on second reading, it must be engrossed within 48 hours under the direction of the Speaker. The Speaker may grant additional time for engrossing.

(2) When the legislation has been reported correctly engrossed, it may be placed on third reading on the following legislative day. On the final legislative day, the correctly engrossed legislation may be placed on third reading on the same legislative day.

**H40-200. Third reading.** (1) All bills, joint resolutions, and Senate amendments to House bills and resolutions passing second reading must be placed on third reading.

(2) Legislation on third reading may not be amended or debated.

(3) The Speaker shall state the question on legislation on third reading. If a majority of the representatives voting does not approve the legislation, it fails to pass third reading.

**H40-210. Senate legislation in the House.** Senate legislation properly transmitted to the House must be treated as House legislation.

**H40-220. Senate amendments to House legislation.** (1) When the Senate has properly returned House legislation with Senate amendments, the House shall announce the amendments on Order of Business No. 4, and the Speaker shall place them on second reading for debate.

(2) If the House accepts Senate amendments on legislation requiring more than a majority vote for final passage, the House, following approval of the Senate amendments on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(3) If the House rejects the Senate amendments, the House may request the Senate to recede from its amendments or may direct appointment of a conference committee and request the Senate to appoint a like committee.

**H40-230. Conference committee reports.** (1) When a House conference committee files a report, the report must be announced under Order of Business No. 3.

(2) The House may debate and adopt or reject the conference committee report on second reading on any legislative day.

(3) If both the House and the Senate adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the House, following approval of the conference committee report

HeinOnline -- 1989 vol. II 2250 1989

on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(4) If the House rejects a conference committee report, the committee continues to exist unless dissolved by the Speaker or by motion. The committee may file a subsequent report.

(5) A House conference committee may confer regarding matters assigned to it with any Senate conference committee with like jurisdiction and submit recommendations for consideration of the House.

**H40-240. Enrolling.** (1) When House legislation has passed both houses, it must be enrolled within 48 hours under the direction of the Speaker. The Speaker may grant additional time for enrolling.

(2) The chief sponsor of the legislation shall examine the enrolled legislation and, if it has no enrolling errors, shall, within 1 legislative day, certify the legislation as correctly enrolled.

(3) The correctly enrolled legislation must be delivered to the Speaker, who shall sign the legislation not later than the following legislative day. When enrolled legislation is delivered on the final legislative day, the Speaker shall sign it that day.

(4) After the legislation has been reported correctly enrolled but before it is signed, any representative may examine the legislation.

**H40-250. Governor's amendments.** (1) When the Governor returns a bill with recommended amendments, the House shall announce the amendments under Order of Business No. 5.

(2) The House may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the House and the Senate accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the House shall place the final form of the legislation on third reading to determine if the required vote is obtained.

**H40-260. Governor's veto.** (1) When the Governor returns a bill with a veto, the House shall announce the veto under Order of Business No. 5.

(2) On any legislative day, a representative may move to override the Governor's veto by a two-thirds vote under Order of Business No. 9.

## Chapter 5
## Floor Actions

**H50-10. Attendance.** (1) A representative, unless excused, is required to be present at every sitting of the House.

(2) A representative may request in writing to be excused for a specified cause by his party leader. This excused absence is not a leave with cause from a call of the House.

**H50-20. Quorum.** (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

HeinOnline -- 1989 vol. II 2251 1989

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may conduct no business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

**H50-30. Call of the House without a quorum.** (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

**H50-40. Call of the House with a quorum.** (1) If a quorum is present but at least one representative is excused or absent, one-third of the representatives present and voting may order a call of the House with a quorum.

(2) The motion for a call is nondebatable, may not be amended, and is in order at any time a vote is not being taken, except that a call of the House with a quorum is not allowed in the Committee of the Whole.

(3) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(4) When all representatives are present, except those on leave with cause, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

**H50-50. Leave with cause.** (1) During a call of the House, a representative with an overriding medical or personal reason may request a leave with cause.

(2) If the representative is present at the time of the call, the Speaker may approve a request for a leave with cause.

(3) If the representative is not present at the time of the call, two-thirds of the representatives present and voting may approve a request for leave with cause.

(4) During a call of the House, a representative on leave with cause may not cast a paired vote.

**H50-60. Motions.** (1) Any representative may propose a motion allowed by the rules for the order of business under which the motion is offered for the consideration of the House. Unless otherwise specified in rule or law, a majority of representatives voting is necessary and sufficient to decide a motion.

HeinOnline -- 1989 vol. II 2252 1989

(2) Seconds to motions on the House floor are not required.

(3) Pairs are not allowed on votes that are specified as "representatives present and voting".

**H50-70. Limits on debate of debatable motions.** (1) Except for the representative who places a debatable motion before the body, no representative may speak more than once on the question unless a unanimous House consents. The representative who places the motion may close.

(2) No representative may speak for more than 15 minutes on the same question, except that a representative may have 5 minutes to close.

**H50-80. Nondebatable motions.** (1) A representative has the right to understand any question before the House and, usually under the administration of the presiding officer, may ask questions to exercise this right.

(2) The following motions are nondebatable:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for parliamentary inquiry;

(e) to table or take from the table;

(f) to call for the previous question or cloture;

(g) to amend a nondebatable motion;

(h) to divide a question;

(i) to postpone consideration to a day certain; and

(j) all incidental motions, such as motions relating to voting or of a general procedural nature.

**H50-90. Questions.** A representative may, through the presiding officer, ask questions of another representative during a floor session. There is no limit on questions and answers, except as provided in H20-40.

**H50-100. Amending motions — limitations.** (1) A representative may move to amend the specific provisions of a motion without changing its substance.

(2) No more than one motion to amend a motion is in order at any one time.

(3) A motion for a call of the House, for the previous question, to table, or to take from the table may not be amended.

**H50-110. Substitute motions.** (1) When a question is before the House, no substitute motion may be made except the following, which have precedence in the order listed:

(a) to adjourn;

(b) for a call of the House;

HeinOnline -- 1989 vol. II 2253 1989

(c) to recess or rise;

(d) for a question of privilege;

(e) to table;

(f) to call for the previous question or cloture;

(g) to postpone consideration to a day certain;

(h) to refer to a committee;

(i) to propose amendments; and

(j) to postpone indefinitely.

(2) Nothing in this section allows a motion that would not otherwise be allowed under a particular order of business.

(3) No more than one substitute motion is in order at any one time.

**H50-120. Withdrawing motions.** A representative who proposes a motion may withdraw it before it is voted on or amended.

**H50-130. Dividing a question.** A representative may move to divide a question if it includes two or more propositions so distinct that they can be separated and if at least one substantive question remains after one substantive question is removed.

**H50-140. Previous question.** (1) If a majority of representatives present and voting adopts a motion for the previous question, debate is closed on the question and it must be brought to a vote. The Speaker may not entertain a motion to end debate unless at least one proponent and one opponent have spoken on the question.

(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

**H50-150. Questions requiring other than a majority vote.** The following questions require the vote specified:

(1) a call of the House with a quorum (one-third of the members present and voting);

(2) a motion to lift a call of the House (two-thirds of the members present and voting);

(3) a motion to amend or suspend rules (two-thirds of the members voting);

(4) a motion to record a vote (one representative);

(5) a motion to spread a vote on the journal (two representatives);

(6) a motion to override the Governor's veto (two-thirds of each house);

(7) a motion to approve a bill to appropriate the principal of the coal trust fund (three-fourths of each house);

(8) a motion to approve a bill to appropriate highway revenue as described in Article VIII, section 6, of the Montana Constitution for purposes other than therein described (three-fifths of each house);

HeinOnline -- 1989 vol. II 2254 1989

(9) a motion to approve a bill proposing to amend the Montana Constitution (two-thirds of the entire Legislature);

(10) an appeal of the ruling of the presiding officer (three representatives);

(11) a motion to speak more than once on a debatable motion (unanimous vote);

(12) a motion to overturn an adverse committee report (three-fifths of the members voting);

(13) a motion to rerefer a bill from one committee to another (three-fifths of the members present and voting);

(14) a motion to withdraw a bill from a committee (three-fifths of the members present and voting);

(15) a motion to add legislation to the second or third reading agenda (three-fifths of the members present and voting);

(16) any motion to remove legislation from its normal progress through the House as provided under these rules and reassign it unless otherwise specifically provided by these rules (three-fifths of the members present and voting);

(17) a motion to change a vote (unanimous);

(18) a motion to call for cloture ( two-thirds of the members present and voting); and

(19) a motion to approve leave with cause during a call of the house (two-thirds of the members present and voting).

**H50-160. Reconsideration.** (1) Any representative may, within 1 legislative day of a vote, move to reconsider the House vote on any matter still within the control of the House.

(2) A motion for reconsideration, unless tabled or replaced by a substitute motion, must be disposed of when made.

(3) When a motion for reconsideration fails, the question is finally settled. A motion for reconsideration may not be renewed or reconsidered.

(4) A motion to recall legislation from the Senate constitutes a motion to reconsider and is subject to the same rules.

**H50-170. Renewing procedural motions.** The House may renew a procedural motion if further House business has intervened.

**H50-180. Tabling.** (1) Under Order of Business No. 9, a representative may move to table any question, motion, or legislation before the House except the question of a quorum or a call of the House. The motion is nondebatable and may not be amended.

(2) When a matter has been tabled, a representative may move to take it from the table under Order of Business No. 9 on any legislative day.

**H50-190. Indefinite postponement.** A majority of representatives may indefinitely postpone any matter properly before the House.

HeinOnline -- 1989 vol. II 2255 1989

**H50-200. Voting.** (1) The representatives shall vote to decide any motion or question properly before the House. Each representative has one vote.

(2) The House may, without objection, use a voice vote on procedural motions that are not required to be recorded in the journal. If a representative rises and objects, the House shall record the vote.

(3) The House shall record the vote on all substantive questions. If the voting system is inoperable, the Chief Clerk shall record the representatives' votes by other means.

**H50-210. Changing a vote.** (1) A representative may move to change his vote within 1 legislative day of the vote. The motion is nondebatable. A unanimous House shall consent to the change. The representative making the motion shall first specify the question and the original vote tally.

(2) An error caused by a malfunction of the voting system may be corrected without a vote.

**H50-220. Pairs.** (1) An excused representative may file a pairing slip to vote on any pairable vote during the excused absence.

(2) An excused representative shall sign a pairing slip that specifies the motion and the desired vote. One representative desiring to vote on the opposite side of the motion shall also sign the pairing slip and may not vote in any other manner on the motion.

(3) The pairing slip must be handed in at the rostrum by the party whip or designated representative before voting on the motion has commenced.

(4) The pair may be revoked before the vote with the approval of both paired representatives.

(5) Two representatives on either side of the question may pair on a motion requiring other than a majority vote.

**H50-230. Recess.** The House may stand at ease or, by majority vote, may recess under any order of business. The recess may be ended at the call of the chair or at a time specified.

**H50-240. Adjournment for a legislative day.** (1) A representative may move that the House adjourn for that legislative day. The motion is nondebatable and may be made under any order of business except Order of Business No. 7.

(2) A motion to adjourn for a legislative day must specify a date and time for the House to convene on the subsequent legislative day.

**H50-250. Adjournment sine die.** A representative may move that the House adjourn for the session. The motion is nondebatable and may be made under any order of business except Order of Business No. 7.

HeinOnline -- 1989 vol. II 2256 1989

Chapter 6
Rules

**H60-10. House rules.** (1) The House may adopt, through a House resolution passed by a majority of its members, rules to govern its proceedings.

(2) After adoption of the House rules, two-thirds of the representatives voting must vote in favor of the question to amend the rules.

(3) The Speaker shall refer to the House Rules Committee all resolutions for House rules.

(4) The House Rules Committee shall report all resolutions for House rules within 1 legislative day of referral.

**H60-20. Tenure of rules.** Rules adopted by the House remain in effect until removed by House resolution or until a new House is elected and takes office.

**H60-30. Suspension of rules.** The House may suspend a House rule on a motion approved by not less than two-thirds of the members voting.

**H60-40. Supplementary rules.** Mason's Manual of Legislative Procedure (1989) governs House proceedings in all cases not covered by House rules.

**H60-50. Interpreting rules.** The Speaker shall interpret all questions on House rules, subject to appeal by any fifteen representatives to the House Rules Committee. The decision of the House Rules Committee may be appealed to the House by any representative.

**H60-60. Joint rules superseded.** A House rule, insofar as it relates to the internal proceedings of the House, supersedes a joint rule.

Passed January 11, 1989.

# HOUSE RESOLUTION NO. 2

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING ANHEUSER-BUSCH TO LOCATE A MALTING BARLEY PROCESSING PLANT IN MONTANA.

WHEREAS, it is in the best interest of the State of Montana to encourage industry to process Montana agricultural products within the state; and

WHEREAS, Montana is a major producer of high quality malting barley; and

WHEREAS, Montana has the potential to significantly expand its malting barley production; and

WHEREAS, Montana State University is one of the leading universities in the United States in developing new malting barley varieties; and

HeinOnline -- 1989 vol. II 2257 1989

WHEREAS, Anheuser-Busch and Montana barley producers have a longstanding working relationship; and

WHEREAS, Montana has an abundant supply of good water, electricity, and natural gas, all of which are essential to the production of malt; and

WHEREAS, Anheuser-Busch has shown an interest in locating a malting barley processing plant in Montana; and

WHEREAS, the Montana Congressional Delegation and the Governor have been actively involved in encouraging Anheuser-Busch to locate its malting barley processing plant in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the House of Representatives encourages Anheuser-Busch to locate its malting barley processing plant in Montana.

(2) That the House of Representatives stands ready to assist in any appropriate way possible.

BE IT FURTHER RESOLVED, that the Chief Clerk of the House of Representatives send a copy of this resolution to the president of Anheuser-Busch, Inc.

Passed April 10, 1989.

## CONSTITUTIONAL AMENDMENTS

### CONSTITUTIONAL AMENDMENT 18

By Chapter 343, Laws of 1987, the Legislature proposed an amendment to The Constitution of the State of Montana to eliminate the requirement that the Legislature provide economic assistance and social and rehabilitative services as may be necessary to all inhabitants who are in need of the aid of society by reason of age, infirmities, or misfortune. The proposal allows the Legislature to decide whether to give assistance to those who the Legislature determines are in need and to establish eligibility criteria for welfare services, as well as the duration and level of such services.

Chapter 343 was approved by the following vote at the General Election held November 8, 1988:

| | |
|---|---|
| For: | 182,037 |
| Against: | 165,056 |

The title and text of Chapter 343 follow:

AN ACT TO SUBMIT TO THE QUALIFIED ELECTORS OF MONTANA AN AMENDMENT TO ARTICLE XII, SECTION 3, OF THE MONTANA CONSTITUTION TO ALLOW THE LEGISLATURE GREATER DISCRETION IN PROVIDING ECONOMIC ASSISTANCE AND SOCIAL AND REHABILITATION SERVICES TO THOSE IN NEED; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Legislature historically has prescribed the public policy governing the provisions of economic assistance and social and rehabilitation services to those in need; and

WHEREAS, the Legislature is the appropriate body of state government to determine the needs of its residents; and

WHEREAS, the Montana Supreme Court, in a recent decision, determined that the Montana Constitution requires that statutes relating to such assistance and services are reviewable under a heightened scrutiny test; and

WHEREAS, the Legislature finds that it is in the public interest to restore to the Legislature the power to prescribe the provision of economic assistance and social and rehabilitation services to those in need, subject to review under the rational basis test.

HeinOnline -- 1989 vol. II 2261 1989

THEREFORE, it is the intent of the Legislature to refer this constitutional amendment to the people of the state in order to restore the historical power of the Legislature to set eligibility level criteria for programs and services, as well as for the duration and level of benefits and services relating to economic assistance and social and rehabilitation services.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Article XII, section 3, of The Constitution of the State of Montana is amended to read:

"**Section 3. Institutions and assistance.** (1) The state shall establish and support institutions and facilities as the public good may require, including homes which may be necessary and desirable for the care of veterans.

(2) Persons committed to any such institutions shall retain all rights except those necessarily suspended as a condition of commitment. Suspended rights are restored upon termination of the state's responsibility.

(3) The legislature *may* provide such economic assistance and social and rehabilitative services for those who, by reason of age, infirmities, or misfortune, *are determined by the legislature to be in need.*

*(4) The legislature may set eligibility criteria for programs and services, as well as for the duration and level of benefits and services.*"

Section 2. **Effective date.** If approved by the electorate, this amendment is effective January 1, 1989.

Section 3. **Submission to electorate.** This amendment shall be submitted to the electors of Montana at the general election to be held November 8, 1988, by printing on the ballot the full title of this act and the following:

☐ FOR allowing the legislature greater discretion to determine the eligibility, duration, and level of economic assistance and social services to those in need.

☐ AGAINST allowing the legislature greater discretion to determine the eligibility, duration, and level of economic assistance and social services to those in need.

## CONSTITUTIONAL AMENDMENT 19

By Chapter 459, Laws of 1987, the Legislature proposed an amendment to The Constitution of the State of Montana to give the Legislature authority to establish residency requirements for certain judges. This amendment requires supreme court justices to reside within the state, district court judges to reside within the district, and justices of the peace to reside within the county where they are elected or appointed. The residency requirement for all other judges is provided by law.

HeinOnline -- 1989 vol. II 2262 1989

Chapter 459 was approved by the following vote at the General Election held November 8, 1988:

| | |
|---|---|
| For: | 224,937 |
| Against: | 116,500 |

The title and text of Chapter 459 follow:

AN ACT TO SUBMIT TO THE QUALIFIED ELECTORS OF MONTANA AN AMENDMENT TO ARTICLE VII, SECTION 9, OF THE MONTANA CONSTITUTION TO PROVIDE THAT THE LEGISLATURE MAY ESTABLISH SPECIFIC RESIDENCY REQUIREMENTS FOR JUDGES OTHER THAN SUPREME COURT JUSTICES, DISTRICT COURT JUDGES, AND JUSTICES OF THE PEACE; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Article VII, section 9, of The Constitution of the State of Montana is amended to read:

"**Section 9. Qualifications.** (1) A citizen of the United States who has resided in the state two years immediately before taking office is eligible to the office of supreme court justice or district court judge if admitted to the practice of law in Montana for at least five years prior to the date of appointment or election. Qualifications and methods of selection of judges of other courts shall be provided by law.

(2) No supreme court justice or district court judge shall solicit or receive compensation in any form whatever on account of his office, except salary and actual necessary travel expense.

(3) Except as otherwise provided in this constitution, no supreme court justice or district court judge shall practice law during his term of office, engage in any other employment for which salary or fee is paid, or hold office in a political party.

(4) Supreme court justices shall reside within the state. *During* his term of office, *a district court judge shall reside* in the district *and a justice of the peace shall reside in the* county in which he is elected or appointed. *The residency requirement for every other judge must be provided by law.*"

Section 2. **Effective date.** If approved by the electorate, this amendment is effective July 1, 1989.

Section 3. **Submission to electorate.** This amendment shall be submitted to the electors of Montana at the general election to be held November 8, 1988, by printing on the ballot the full title of this act and the following:

☐ FOR allowing the legislature to establish specific residency requirements for judges other than supreme court justices, district court judges, and justices of the peace.

HeinOnline -- 1989 vol. II 2263 1989

☐ AGAINST allowing the legislature to establish specific residency requirements for judges other than supreme court justices, district court judges, and justices of the peace.

## LEGISLATIVE REFERENDUM

### LEGISLATIVE REFERENDUM 106

By Chapter 342, Laws of 1987, the Legislature proposed an amendment to section 20-25-423, MCA, to continue the statewide 6-mill levy for funding the university system through 1999.

Chapter 342 was approved by the following vote at the General Election held November 8, 1988:

| | |
|---|---|
| For: | 227,638 |
| Against: | 127,259 |

The title and text of Chapter 342 follow:

AN ACT CONTINUING THE FUNDING OF THE MONTANA UNIVERSITY SYSTEM BY A LEVY OF NOT TO EXCEED 6 MILLS ON ALL TAXABLE PROPERTY EACH YEAR FOR 10 YEARS; PROVIDING THAT THE PROPOSED ACT BE SUBMITTED TO THE ELECTORS OF MONTANA; AMENDING SECTION 20-25-423, MCA; AND PROVIDING EFFECTIVE DATES.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 20-25-423, MCA, is amended to read:

**"20-25-423. State tax levy — support of public education institutions.** The legislature shall levy a property tax of not more than 6 mills on the taxable value of all real and personal property each year for 10 years beginning with the year *1989*. All revenue from this property tax levy shall be appropriated for the support, maintenance, and improvement of the Montana university system."

Section 2. **Submission to electorate.** The question of whether section 1 of this act will become effective shall be submitted to the electors of Montana at the general election to be held November 8, 1988, by printing on the ballot the full title of this act and the following:

☐ FOR giving the legislature authority to levy up to 6 mills for the support of the Montana university system.

☐ AGAINST giving the legislature authority to levy up to 6 mills for the support of the Montana university system.

Section 3. **Effective dates.** (1) If approved by the electorate, section 1 of this act is effective January 1, 1989.

(2) Section 2 and this section are effective on passage and approval.

### BY EFFECTIVE DATE

Section 1-2-201, MCA, as amended by Ch. 466, Laws of 1981, provides that:

"Every statute adopted after January 1, 1981, except those that provide for appropriation by the legislature of public funds for a public purpose, takes effect on the first day of October following its passage and approval unless a different time is prescribed therein. Every statute providing for appropriation as specified in this subsection takes effect on the first day of July following its passage and approval unless a different time is prescribed therein."

The following is a list of specially designated effective dates for the 51st Legislature in regular session.

AN ACT TO REQUIRE SCHOOL DISTRICTS TO USE GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; TO PROVIDE AN APPROPRIATION TO THE SUPERINTENDENT OF PUBLIC INSTRUCTION TO ESTABLISH STANDARD ACCOUNTING AND REPORTING PRACTICES; AMENDING SECTIONS 2-7-504, 20-9-201, 20-9-213, AND 20-9-344, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

STATEMENT OF INTENT

It is the intent of the legislature that school districts be required to maintain accounting systems based on generally accepted accounting principles and that the superintendent of public instruction adopt rules necessary to implement this requirement. Under 20-3-106, 20-9-102, 20-9-201, 20-9-211, and 20-9-213, the superintendent of public instruction is authorized to supervise public school financial administration and is required to adopt rules establishing requirements for budgeting and financial administration of public school districts, including accounting and reporting requirements. Under 20-9-344, the board of public education has authority to require any reports it considers necessary.

It is further intended that the districts be required to file accurate and timely reports with the superintendent of public instruction. Districts must be required to provide student and school district data as may be required by the superintendent of public instruction concerning the condition of education in Montana, including personnel information, student and school district demographics, assessment of student and school district achievements, and other appropriate educational factors necessary to enable the legislature to assess the equality of educational opportunity provided by the public school districts and to determine the amount of state aid to be distributed to school districts. Districts shall also provide data to meet grant requirements and other national reporting needs.

It is intended that the superintendent of public instruction provide training, forms, and assistance to the districts as necessary to enable the districts to comply with [this act]. Whenever possible, the superintendent of public instruction shall develop methods for collecting educational data electronically, using formats consistent with school district data processing capabilities. The educational data must be maintained in an electronic format easily accessible by other state agencies and the legislature.

It is intended that the superintendent of public instruction employ two additional full-time-equivalent personnel during fiscal year 1990 and three

HeinOnline -- 1989 vol. II 2529 1989

full-time-equivalent personnel during fiscal year 1991 for the purpose of establishing standard accounting and reporting practices in the public school districts.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 2-7-504, MCA, is amended to read:

**"2-7-504. Accounting methods.** *Unless otherwise required by law, the* department shall prescribe the general methods and details of accounting for the receipt and disbursement of all *money* belonging to governmental entities referred to in this part and shall establish in those offices general methods and details of accounting. All governmental entity officers shall conform with the standards prescribed by the department."

Section 2. Section 20-9-201, MCA, is amended to read:

**"20-9-201. Definitions and application.** (1) As used in this title, unless the context clearly indicates otherwise, "fund" means a separate detailed account of receipts and expenditures for a specific purpose as authorized by law. Funds are classified as follows:

(a) A "budgeted fund" means any fund for which a budget must be adopted in order to expend money from *the* fund. The general fund, transportation fund, bus depreciation reserve fund, elementary tuition fund, retirement fund, debt service fund, leased facilities fund, building reserve fund, adult education fund, nonoperating fund, and any other funds so designated by the legislature *are* budgeted funds.

(b) A "nonbudgeted fund" means any fund for which a budget is not required in order to expend money on deposit in *the* fund. The school food services fund, miscellaneous federal programs fund, building fund, lease or rental agreement fund, traffic education fund, interlocal cooperative fund, and any other funds so designated by the legislature *are* nonbudgeted funds.

(2) The school financial administration provisions of this title apply to all money of any elementary or high school district except the extracurricular money realized from pupil activities. *Elementary and high school districts shall record the receipt and disbursement of all money in accordance with generally accepted accounting principles.* The superintendent of public instruction has general supervisory authority *as prescribed by law* over the school financial administration provisions, as they relate to elementary and high school districts. *He* shall *adopt* rules necessary to secure compliance with the law."

Section 3. Section 20-9-213, MCA, is amended to read:

**"20-9-213. Duties of trustees.** The trustees of each district shall have the sole power and authority to transact all fiscal business and execute all contracts in the name of such district. No person other than the trustees acting as a governing board shall have the authority to expend moneys of the district. In conducting the fiscal business of the district, the trustees shall:

HeinOnline -- 1989 vol. II 2530 1989

(1) cause the keeping of an accurate, detailed accounting of all receipts and expenditures of school moneys for each fund maintained by the district in accordance with *generally accepted accounting principles and the* rules prescribed by the superintendent of public instruction. The record of such accounting shall be open to public inspection at any meeting of the trustees.

(2) authorize all expenditures of district moneys and cause warrants to be issued for the payment of lawful obligations;

(3) have the authority to issue warrants on any budgeted fund in anticipation of budgeted revenues, except that such expenditures shall not exceed the amount budgeted for such fund;

(4) invest any moneys of the district, whenever in the judgment of the trustees such investment would be advantageous to the district, by directing the county treasurer to invest any money of the district in direct obligations of the United States government; in savings or time deposits in a state or national bank, building or loan association, savings and loan association, or credit union insured by the FDIC, FSLIC, or NCUA located in the state; or in a repurchase agreement as authorized in 7-6-213. All interest collected on such deposits or investments shall be credited to the fund from which the money was withdrawn, except that interest earned on account of the investment of money realized from the sale of bonds shall be credited to the debt service fund or the building fund, at the discretion of the board of trustees. The placement of the investment by the county treasurer shall not be subject to ratable distribution laws and shall be done in accordance with the directive from the board of trustees. A district may invest moneys under the state unified investment program established in Title 17, chapter 6.

*(5) cause the district to record every transaction in the appropriate account before the accounts are closed at the end of the fiscal year, in order to properly report the receipt, use, and disposition of all money and property for which the district is accountable;*

*(6)* report annually to the county superintendent, not later than August 1, the financial activities of each fund maintained by the district during the last completed school fiscal year, on the forms prescribed and furnished by the superintendent of public instruction. Annual fiscal reports for joint school districts shall be submitted to the county superintendent of each county in which part of the joint district is situated.

*(7)* whenever requested, report any other fiscal activities to the county superintendent, superintendent of public instruction, or board of public education;

*(8)* cause the accounting records of the district to be audited annually as required by law; and

*(9)* perform, in the manner permitted by law, such other fiscal duties that are in the best interests of the district."

Section 4. Section 20-9-344, MCA, is amended to read:

**"20-9-344. Purpose of state equalization aid and duties of the board of public education for distribution — conditions of first payment.** (1) The money available for state equalization aid *must* be distributed and apportioned to provide an annual minimum operating revenue for the elementary and high schools in each county, exclusive of revenues required for debt service and for the payment of any costs and expense incurred in connection with any adult education program, recreation program, school food services program, new buildings *and* grounds, and transportation.

(2) The board of public education shall administer and distribute the state equalization aid in the manner and with the powers and duties provided by law. To this end, the board of public education shall:

(a) adopt policies for regulating the distribution of state equalization aid in accordance with the provisions of law and in a manner that would most effectively meet the financial needs of districts;

(b) have the power to require reports from the county superintendents, budget boards, county treasurers, and trustees as it *considers* necessary; and

(c) order the superintendent of public instruction to distribute the state equalization aid on the basis of each district's annual entitlement to *the* aid as established by the superintendent of public instruction. In ordering the distribution of state equalization aid, the board of public education *may* not increase or decrease the state equalization aid distribution to any district on account of any difference *that* may occur during the school fiscal year between budgeted and actual receipts from any other source of school revenue.

*(3) The board of public education may order the superintendent of public instruction to withhold distribution of state equalization aid from a district when the district fails to:*

*(a) submit reports or budgets as required by law or rules adopted by the board of public education; or*

*(b) maintain accredited status.*

*(4) Prior to any proposed order by the board of public education to withhold distribution of state equalization aid, the district is entitled to a contested case hearing before the board of public education, as provided under the Montana Administrative Procedure Act.*

*(5)* Should a district receive more state equalization aid than it is entitled to, the county treasurer *shall* return the overpayment to the state upon the request of the superintendent of public instruction in the manner prescribed by the department of commerce.

*(6)* The first payment of state equalization aid must be:

(a) based on an estimate of 20% of each district's entitlement; and

(b) distributed by July 15 of the school fiscal year."

HeinOnline -- 1989 vol. II 2532 1989

Section 5. **Appropriation.** There is appropriated from the general fund $204,950 for the biennium ending June 30, 1991, to the superintendent of public instruction to establish standard accounting and reporting practices in all Montana public school districts.

Section 6. **Effective date.** [This act] is effective July 1, 1990.

Approved June 30, 1989.

# CHAPTER NO. 2

[SB 17]

AN ACT TO ALLOW THE GOVERNING BODY OF A THIRD-CLASS CITY OR TOWN TO ESTABLISH THE DAYS AND TIMES THAT MUNICIPAL OFFICES ARE OPEN; AMENDING SECTION 7-4-102, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 7-4-102, MCA, is amended to read:

"**7-4-102. Office hours.** *(1)* Unless otherwise provided by law, every officer *shall* keep his office open for the transaction of business continuously from 8 a.m. until 5 p.m. each day except Saturdays and legal holidays. Every officer shall keep his office open at such other times as the accommodation of the public or the proper transaction of business requires.

*(2) County* and city treasurers may, in the interest of the safekeeping of funds, securities, and records under their control, close their offices during the period from noon to 1 p.m. every day.

*(3) The governing body of a third-class city or town may establish days and times when municipal offices are open to conduct business that are different from the days and times required by subsection (1).*"

Section 2. **Effective date.** [This act] is effective on passage and approval.

Approved July 1, 1989.

# CHAPTER NO. 3

[SB 16]

AN ACT CREATING A JOINT LEGISLATIVE COMMITTEE ON ACCOUNTABILITY AND QUALITY IN EDUCATION; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Definitions.** As used in [this act], "committee" means the joint legislative committee on accountability and quality in education created in [section 2].

HeinOnline -- 1989 vol. II 2533 1989

Section 2. **Joint legislative committee on accountability and quality in education — composition and appointment.** (1) There is a joint legislative committee on accountability and quality in education.

(2) The committee consists of eight members appointed as follows:

(a) four members of the house of representatives appointed by the speaker of the house; and

(b) four members of the senate appointed by the committee on committees of the senate.

(3) No more than two members from each house may be of the same political party.

(4) Members must be appointed by July 15, 1989.

Section 3. **Term of office — vacancies.** (1) A committee member shall serve until [this act] terminates as provided in [section 7].

(2) A vacancy on the committee must be filled in the same manner as the original appointment.

Section 4. **Officers — meetings — quorum — compensation.**

(1) The committee shall choose from its membership a chairman and vice chairman.

(2) The committee shall meet upon the call of the chairman or at the request of any four members.

(3) Five members constitute a quorum to transact business.

(4) A member is entitled to compensation as provided in 5-2-302.

Section 5. **Duties of committee.** (1) The committee shall study proposals for assuring accountability and quality in public elementary and high school programs. These proposals include but are not limited to:

(a) requiring the board of trustees of each elementary and high school district to make public an annual statistical report concerning student academic performance, student assessment scores on standardized tests, teacher and administrator attendance, total number of teachers, administrators, and noncertified personnel employed, number of student dropouts, and other relevant data;

(b) requiring elementary and high schools to use generally accepted accounting principles when reporting their expenditures and receipts;

(c) creating an incentive pay program for elementary and high school teachers;

(d) permitting elementary and high school students to attend school outside their resident districts;

(e) permitting high school seniors to be reimbursed for the cost of attending courses at another high school or at a postsecondary educational institution; and

HeinOnline -- 1989 vol. II 2534 1989

(f) establishing a specialized instructor certification program to permit competent individuals to teach in their areas of expertise.

(2) In addition to the duties provided for in subsection (1), the committee shall develop a definition of a basic system of free quality public elementary and secondary schools and specify the state's responsibility to fund and to distribute in an equitable manner its share of the cost of the system as provided in the Montana constitution.

(3) The committee shall report its findings, options for legislative consideration, and any proposed legislation to the governor, 52nd legislature, and board of public education.

Section 6. **Staff assistance.** The legislative council shall provide staff assistance to the committee.

Section 7. **Termination.** [This act] terminates July 1, 1991.

Section 8. **Effective date.** [This act] is effective on passage and approval.

Approved July 10, 1989.

# CHAPTER NO. 4

[HB 6]

AN ACT TO INCREASE BY 3 PERCENT THE MAXIMUM GENERAL FUND BUDGET SCHEDULES FOR ELEMENTARY SCHOOLS AND HIGH SCHOOLS FOR SCHOOL FISCAL YEAR 1989-90; TO APPROPRIATE FUNDS TO THE SUPERINTENDENT OF PUBLIC INSTRUCTION FOR STATE EQUALIZATION AID; AMENDING SECTIONS 20-9-316 AND 20-9-317, MCA; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 20-9-316, MCA, is amended to read:

**"20-9-316. Elementary school maximum budget schedule for 1989-90.** (1) For each elementary school having an ANB of nine or fewer pupils, the maximum *is $20,763* if *the* school is approved as an isolated school.

(2) For schools with an ANB of 10 pupils but less than 18 pupils, the maximum *is $20,763* plus *$868* per pupil on the basis of the average number belonging over nine.

(3) For schools with an ANB of at least 14 pupils but less than 18 pupils that qualify for instructional aide funding under 20-9-322, the maximum *is $34,033* plus *$868* per pupil on the basis of the average number belonging over 14.

HeinOnline -- 1989 vol. II 2535 1989

(4) For schools with an ANB of 18 pupils and employing one teacher, the maximum *is $28,573* plus *$868* per pupil on the basis of the average number belonging over 18, not to exceed an ANB of 25.

(5) For schools with an ANB of 18 pupils and employing two full-time teachers, the maximum *is $45,619* plus *$543* per pupil on the basis of the average number belonging over 18, not to exceed an ANB of 50.

(6) For schools having an ANB in excess of 40, the maximum, on the basis of the total pupils (ANB) in the district, for elementary pupils *is* as follows:

(a) For a school having an ANB of more than 40 and employing a minimum of three teachers, the maximum of *$2,016 must* be decreased at the rate of *$1.96* for each additional pupil until the total number (ANB) *reaches* 100 pupils.

(b) For a school having an ANB of more than 100 pupils, the maximum of *$1,898 must* be decreased at the rate of *$1.79* for each additional pupil until the ANB *reaches* 300 pupils.

(c) For a school having an ANB of more than 300 pupils, the maximum *may* not exceed *$1,541* for each pupil.

(7) The maximum per pupil for all pupils (ANB) and for all elementary schools *must* be computed on the basis of the amount allowed *in this section* on account of the last eligible pupil (ANB). All elementary schools operated within the incorporated limits of a city or town *must* be treated as one school for the purpose of this schedule."

Section 2. Section 20-9-317, MCA, is amended to read:

**"20-9-317. High school maximum budget schedule for 1989-90.** (1) For each high school having an ANB of 24 or fewer pupils, the maximum *is $118,290.*

(2) For a *high* school having an ANB of more than 24 pupils, the maximum *of $4,929 must* be decreased at the rate of *$26.88* for each additional pupil until the ANB *reaches* 40 pupils.

(3) For a school having an ANB of more than 40 pupils, the maximum of *$4,499 must* be decreased at the rate of *$26.88* for each additional pupil until the ANB *reaches* 100 pupils.

(4) For a school having an ANB of more than 100 pupils, *the* maximum of *$2,886 must* be decreased at the rate of *$4.50* for each additional pupil until the ANB *reaches* 200 pupils.

(5) For a school having an ANB of more than 200 pupils, the maximum of *$2,436 must* be decreased by *$2.47* for each additional pupil until the ANB *reaches* 300 pupils.

(6) For a school having an ANB of more than 300 pupils, the maximum of *$2,189 must* be decreased at the rate of *45* cents *for each additional pupil* until the ANB *reaches* 600 pupils.

(7) For a school having an ANB *of more than* 600 pupils, the maximum *may* not exceed *$2,053* per pupil.

HeinOnline -- 1989 vol. II 2536 1989

(8) The maximum per pupil for all pupils (ANB) and for all high schools *must* be computed on the basis of the amount allowed *in this section* on account of the last eligible pupil (ANB). All high schools and junior high schools which have been approved and accredited as junior high schools, operated within the incorporated limits of a city or town, *must* be treated as one school for the purpose of this schedule."

Section 3. **Appropriation.** (1) All revenue received under the provisions of 20-9-343 is appropriated to the superintendent of public instruction for the fiscal year ending June 30, 1990, for state equalization aid for the school fiscal year ending June 30, 1990.

(2) Any money remaining as of June 30, 1989, and any money accruing as of June 30, 1990, in the education trust fund account established in 90-6-202(3) is appropriated to the superintendent of public instruction for the fiscal year ending June 30, 1990, for state equalization aid for public schools.

Section 4. **Effective date.** [This act] is effective July 1, 1989.

Approved July 11, 1989.

# CHAPTER NO. 5

[HB 23]

AN ACT TO EXEMPT ECONOMIC DEVELOPMENT LEVIES FROM THE PROPERTY TAX FREEZE IF THE AUTHORIZATION FOR THE LEVY OCCURRED PRIOR TO DECEMBER 31, 1990; AMENDING SECTIONS 15-10-412 AND 90-5-112, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-10-412, MCA, is amended to read:

**"15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

HeinOnline -- 1989 vol. II 2537 1989

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status;

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements; or

(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit;

(f) conversion of the individual property from tax-exempt to taxable status; or

(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

HeinOnline -- 1989 vol. II 2538 1989

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8)*; and*

*(i) levies for economic development authorized pursuant to 90-5-112(4).*

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

HeinOnline -- 1989 vol. II 2539 1989

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 2. Section 90-5-112, MCA, is amended to read:

**"90-5-112. Economic development levy.** (1) Upon an affirmative vote of a majority of the qualified voters voting in a city, county, or town on the question of whether the governing body may levy a tax for economic development, the governing body of that city, county, or town is authorized to levy in any one election up to 1 mill upon the taxable value of all the property in the county, city, or town subject to taxation for the purpose of economic development for a period not to exceed 5 years.

(2) Funds derived from this levy may be used for purchasing land for industrial parks, constructing buildings to house manufacturing and processing operations, conducting preliminary feasibility studies, promoting economic development opportunities in a particular area, and other activities generally associated with economic development. These funds may not be used to directly assist an industry's operations by loan or grant or to pay the salary or salary supplements of government employees.

(3) The governing body of the county, city, or town may use the funds derived from this levy to contract with local development companies and other associations or organizations capable of implementing the economic development function.

*(4) The authorization to levy up to 1 mill for the purpose of economic development, as provided in subsection (1), is not subject to the provisions*

HeinOnline -- 1989 vol. II 2540 1989

*of Title 15, chapter 10, part 4, if voter authorization for the levy occurred prior to December 31, 1990."*

Section 3. **Effective date.** [This act] is effective on passage and approval.

Approved July 11, 1989.

# CHAPTER NO. 6

[HB 24]

AN ACT ALLOWING TAXING UNITS THAT IMPOSE PROPERTY TAX LEVIES UNDER THE AUTHORITY OF TITLE 20, MCA, GOVERNING SCHOOLS, COMMUNITY COLLEGES, AND OTHER EDUCATIONAL ENTITIES, TO RAISE, WITH VOTER APPROVAL, THE MAXIMUM NUMBER OF MILLS THEY MAY LEVY TO A 3-YEAR AVERAGE IF THE REVENUE RAISED IN 1986 WAS LESS THAN THE REVENUE RAISED IN EITHER 1984 OR 1985; AMENDING SECTION 15-10-412, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-10-412, MCA, is amended to read:

**"15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

HeinOnline -- 1989 vol. II 2541 1989

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status;

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements; or

(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit;

(f) conversion of the individual property from tax-exempt to taxable status; or

(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the

HeinOnline -- 1989 vol. II 2542 1989

procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

*(a)* the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

*(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986.*

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments; and

(h) revolving funds to support any categories specified in this subsection (8).

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

HeinOnline -- 1989 vol. II 2543 1989

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 2. **Effective date — retroactive applicability.** (1) [This act] is effective on passage and approval.

(2) [This act] applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1988.

Approved July 11, 1989.

AN ACT TO ALLOW TAXING UNITS SERVED BY A CITY-COUNTY BOARD OF HEALTH TO INCREASE, WITH VOTER APPROVAL, THE MAXIMUM NUMBER OF MILLS THEY MAY LEVY TO A 3-YEAR AVERAGE IF THE 1986 LEVY WAS LESS THAN THE NUMBER OF MILLS LEVIED IN EITHER 1984 OR 1985; TO AUTHORIZE THE GOVERNING BODIES OF THE TAXING UNITS SERVED BY A CITY-COUNTY BOARD OF HEALTH, IF NECESSARY TO ENSURE PUBLIC HEALTH, TO LEVY UP TO THE 5-MILL STATUTORY MAXIMUM MILL LEVY TO SUPPORT THE CITY-COUNTY BOARD OF HEALTH; AMENDING SECTION

HeinOnline -- 1989 vol. II 2544 1989

15-10-412, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-10-412, MCA, is amended to read:

**"15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status;

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements; or

(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit;

(f) conversion of the individual property from tax-exempt to taxable status; or

(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

*(a)* the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

HeinOnline -- 1989 vol. II 2546 1989

*(b) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.*

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments; and

(h) revolving funds to support any categories specified in this subsection (8).

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) *(a)* The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

*(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support a city-county board of health as provided*

*in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.*

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 2. **Effective date — retroactive applicability.** (1) [This act] is effective on passage and approval.

(2) [This act] applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1988.

Approved July 11, 1989.

[HB 4]

AN ACT REQUIRING ASSESSMENT OF A MOTOR VEHICLE FOR TAX PURPOSES TO INCLUDE A PERTINENT ADDITION OR DEDUCTION FOR A DIESEL ENGINE; AMENDING SECTION 61-3-503, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 61-3-503, MCA, is amended to read:

**"61-3-503. (Temporary) Assessment.** (1) Except as provided in 61-3-520 and subsection (2) of this section, the following apply to the taxation of motor vehicles:

(a) Except as provided in subsections (1)(c) through (1)(e), a person who files an application for registration or reregistration of a motor vehicle shall before filing the application with the county treasurer submit the application to the county assessor. The county assessor shall enter on the application in a space to be provided for that purpose the market value and taxable value of the vehicle as of January 1 of the year for which the application for registration is made.

(b) Except as provided in subsection (1)(c), motor vehicles are assessed for taxes on January 1 in each year irrespective of the time fixed by law for the assessment of other classes of personal property and irrespective of whether the levy and tax may be a lien upon real property within the state. A motor vehicle is not subject to assessment, levy, and taxation more than once in each year.

HeinOnline -- 1989 vol. II 2548 1989

(c) Vehicles subject to the provisions of 61-3-313 through 61-3-316 shall be assessed as of the first day of the registration period, using the average trade-in or wholesale value as of January 1 of the year of assessment of the vehicle as contained in the most recent volume of the Mountain States Edition of the National Automobile Dealers Association (N.A.D.A.) Official Used Car Guide, the National Edition of N.A.D.A. Appraisal Guides Official Older Used Car Guide, or, for a vehicle that was never listed in any edition of the preceding guides, the retail value of the vehicle as determined by the county assessor, and thereafter depreciated 10% per year until a value of $500 is reached, not including additions or deductions for options and mileage *but including additions or deductions, whether or not one of the preceding guides is used, for diesel engines*; and a lien for taxes and fees due on the vehicle shall occur on the anniversary date of the registration and shall continue until the fees and taxes have been paid. If the value shown in any of the appraisal guides listed in this section is less than $500, the department shall value the vehicle at $500.

(d) Motorcycles and quadricycles shall be assessed, using the greater of the following:

(i) $250; or

(ii) the average trade-in or wholesale value as of January 1 of the year of assessment of the vehicle as contained in the most recent volume of the applicable National Edition of the N.A.D.A. Motorcycle/Moped/ATV Appraisal Guide or N.A.D.A. Recreational Vehicle Appraisal Guide, not including additions or deductions for options and mileage.

(e) If a vehicle assessed under subsection (1)(c) or (1)(d) is not originally listed in the applicable N.A.D.A. guide, the department of revenue or its agent shall depreciate the original f.o.b. factory list price, f.o.b. port-of-entry list price, or the manufacturer's suggested list price, using the following methods:

(i) if the new car sales tax has been previously paid and the vehicle is less than 1 year in age, the depreciation percentage shall be 20%; or

(ii) if the vehicle is 1 year or older in age and it is not listed in any of the appraisal guides listed in this section, the department of revenue shall determine the depreciation percentage to approximate the average wholesale or trade-in values in the current N.A.D.A. guides referred to in this subsection. For purposes of this subsection (1), the age of the vehicle is determined by subtracting the manufacturer's model year of the vehicle from the calendar year of assessment.

(f) When a minimum value of $500 is reached, the value shall remain at that minimum so long as the vehicle is registered.

(g) If a previously registered vehicle is no longer listed in the applicable N.A.D.A. guide, the department or its agent shall depreciate the value of the vehicle at the rate of 10% a year until a minimum amount of $500 is attained, and the value shall remain at that amount so long as the vehicle is registered.

(2) The provisions of subsections (1)(a) through (1)(g) do not apply to motor homes, travel trailers, campers, or mobile homes as defined in

15-1-101(1). **(Terminates December 31, 1993—sec. 11, Ch. 525, L. 1989.)**

**61-3-503. (Effective January 1, 1994) Assessment.** (1) Except as provided in subsection (2), the following apply to the taxation of motor vehicles:

(a) Except as provided in subsections (1)(c) through (1)(e), a person who files an application for registration or reregistration of a motor vehicle shall before filing such application with the county treasurer submit the application to the county assessor. The county assessor shall enter on the application in a space to be provided for that purpose the market value and taxable value of the vehicle as of January 1 of the year for which the application for registration is made.

(b) Except as provided in subsection (1)(c), motor vehicles are assessed for taxes on January 1 in each year irrespective of the time fixed by law for the assessment of other classes of personal property and irrespective of whether the levy and tax may be a lien upon real property within the state. In no event may any motor vehicle be subject to assessment, levy, and taxation more than once in each year.

(c) Vehicles subject to the provisions of 61-3-313 through 61-3-316 shall be assessed as of the first day of the registration period, using the average trade-in or wholesale value as of January 1 of the year of assessment of the vehicle as contained in the most recent volume of the Mountain States Edition of the National Automobile Dealers Association (N.A.D.A.) Official Used Car Guide, the National Edition of N.A.D.A. Appraisal Guides Official Older Used Car Guide, or, for a vehicle that was never listed in any edition of the preceding guides, the retail value of the vehicle as determined by the county assessor, and thereafter depreciated 10% per year until a value of $500 is reached, not including additions or deductions for options and mileage *but including additions or deductions, whether or not one of the preceding guides is used, for diesel engines*; and a lien for taxes and fees due on the vehicle shall occur on the anniversary date of the registration and shall continue until the fees and taxes have been paid. If the value shown in any of the appraisal guides listed in this section is less than $500, the department shall value the vehicle at $500.

(d) Motorcycles and quadricycles shall be assessed, using the greater of the following:

(i) $250; or

(ii) the average trade-in or wholesale value as of January 1 of the year of assessment of the vehicle as contained in the most recent volume of the applicable National Edition of the N.A.D.A. Motorcycle/Moped/ATV Appraisal Guide or N.A.D.A. Recreational Vehicle Appraisal Guide, not including additions or deductions for options and mileage.

(e) If a vehicle assessed under subsection (1)(c) or (1)(d) is not originally listed in the applicable N.A.D.A. guide, the department of revenue or its agent shall depreciate the original f.o.b. factory list price, f.o.b. port-of-entry list price, or the manufacturer's suggested list price, using the following methods:

HeinOnline -- 1989 vol. II 2550 1989

(i) if the new car sales tax has been previously paid and the vehicle is less than 1 year in age, the depreciation percentage shall be 20%; or

(ii) if the vehicle is 1 year or older in age and it is not listed in any of the appraisal guides listed in this section, the department of revenue shall determine the depreciation percentage to approximate the average wholesale or trade-in values in the current N.A.D.A. guides referred to in this subsection. For purposes of this subsection (1), the age of the vehicle is determined by subtracting the manufacturer's model year of the vehicle from the calendar year of assessment.

(f) When a minimum value of $500 is reached, the value shall remain at that minimum so long as the vehicle is registered.

(g) If a previously registered vehicle is no longer listed in the applicable N.A.D.A. guide, the department or its agent shall depreciate the value of the vehicle at the rate of 10% a year until a minimum amount of $500 is attained, and the value shall remain at that amount so long as the vehicle is registered.

(2) The provisions of subsections (1)(a) through (1)(g) do not apply to motor homes, travel trailers, campers, or mobile homes as defined in 15-1-101(1)."

Section 2. **Effective date.** [This act] is effective January 1, 1990.

Approved July 14, 1989.

# CHAPTER NO. 9

[HB 56]

AN ACT TO REVISE THE WORKERS' COMPENSATION ACT TO CONTINUE THE FREEZE ON MAXIMUM WEEKLY COMPENSATION BENEFITS PAYABLE BY AN INSURER; TO EXTEND THE PERIOD FOR WHICH A FREEZE IS IMPOSED ON THE MAXIMUM FEE SCHEDULE FOR MEDICAL, HOSPITAL, AND RELATED SERVICES; TO APPROPRIATE $20 MILLION FROM THE GENERAL FUND, TO REDUCE THE UNFUNDED LIABILITY IN THE STATE COMPENSATION MUTUAL INSURANCE FUND; TO REQUIRE QUARTERLY ESTIMATED PAYMENTS BY ALL TAXPAYERS SUBJECT TO CORPORATE LICENSE OR INCOME TAX WHO HAVE ANNUAL STATE TAX LIABILITIES IN EXCESS OF $5,000; TO PROVIDE FOR INTEREST PENALTIES FOR UNDERPAYMENT; TO EXEMPT RATE CHANGES MADE IN RESPONSE TO THIS ACT FROM THE 30-DAY NOTICE REQUIREMENT; AMENDING SECTIONS 15-31-101, 15-31-502, 39-71-701 THROUGH 39-71-704, 39-71-721, 39-71-1024, AND 39-71-2504, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Section 1. Section 15-31-101, MCA, is amended to read:

**"15-31-101. Organizations subject to tax.** (1) The term "corporation" includes associations, joint-stock companies, common-law trusts and

business trusts which do business in an organized capacity, and all other corporations whether created, organized, or existing under and pursuant to the laws, agreements, or declarations of trust of any state, country, or the United States.

(2) The terms "engaged in business" and "doing business" both mean actively engaging in any transaction for the purpose of financial or pecuniary gain or profit.

(3) Except as provided in 15-31-103 or 33-2-705(4) or as may be otherwise specifically provided, every corporation engaged in business in the state of Montana shall annually pay to the state treasurer as a license fee for the privilege of carrying on business in this state such percentage or percentages of its total net income for the preceding taxable year at the rate hereinafter set forth. In the case of corporations having income from business activity which is taxable both within and without this state, the license fee shall be measured by the net income derived from or attributable to Montana sources as determined under part 3. *Except as provided in 15-31-502, this* tax is due and payable on the 15th day of the 5th month following the close of the taxable year of the corporation; however, the tax becomes a lien as provided in this chapter on the last day of the taxable year in which the income was earned and is for the privilege of carrying on business in this state for the taxable year in which the income was earned.

(4) Every bank organized under the laws of the state of Montana, of any other state, or of the United States and every savings and loan association organized under the laws of this state or of the United States is subject to the Montana corporation license tax provided for under this chapter. For taxable years beginning on and after January 1, 1972, this subsection is effective in accordance with Public Law 91-156, section 2 (12 U.S.C. 548)."

Section 2. Section 15-31-502, MCA, is amended to read:

**"15-31-502. Assessment and payment of tax — estimated tax payment.** *(1)* All taxpayers shall compute the amount of tax payable under this chapter and shall remit *the* amount to the department of revenue on or before the 15th day of the 5th month following the close of the taxable period.

*(2) Each corporation shall make estimated tax payments if its annual estimated tax can reasonably be expected to be $5,000 or more. The estimated payments must be made in installments as follows:*

| *(a) If the $5,000 threshold is met or exceeded:* | *The following percentages of the estimated tax must be paid on the 15th day of the applicable months:* | | | |
|---|---|---|---|---|
| | *4th month* | *6th month* | *9th month* | *12th month* |
| *Before the 1st day of the 4th month of the taxable year:* | *25%* | *25%* | *25%* | *25%* |
| *After the last day of the 3rd month and before the 1st day of the 6th month of the taxable year:* | | *33 ⅓%* | *33 ⅓%* | *33 ⅓%* |

HeinOnline -- 1989 vol. II 2552 1989

| | | |
|---|---|---|
| *After the last day of the 5th month and before the 1st day of the 9th month of the taxable year:* | *50%* | *50%* |
| *After the last day of the 8th month and before the 12th month of the taxable year:* | | *100%* |

*(b) If after paying any installment of estimated tax the taxpayer makes a new estimate, the amount of each installment, if any, is the amount that would have been paid if the new estimate had been made when the first estimate for the taxable year was made, increased or decreased, as the case may be, by the amount computed by dividing:*

*(i) the difference between:*

*(A) the amount of estimated tax required to be paid before the date on which the new estimate was made; and*

*(B) the amount of estimated tax that would have been required to be paid before that date if the new estimate had been made when the first estimate was made:*

*(ii) by the number of installments remaining to be paid on or after the date on which the new estimate was made.*

*(3) The application of this section to taxable years of less than 12 months must be in accordance with rules adopted by the department.*

*(4) At the election of the corporation, any installment of the estimated tax may be paid before the date prescribed for its payment."*

Section 3. **Estimated payments — interest penalty — tax returns — penalty — interest.** (1) For corporations failing to make estimated payments according to the schedule provided in 15-31-502(2), there is assessed a 20% per annum underpayment interest penalty calculated as follows:

(a) For purposes of this subsection (a), the amount of underpayment is in excess of the amount of the installment that would be required to be paid if the estimated tax were equal to 80% of the tax shown on the return for the taxable year or, if no return was filed, 80% of the tax for the year over the amount, if any, of the installment paid on or before the last date prescribed for payment.

(b) Notwithstanding the provisions of subsection (1)(a), the interest penalty with respect to an underpayment of any installment may not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of the installment equals or exceeds the amount that would have been required to be paid on or before that date if the estimated tax were the lesser of the following:

(i) the tax shown on the return of the corporation for the preceding taxable year if a return showing a liability for tax was filed for the preceding taxable year and the preceding year was a taxable year of 12 months;

HeinOnline -- 1989 vol. II 2553 1989

(ii) an amount equal to the tax computed at the rates applicable to the taxable year, but otherwise on the basis of the facts shown on the return of the corporation for, and the law applicable to, the preceding taxable year; or

(iii) an amount equal to 80% of the tax for the taxable year, computed by placing on an annualized basis the taxable income:

(A) for the first 3 months of the taxable year in the case of the installment required to be paid in the 4th month;

(B) for the first 3 months or for the first 5 months of the taxable year in the case of the installment required to be paid in the 6th month;

(C) for the first 6 months or for the first 8 months of the taxable year in the case of the installment required to be paid in the 9th month; and

(D) for the first 9 months or for the first 11 months of the taxable year in the case of the installment required to be paid in the 12th month of the taxable year.

(c) For purposes of subsection (1)(b)(iii), the taxable income must be placed on an annualized basis by:

(i) multiplying by 12 the taxable income referred to in subsection (1)(b)(iii); and

(ii) dividing the resulting amount by the number of months in the taxable year (3, 5, 6, 8, 9, or 11, as the case may be) referred to in subsection (1)(b)(iii).

(d) Notwithstanding subsections (1)(a) through (1)(c), the interest penalty with respect to an underpayment of any installment may not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of the installment equals or exceeds 80% of the amount determined under subsection (1)(e).

(e) To determine the amount under this subsection (e) for any installment:

(i) take the taxable income for all months during the taxable year preceding the filing month;

(ii) divide the amount by the base period percentage for all months during the taxable year preceding the filing month;

(iii) determine the tax on the amount calculated under subsection (1)(e)(ii); and

(iv) multiply the tax computed under subsection (1)(e)(iii) by the base period percentage for the filing month and all months during the taxable year preceding the filing month.

(f) For purposes of this subsection (1):

(i) the base period percentage for any period of months is the average percentage that the taxable income for the corresponding months in each

of the 3 preceding taxable years bears to the taxable income of the 3 preceding years;

(ii) the term "filing month" means the month in which the installment is required to be paid;

(iii) this subsection (1) applies only if the base period percentage for any 6 consecutive months of the taxable year equals or exceeds 70%; and

(iv) the department of revenue may by rule provide for the determination of the base period percentage in the case of reorganizations, new corporations, and other similar circumstances.

(2) If the tax for any corporation is not paid on or before the due date of the return as provided in 15-31-111(2), there is assessed a penalty of 10% of the amount of the tax due, unless it is shown that the failure was due to reasonable cause and not to neglect.

(3) If any tax due under this section is not paid when due, by reason of extension granted or otherwise, interest is added to the tax due at the rate of 12% a year from the due date until paid.

Section 4. Section 39-71-701, MCA, is amended to read:

**"39-71-701. Compensation for temporary total disability.** (1) Subject to the limitation in 39-71-736, a worker is eligible for temporary total disability benefits when the worker suffers a total loss of wages as a result of an injury and until the worker reaches maximum healing.

(2) The determination of temporary total disability must be supported by a preponderance of medical evidence.

(3) Weekly compensation benefits for injury producing temporary total disability shall be 66 ⅔% of the wages received at the time of the injury. The maximum weekly compensation benefits *may* not exceed the state's average weekly wage at the time of injury. Temporary total disability benefits *must* be paid for the duration of the worker's temporary disability. The weekly benefit amount may not be adjusted for cost of living as provided in 39-71-702(5).

(4) In cases where it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for such week, which amount is to be calculated from the date of the disability social security entitlement.

(5) Notwithstanding subsection (3), beginning July 1, 1987, through June 30, *1991*, weekly compensation benefits for temporary total disability may not exceed the state's average weekly wage of $299 established July 1, 1986."

Section 5. Section 39-71-702, MCA, is amended to read:

**"39-71-702. Compensation for permanent total disability.** (1) If a worker is no longer temporarily totally disabled and is unable to return to work due to injury, the worker is eligible for permanent total disability

HeinOnline -- 1989 vol. II 2555 1989

benefits. At an insurer's request, an evaluation of all options under 39-71-1012 must be made before permanent total disability status is determined. Permanent total disability benefits must be paid for the duration of the worker's permanent total disability, subject to 39-71-710 and 39-71-1026.

(2) The determination of permanent total disability must be supported by a preponderance of medical evidence.

(3) Weekly compensation benefits for an injury resulting in permanent total disability shall be 66 ⅔% of the wages received at the time of the injury. The maximum weekly compensation benefits shall not exceed the state's average weekly wage at the time of injury.

(4) In cases where it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for such week, which amount is to be calculated from the date of the disability social security entitlement.

(5) A worker's benefit amount must be adjusted for a cost-of-living increase on the next July 1 after 104 weeks of permanent total disability benefits have been paid and on each succeeding July 1. A worker may not receive more than 10 such adjustments. The adjustment must be the percentage increase, if any, in the state's average weekly wage as adopted by the department over the state's average weekly wage adopted for the previous year or 3%, whichever is less.

(6) Notwithstanding subsection (3), beginning July 1, 1987, through June 30, *1991*, the maximum weekly compensation benefits for permanent total disability may not exceed the state's average weekly wage of $299 established July 1, 1986."

Section 6. Section 39-71-703, MCA, is amended to read:

**"39-71-703. Compensation for permanent partial disability — impairment awards and wage supplements.** (1) The benefits available for permanent partial disability are impairment awards and wage supplements. A worker who has reached maximum healing and is not eligible for permanent total disability benefits but who has a medically determined physical restriction as a result of a work-related injury may be eligible for an impairment award and wage supplement benefits as follows:

(a) The following procedure must be followed for an impairment award:

(i) Each percentage point of impairment is compensated in an amount equal to 5 weeks times 66 ⅔% of the wages received at the time of the injury, subject to a maximum compensation rate of one-half of the state's average weekly wage at the time of injury.

(ii) When a worker reaches maximum healing, an impairment rating is rendered by one or more physicians as provided for in 39-71-711. Impairment benefits are payable beginning the date of maximum healing.

HeinOnline -- 1989 vol. II 2556 1989

(iii) An impairment award may be paid biweekly or in a lump sum, at the discretion of the worker. Lump sums paid for impairments are not subject to the requirements set forth in 39-71-741, except that lump-sum conversions for benefits not accrued may be reduced to present value at the rate set forth by the department in 39-71-741(5).

(iv) If a worker becomes eligible for permanent total disability benefits, the insurer may recover any lump-sum advance paid to a claimant for impairment, as set forth in 39-71-741(5). Such right of recovery does not apply to lump-sum benefits paid for the period prior to claimant's eligibility for permanent total disability benefits.

(v) If a worker suffers additional injury, an impairment award payable for the additional injury must be reduced by the amount of a previous award paid for impairment to the same site on the body.

(b) The following procedure must be followed for a wage supplement:

(i) A worker must be compensated in weekly benefits equal to 66 2/3% of the difference between the worker's actual wages received at the time of the injury and the wages the worker is qualified to earn in the worker's job pool, subject to a maximum compensation rate of one-half the state's average weekly wage at the time of injury.

(ii) Eligibility for wage supplement benefits begins at maximum healing and terminates at the expiration of 500 weeks minus the number of weeks for which a worker's impairment award is payable, subject to 39-71-710. A worker's failure to sustain a wage loss compensable under subsection (1)(b)(i) does not extend the period of eligibility. However, if a worker becomes eligible for temporary total disability, permanent total disability, or total rehabilitation benefits after reaching maximum healing, the eligibility period for wage supplement benefits is extended by any period for which a worker is compensated by those benefits after reaching maximum healing.

(2) The determination of permanent partial disability must be supported by a preponderance of medical evidence.

(3) Notwithstanding subsection (1), beginning July 1, 1987, through June 30, *1991*, the maximum weekly compensation benefits for permanent partial disability may not exceed $149.50, which is one-half the state's average weekly wage established July 1, 1986."

Section 7. Section 39-71-704, MCA, is amended to read:

**"39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates.** (1) In addition to the compensation provided by this chapter and as an additional benefit separate and apart from compensation, the following must be furnished:

(a) After the happening of the injury, the insurer shall furnish, without limitation as to length of time or dollar amount, reasonable services by a physician or surgeon, reasonable hospital services and medicines when needed, and such other treatment as may be approved by the department for the injuries sustained.

HeinOnline -- 1989 vol. II 2557 1989

(b) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(c) The insurer shall reimburse a worker for reasonable travel expenses incurred in travel to a medical provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement of travel by state employees.

(2) A relative value fee schedule for medical, chiropractic, and paramedical services provided for in this chapter, excluding hospital services, must be established annually by the department and become effective in January of each year. The maximum fee schedule must be adopted as a relative value fee schedule of medical, chiropractic, and paramedical services, with unit values to indicate the relative relationship within each grouping of specialties. Medical fees must be based on the median fees as billed to the state fund during the year preceding the adoption of the schedule. The state fund shall report fees billed in the form and at the times required by the department. The department shall adopt rules establishing relative unit values, groups of specialties, the procedures insurers must use to pay for services under the schedule, and the method of determining the median of billed medical fees. These rules must be modeled on the 1974 revision of the 1969 California Relative Value Studies.

(3) Beginning January 1, 1988, the department shall establish rates for hospital services necessary for the treatment of injured workers. Approved rates must be in effect for a period of 12 months from the date of approval. The department may coordinate this ratesetting function with other public agencies that have similar responsibilities.

(4) Notwithstanding subsection (2), beginning January 1, 1988, *through December 31, 1991*, the maximum fees payable by insurers must be limited to the relative value fee schedule established in January 1987. Notwithstanding subsection (3), *beginning January 1, 1988, through December 31, 1991*, the hospital rates payable by insurers must be limited to those set in January 1988."

Section 8. Section 39-71-721, MCA, is amended to read:

**"39-71-721. Compensation for injury causing death — limitation.** (1) (a) If an injured employee dies and the injury was the proximate cause of such death, then the beneficiary of the deceased is entitled to the same compensation as though the death occurred immediately following the injury. A beneficiary's eligibility for benefits commences after the date of death, and the benefit level is established as set forth in subsection (2).

(b) The insurer is entitled to recover any overpayments or compensation paid in a lump sum to a worker prior to death but not yet recouped. The insurer shall recover such payments from the beneficiary's biweekly payments as provided in 39-71-741(5).

(2) To beneficiaries as defined in 39-71-116(2)(a) through (2)(d), weekly compensation benefits for an injury causing death are 66 ⅔% of the decedent's wages. The maximum weekly compensation benefit may not exceed

HeinOnline -- 1989 vol. II 2558 1989

the state's average weekly wage at the time of injury. The minimum weekly compensation benefit is 50% of the state's average weekly wage, but in no event may it exceed the decedent's actual wages at the time of his death.

(3) To beneficiaries as defined in 39-71-116(2)(e) and (2)(f), weekly benefits must be paid to the extent of the dependency at the time of the injury, subject to a maximum of 66 ⅔% of the decedent's wages. The maximum weekly compensation may not exceed the state's average weekly wage at the time of injury.

(4) If the decedent leaves no beneficiary as defined in 39-71-116(2), a lump-sum payment of $3,000 must be paid to the decedent's surviving parent or parents.

(5) If any beneficiary of a deceased employee dies, the right of such beneficiary to compensation under this chapter ceases. Death benefits must be paid to a surviving spouse for 500 weeks subsequent to the date of the deceased employee's death or until the spouse's remarriage, whichever occurs first. After benefit payments cease to a surviving spouse, death benefits must be paid to beneficiaries, if any, as defined in 39-71-116(2)(b) through (2)(d).

(6) In all cases, benefits must be paid to beneficiaries, as defined in 39-71-116(2).

(7) Benefits paid under this section may not be adjusted for cost of living as provided in 39-71-702.

(8) Notwithstanding subsections (2) and (3), beginning July 1, 1987, through June 30, *1991*, the maximum weekly compensation benefits for injury causing death may not exceed the state's average weekly wage of $299 established July 1, 1986. Beginning July 1, 1987, through June 30, *1991*, the minimum weekly compensation for injury causing death shall be $149.50, which is 50% of the state's average weekly wage established July 1, 1986, but in no event may it exceed the decedent's actual wages at the time of death."

Section 9. Section 39-71-1024, MCA, is amended to read:

**"39-71-1024. Wage supplement and partial rehabilitation benefits.** (1) A worker who is in a rehabilitation program under 39-71-1019 in accordance with and for the maximum duration established by a final order of determination by the department is eligible to receive the following benefits:

(a) wage supplement benefits as provided in 39-71-703 but with the rate based on 66 ⅔% of the worker's actual wages received at the time of injury, subject to a maximum of one-half the state's average weekly wage; and

(b) a partial rehabilitation benefit that, together with the wage supplement provided in subsection (1)(a), provides the worker with weekly benefits equal to the worker's temporary total disability rate.

(2) After the worker completes the rehabilitation program, the worker's further eligibility, if any, for wage supplement benefits under 39-71-703 is

HeinOnline -- 1989 vol. II 2559 1989

reduced by the number of weeks of wage supplement benefits received under subsection (1)(a).

(3) Notwithstanding subsection (1)(a), beginning July 1, 1987, through June 30, *1991*, the maximum weekly compensation benefit under that subsection may not exceed $149.50, which is one-half the state's weekly wage established July 1, 1986."

Section 10. Section 39-71-2504, MCA, is amended to read:

**"39-71-2504. (Temporary) Workers' compensation tax account.** *(1)* There is *a workers' compensation tax* account in the state special revenue fund.

*(2)* All collections of the tax, interest and penalties on the tax, *and revenue appropriated to the account under [section 2]* must be deposited in the account and are statutorily appropriated, as provided in 17-7-502, to the department to be used to reduce the unfunded liability in the state fund. **(Terminates June 30, 1991—sec. 10, Ch. 664, L. 1987.)"**

Section 11. **Appropriation.** There is appropriated $20 million from the general fund to the workers' compensation tax account in the state special revenue fund for fiscal year 1990 to be used to reduce the unfunded liability in the state compensation mutual insurance fund.

Section 12. **Exemption from notice requirement.** The 30-day notice requirement imposed under 39-71-2304(1) does not apply to rate changes effective July 1, 1989, made in response to the provisions of [this act].

Section 13. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 14. **Codification.** [Section 3] is intended to be codified as an integral part of Title 15, chapter 31, and the provisions of Title 15, chapter 31, apply to [section 3].

Section 15. **Applicability.** [Sections 1 through 3] apply to taxable years beginning after December 31, 1989.

Section 16. **Effective date.** [This act] is effective on passage and approval.

Approved July 17, 1989.

# CHAPTER NO. 10

[HB 20]

"AN ACT REDUCING TO A SINGLE RATE THE PROPERTY TAX RATE ON CERTAIN PERSONAL PROPERTY; COMBINING PERSONAL PROPERTY CLASSES; PHASING IN A REDUCTION IN THE TAX RATE FOR CLASS EIGHT PROPERTY; CLASSIFYING

HeinOnline -- 1989 vol. II 2560 1989

AS CLASS SIX PROPERTY THE EQUIPMENT AND MACHINERY USED TO PROCESS CANOLA SEED OIL; PROVIDING AN APPROPRIATION TO SCHOOL DISTRICTS AND LOCAL GOVERNMENTS TO REIMBURSE MONEY LOST THROUGH PERSONAL PROPERTY TAX REDUCTIONS; AMENDING SECTIONS 15-1-101, 15-6-136 THROUGH 15-6-138, 15-10-402, 15-24-1102, 15-24-1103, AND 17-7-502, MCA; REPEALING SECTIONS 15-6-139, 15-6-140, AND 15-6-146, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-1-101, MCA, is amended to read:

**"15-1-101. Definitions.** (1) Except as otherwise specifically provided, when terms mentioned in this section are used in connection with taxation, they are defined in the following manner:

(a) The term "agricultural" refers to the raising of livestock, poultry, bees, and other species of domestic animals and wildlife in domestication or a captive environment, and the raising of field crops, fruit, and other animal and vegetable matter for food or fiber.

(b) The term "assessed value" means the value of property as defined in 15-8-111.

(c) The term "average wholesale value" means the value to a dealer prior to reconditioning and profit margin shown in national appraisal guides and manuals or the valuation schedules of the department of revenue.

(d) (i) The term "commercial", when used to describe property, means any property used or owned by a business, a trade, or a nonprofit corporation as defined in 35-2-102 or used for the production of income, except that property described in subsection (ii).

(ii) The following types of property are not commercial:

(A) agricultural lands;

(B) timberlands;

(C) single-family residences and ancillary improvements and improvements necessary to the function of a bona fide farm, ranch, or stock operation;

(D) mobile homes used exclusively as a residence except when held by a distributor or dealer of trailers or mobile homes as his stock in trade;

(E) all property described in 15-6-135; *and*

(F) all property described in 15-6-136.

(e) The term "comparable property" means property that has similar use, function, and utility; that is influenced by the same set of economic trends and physical, governmental, and social factors; and that has the potential of a similar highest and best use.

(f) The term "credit" means solvent debts, secured or unsecured, owing to a person.

(g) The term "improvements" includes all buildings, structures, fences, and improvements situated upon, erected upon, or affixed to land. When the department of revenue or its agent determines that the permanency of location of a mobile home or housetrailer has been established, the mobile home or housetrailer is presumed to be an improvement to real property. A mobile home or housetrailer may be determined to be permanently located only when it is attached to a foundation which cannot feasibly be relocated and only when the wheels are removed.

(h) The term "leasehold improvements" means improvements to mobile homes and mobile homes located on land owned by another person. This property is assessed under the appropriate classification and the taxes are due and payable in two payments as provided in 15-24-202. Delinquent taxes on such leasehold improvements are a lien only on such leasehold improvements.

(i) The term "livestock" means cattle, sheep, swine, goats, horses, mules, and asses.

(j) The term "mobile home" means forms of housing known as "trailers", "housetrailers", or "trailer coaches" exceeding 8 feet in width or 45 feet in length, designed to be moved from one place to another by an independent power connected to them, or any "trailer", "housetrailer", or "trailer coach" up to 8 feet in width or 45 feet in length used as a principal residence.

(k) The term "personal property" includes everything that is the subject of ownership but that is not included within the meaning of the terms "real estate" and "improvements".

(l) The term "poultry" includes all chickens, turkeys, geese, ducks, and other birds raised in domestication to produce food or feathers.

(m) The term "property" includes moneys, credits, bonds, stocks, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership. This definition must not be construed to authorize the taxation of the stocks of any company or corporation when the property of such company or corporation represented by the stocks is within the state and has been taxed.

(n) The term "real estate" includes:

(i) the possession of, claim to, ownership of, or right to the possession of land;

(ii) all mines, minerals, and quarries in and under the land subject to the provisions of 15-23-501 and Title 15, chapter 23, part 8; all timber belonging to individuals or corporations growing or being on the lands of the United States; and all rights and privileges appertaining thereto.

(o) "Research and development firm" means an entity incorporated under the laws of this state or a foreign corporation authorized to do business in this state whose principal purpose is to engage in theoretical analysis, exploration, and experimentation and the extension of investigative

HeinOnline -- 1989 vol. II 2562 1989

findings and theories of a scientific and technical nature into practical application for experimental and demonstration purposes, including the experimental production and testing of models, devices, equipment, materials, and processes.

(p) The term "taxable value" means the percentage of market or assessed value as provided for in *Title 15, chapter 6, part 1.*

(q) The term "weighted mean assessment ratio" means the total of the assessed values divided by the total of the selling prices of all area sales in the stratum.

(2) The phrase "municipal corporation" or "municipality" or "taxing unit" shall be deemed to include a county, city, incorporated town, township, school district, irrigation district, drainage district, or any person, persons, or organized body authorized by law to establish tax levies for the purpose of raising public revenue.

(3) The term "state board" or "board" when used without other qualification shall mean the state tax appeal board."

Section 2. Section 15-6-136, MCA, is amended to read:

**"15-6-136. Class six property — description — taxable percentage.** (1) Class six property includes:

(a) livestock and other species of domestic animals and wildlife raised in domestication or a captive environment, except for cats, dogs, and other household pets not raised for profit;

(b) items of personal property intended for *rent or* lease in the ordinary course of business, provided each item of personal property satisfies all of the following:

(i) the full and true value of the personal property is less than $5,000;

(ii) the personal property is owned by a business whose primary business income is from rental or lease of personal property to individuals wherein no one customer of the business accounts for more than 10% of the total rentals or leases during a calendar year; and

(iii) the lease of the personal property is generally on an hourly, daily, or weekly basis;

(c) machinery and equipment used in a malting barley facility*; and*

*(d) machinery and equipment used in canola seed oil processing facilities if:*

*(i) the operators of such facilities employ a minimum of 15 full-time employees; and*

*(ii) a canola seed oil processing facility locates in the state of Montana after [the effective date of this act].*

(2) "Malting barley facility" means a facility the principal purpose of which is to malt malting barley. The term does not apply to a facility the principal purpose of which is to store, mix, blend, transport, transfer, or

otherwise do anything with malting barley, except malt malting barley. However, any machinery or equipment the principal purpose of which is to store, mix, blend, transport, transfer, or otherwise handle malting barley or other machinery or equipment that is used in or is otherwise an integral part of a facility that malts malting barley is machinery or equipment of a malting barley facility for the purposes of this section.

*(3) "Canola seed oil processing facility" means a facility that:*

*(a) extracts oil from canola seeds, refines the crude oil to produce edible oil, formulates and packages the edible oil into food products, or engages in any one or more of those processes; and*

*(b) employs at least 15 employees in a full-time capacity.*

*(4)* Class six property is taxed at 4% of its market value."

Section 3. **Contingency.** It is the intent of the legislature that [section 2] is void unless a new facility employing at least 15 employees in the processing of canola seed oil locates in the state of Montana after [the effective date of this act].

Section 4. Section 15-6-137, MCA, is amended to read:

**"15-6-137. Class seven property — description — taxable percentage.** (1) Class seven property includes:

(a) all property used and owned by persons, firms, corporations, or other organizations that are engaged in the business of furnishing telephone communications exclusively to rural areas or to rural areas and cities and towns of 800 persons or less;

(b) all property owned by cooperative rural electrical and cooperative rural telephone associations that serve less than 95% of the electricity consumers or telephone users within the incorporated limits of a city or town;

(c) electric transformers and meters; electric light and power substation machinery; natural gas measuring and regulating station equipment, meters, and compressor station machinery owned by noncentrally assessed public utilities; and tools used in the repair and maintenance of this property.

(2) To qualify for this classification, the average circuit miles for each station on the telephone communication system described in subsection (1)(b) must be more than 1 mile.

(3) Class seven property is taxed at 8% of its market value."

Section 5. Section 15-6-138, MCA, is amended to read:

**"15-6-138. Class eight property — description — taxable percentage.** (1) Class eight property includes:

(a) all agricultural implements and equipment;

(b) all mining machinery, fixtures, equipment, tools that are not exempt under 15-6-201(1)(r), and supplies except those included in class five;

(c) all manufacturing machinery, fixtures, equipment, tools that are not exempt under 15-6-201(1)(r), and supplies except those included in class five;

HeinOnline -- 1989 vol. II 2564 1989

(d) all trailers, including those prorated under 15-24-102, except those subject to taxation under 61-3-504(2);

(e) all goods and equipment intended for rent or lease, except goods and equipment specifically included and taxed in another class;

(f) buses and trucks having a rated capacity of more than 1 ton, including those prorated under 15-24-102;

*(g) truck toppers weighing more than 300 pounds;*

*(h) furniture, fixtures, and equipment, except that specifically included in another class, used in commercial establishments as defined in this section;*

*(i) x-ray and medical and dental equipment;*

*(j) citizens' band radios and mobile telephones;*

*(k) radio and television broadcasting and transmitting equipment;*

*(l) cable television systems;*

*(m) coal and ore haulers;*

*(n) theater projectors and sound equipment; and*

*(o) all other property not included in any other class in this part, except that property subject to a fee in lieu of a property tax.*

*(2) As used in this section, "coal and ore haulers" means nonhighway vehicles that exceed 18,000 pounds per axle and that are primarily designed and used to transport coal, ore, or other earthen material in a mining or quarrying environment.*

*(3) "Commercial establishment" includes any hotel; motel; office; petroleum marketing station; or service, wholesale, retail, or food-handling business.*

*(4)* Class eight property is taxed at *9%* of its market value."

Section 6. Section 15-10-402, MCA, is amended to read:

**"15-10-402. Property tax limited to 1986 levels.** (1) Except as provided in subsections (2) and (3), the amount of taxes levied on property described in 15-6-133, 15-6-134, 15-6-136, 15-6-142, and 15-6-144 may not, for any taxing jurisdiction, exceed the amount levied for taxable year 1986.

(2) The limitation contained in subsection (1) does not apply to levies for rural improvement districts, Title 7, chapter 12, part 21; special improvement districts, Title 7, chapter 12, part 41; or bonded indebtedness.

(3) New construction or improvements to or deletions from property described in subsection (1) are subject to taxation at 1986 levels.

(4) As used in this section, the "amount of taxes levied" and the "amount levied" mean the actual dollar amount of taxes imposed on an individual piece of property, notwithstanding an increase or decrease in value due to inflation, reappraisal, adjustments in the percentage multiplier

HeinOnline -- 1989 vol. II 2565 1989

used to convert appraised value to taxable value, changes in the number of mills levied, or increase or decrease in the value of a mill."

Section 7. Section 15-24-1102, MCA, is amended to read:

**"15-24-1102. Federal property held under contract of sale.** When the property is held under a contract of sale or other agreement whereby upon payment the legal title is or may be acquired by the person, the real property shall be assessed and taxed as defined in *Title 15, chapter 6, part 1,* and 15-8-111 without deduction on account of the whole or any part of the purchase price or other sum due on the property remaining unpaid. The lien for the tax may not attach to, impair, or be enforced against any interest of the United States in the real property."

Section 8. Section 15-24-1103, MCA, is amended to read:

**"15-24-1103. Federal property held under lease.** When the property is held under lease, other interest, or estate therein less than the fee, except under contract of sale, the property shall be assessed and taxed as for the value, as defined in *Title 15, chapter 6, part 1,* of such leasehold, interest, or estate in the property and the lien for the tax shall attach to and be enforced against only the leasehold, interest, or estate in the property. When the United States authorizes the taxation of the property for the full assessed value of the fee thereof, the property shall be assessed for full assessed value as defined in 15-8-111."

Section 9. **Reimbursement to local governments and schools — duties of department and county treasurer — statutory appropriation.** (1) (a) On or before May 1, 1990, the department of revenue shall remit to the county treasurer of each county 30% of the reimbursement amount specified in subsection (1)(b), as computed by the department. The department shall base the reimbursement on the reduction in personal property tax revenues due to the reduction in personal property tax rates for class eight property, as provided for in 15-6-138, and any reduction in taxes based upon recalculation of the effective tax rate for property in 15-6-145 and 15-6-147. The reimbursement basis must also include loss of personal property tax revenue due to the reclassification of new industrial property from class five to class eight with the reduced tax rate. The determination of the reimbursement basis must be made in the year in which the reclassification is made.

(b) The reimbursement revenue must be based on the county's taxable value and mill levies for tax year 1989.

(2) Prior to September 1, 1990, the department's agent in the county shall supply the following information to the department for each taxing jurisdiction within the county:

(a) the number of mills levied in the jurisdiction for taxable year 1989;

(b) the number of mills levied in the jurisdiction for taxable year 1990;

(c) the total taxable valuation for taxable years 1989 and 1990, reported separately for each year, of all personal property not secured by real property; and

HeinOnline -- 1989 vol. II 2566 1989

(d) the total taxable valuation for taxable years 1989 and 1990, reported separately for each year, of all personal property secured by real property.

(3) After receipt of the information from its agent, the department shall calculate the amount of revenue lost to each taxing jurisdiction, using current year mill levies, due to the annual reduction in personal property tax rates set forth in 15-6-138, and any reduction in taxes based upon recalculation of the effective tax rate for property in 15-6-145 and 15-6-147. The department shall total the amounts for all taxing jurisdictions within the county.

(4) For taxable year 1990 and for each year thereafter, the department shall remit to the county treasurer the base amount of revenue reimbursable, determined pursuant to subsection (3), as follows:

(a) on or before November 30, 1990, and on or before each November 30 thereafter, the department shall remit 50% of the base amount of the revenue reimbursable to the county; and

(b) on or before May 31, 1991, and on or before each May 31 thereafter, the department shall remit 50% of the base amount of the revenue reimbursable to the county.

(5) Upon receipt of the reimbursement from the department, the county treasurer shall distribute the reimbursement to each taxing jurisdiction in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as current year mill levies on personal property taxes are distributed.

(6) For the purposes of this section, "taxing jurisdiction" means local governments and includes school districts, each municipality with tax increment financing, and the state of Montana.

(7) The amounts necessary for the administration of this section are statutorily appropriated, as provided in 17-7-502, from the general fund to reimburse school districts and local governments for reductions in tax rates on personal property.

Section 10. Section 17-7-502, MCA, is amended to read:

**"17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

(3) The following laws are the only laws containing statutory appropriations: 2-9-202; 2-17-105; 2-18-812; 10-3-203; 10-3-312; 10-3-314; 10-4-301;

(4) There is a statutory appropriation to pay the principal, interest, premiums, and costs of issuing, paying, and securing all bonds, notes, or other obligations, as due, that have been authorized and issued pursuant to the laws of Montana. Agencies that have entered into agreements authorized by the laws of Montana to pay the state treasurer, for deposit in accordance with 17-2-101 through 17-2-107, as determined by the state treasurer, an amount sufficient to pay the principal and interest as due on the bonds or notes have statutory appropriation authority for such payments. **(In subsection (3), pursuant to sec. 10, Ch. 664, L. 1987, the inclusion of 39-71-2504 terminates June 30, 1991.)**"

Section 11. **Repealer.** Sections 15-6-139, 15-6-140, and 15-6-146, MCA, are repealed.

Section 12. **Effective date.** [This act] is effective on passage and approval.

Section 13. **Applicability.** [This act] applies to tax years beginning after December 31, 1989.

Approved July 25, 1989.

WHEREAS, it is the intent of the Legislature to enhance equality of educational opportunity for students in the elementary schools and secondary schools of Montana by revising the school funding laws to provide greater equalization of the funding available to school districts and to promote equalization of school district expenditures per student. It is the further intent of the Legislature to preserve local control of the public school system, as guaranteed by Montana's Constitution.

For these purposes, the Legislature determines to equalize funding aid to the school districts through the foundation program for the school fiscal year ending June 30, 1991, in an amount equal to the following percentages of the total costs incurred by all the districts in the state in school fiscal year 1988: 90% of comprehensive insurance and 90% of general fund expenditures. The Legislature also determines to equalize funding for retirement costs by providing a guaranteed property tax mill value for those counties with a mill value per ANB less than the statewide mill value per ANB. The superintendent of public instruction is required to adopt rules to implement distribution of guaranteed tax base aid as provided in [sections 60 through 63]. It is intended that the rules adopted ensure the eligibility of the requesting school districts and the accountability of the districts for the guaranteed tax base aid payments they receive.

The Legislature recognizes its responsibility to devise an equalized system of school funding and recognizes that measures in addition to the provisions in this bill are necessary to fully address equalization of funding and expenditures for transportation, retirement, capital improvements, and other needs of the districts. Because it is necessary to identify those factors that affect disparate expenditure patterns, to determine whether those factors are educationally relevant, and to develop data not currently available to devise methods of equitably funding those needs, the Legislature determines that a study should be conducted, as provided in [sections 53 through 59], and that equitable funding methods for these needs should be addressed by the 52nd Legislature. It is not intended by the Legislature that the individual income tax surtax provide a long-term solution to the school equalization funding problems of Montana.

The Legislature acknowledges the constitutional guarantee of equal educational opportunity for each public school pupil in Montana. The Legislature also acknowledges the sound policy considerations for empowering local trustees to supervise and control the schools in the district, as required by the Montana Constitution. Therefore, to guarantee more equal expenditures per student in similarly sized schools throughout Montana, while also providing each district board of trustees the power to determine and meet the unique and individual needs of students and schools in the district, the Legislature determines that it is reasonable and necessary to

HeinOnline -- 1989 vol. II 2570 1989

establish a maximum general fund budget limitation for each district, except as provided in 20-9-315, of 135% of the district's foundation program amount. Because of different circumstances that exist from district to district, the Legislature finds that it is reasonable and necessary to permit that range of disparity in expenditures by similarly sized districts throughout the state.

The Legislature intends that the current system of funding county equalization with elementary and high school levies and other revenue sources be maintained without change in order to preserve the current method of providing equalized local support of schools. The statutory appropriation of all revenue earmarked to fund county equalization does not affect the manner in which that revenue is collected, controlled, and distributed to districts by the county. It is intended that a district eligible for federal funds under Title I of Public Law 81-874 will be able to maintain the local contribution rate as required by 20 U.S.C. 238(d)(3)(C) for continuing eligibility.

It is intended that while school districts may conduct more than 180 days of instruction, a school district may not receive foundation program support for more than 180 days of pupil instruction.

Under 20-3-106, 20-9-102, 20-9-201, 20-9-211, and 20-9-213, the Superintendent of Public Instruction is authorized to supervise school financial administration and to adopt rules establishing requirements for budgeting and financial administration of public school districts, including accounting and reporting requirements. Under 20-9-344, the Board of Public Education has authority to require any reports it considers necessary. It is intended that school districts be required to maintain accounting systems based on generally accepted accounting principles and that the Superintendent of Public Instruction adopt rules necessary to implement the requirement. The Superintendent of Public Instruction shall provide training and assistance to the districts as necessary to enable the districts to comply.

It is intended that the districts be required to file accurate and timely reports with the Superintendent of Public Instruction. Districts must be required to provide student and school district data as may be required by the Superintendent of Public Instruction concerning the condition of education in Montana, including personnel information, student and school district demographics, assessment of student and school district achievement, and other appropriate educational factors necessary to enable the Legislature to assess the equality of educational opportunity being provided by the public school districts and to determine the amount of state aid to be distributed to school districts. Districts shall also provide data to meet grant requirements and other national reporting needs.

It is intended that the Superintendent of Public Instruction conduct training and provide forms for the personnel responsible for completing reports. Whenever possible, the Superintendent of Public Instruction shall develop methods for collecting educational data electronically, using formats consistent with school district data processing capabilities. The educational data must be maintained in an electronic format easily accessible by other state agencies and the Legislature.

HeinOnline -- 1989 vol. II 2571 1989

State equalization aid and county equalization money may be withheld from school districts, as provided by 20-9-344, that do not comply with accounting and reporting requirements.

It is intended that the Superintendent of Public Instruction employ additional personnel during fiscal year 1990 and fiscal year 1991, not to exceed the appropriation, for the purpose of establishing standard accounting and reporting practices in the public school districts and for implementing the additional provisions of this bill.

The Legislature determines that if county equalization revenue is deficient because of noncollected tax payments, state equalization aid may be provided to offset the delinquency.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 2-7-504, MCA, is amended to read:

**"2-7-504. Accounting methods.** *Unless otherwise required by law, the* department shall prescribe the general methods and details of accounting for the receipt and disbursement of all *money* belonging to governmental entities referred to in this part and shall establish in those offices general methods and details of accounting. All governmental entity officers shall conform with the standards prescribed by the department."

Section 2. Section 15-10-402, MCA, is amended to read:

**"15-10-402. Property tax limited to 1986 levels.** (1) Except as provided in subsections (2) and (3), the amount of taxes levied on property described in 15-6-133, 15-6-134, 15-6-136, 15-6-139, 15-6-142, and 15-6-144 may not, for any taxing jurisdiction, exceed the amount levied for taxable year 1986.

(2) The limitation contained in subsection (1) does not apply to levies for rural improvement districts, Title 7, chapter 12, part 21; special improvement districts, Title 7, chapter 12, part 41; *elementary and high school districts, Title 20;* or bonded indebtedness.

(3) New construction or improvements to or deletions from property described in subsection (1) are subject to taxation at 1986 levels.

(4) As used in this section, the "amount of taxes levied" and the "amount levied" mean the actual dollar amount of taxes imposed on an individual piece of property, notwithstanding an increase or decrease in value due to inflation, reappraisal, adjustments in the percentage multiplier used to convert appraised value to taxable value, changes in the number of mills levied, or increase or decrease in the value of a mill."

Section 3. Section 15-10-412, MCA, is amended to read:

**"15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

HeinOnline -- 1989 vol. II 2572 1989

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status;

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements; or

(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit;

(f) conversion of the individual property from tax-exempt to taxable status; or

(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

HeinOnline -- 1989 vol. II 2574 1989

(h) revolving funds to support any categories specified in this subsection (8)*; and*

*(i) elementary and high school districts.*

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 4. Section 15-35-108, MCA, is amended to read:

**"15-35-108. Disposal of severance taxes.** Severance taxes collected under this chapter must be allocated according to the provisions in effect on the date the tax is due under 15-35-104. Severance taxes collected under the provisions of this chapter are allocated as follows:

(1) To the trust fund created by Article IX, section 5, of the Montana constitution, 50% of total coal severance tax collections. The trust fund moneys shall be deposited in the fund established under 17-6-203(5) and invested by the board of investments as provided by law.

(2) Starting July 1, 1987, and ending June 30, 1993, 12% of coal severance tax collections are allocated to the highway reconstruction trust fund account in the state special revenue fund.

HeinOnline -- 1989 vol. II 2575 1989

(3) Coal severance tax collections remaining after the allocations provided by subsections (1) and (2) are allocated in the following percentages of the remaining balance:

(a) 17.5% to the credit of the local impact account. Unencumbered funds remaining in the local impact account at the end of each biennium are allocated to the *state special revenue fund for state equalization aid to public schools of the state.*

(b) *30%* to the state special revenue fund for state equalization aid to public schools of the state;

(c) 1% to the state special revenue fund to the credit of the county land planning account;

(d) 1 ¼% to the credit of the renewable resource development bond fund;

(e) 5% to a nonexpendable trust fund for the purpose of parks acquisition or management, protection of works of art in the state capitol, and other cultural and aesthetic projects. Income from this trust fund shall be appropriated as follows:

(i) ⅓ for protection of works of art in the state capitol and other cultural and aesthetic projects; and

(ii) ⅔ for the acquisition, development, operation, and maintenance of any sites and areas described in 23-1-102;

(f) 1% to the state special revenue fund to the credit of the state library commission for the purposes of providing basic library services for the residents of all counties through library federations and for payment of the costs of participating in regional and national networking;

(g) ½ of 1% to the state special revenue fund for conservation districts;

(h) 1 ¼% to the debt service fund type to the credit of the water development debt service fund;

(i) 2% to the state special revenue fund for the Montana Growth Through Agriculture Act;

(j) all other revenues from severance taxes collected under the provisions of this chapter to the credit of the general fund of the state."

Section 5. Section 17-3-213, MCA, is amended to read:

**"17-3-213. Allocation to general road fund and countywide school levies.** (1) The forest reserve funds so apportioned to each county *must* be apportioned by the county treasurer in each county as follows:

(a) to the general road fund, 66 ⅔% of the total amount received;

(b) to the following countywide school levies, 33 ⅓% of the total sum received:

(i) *county equalization* for elementary schools provided for in 20-9-331; *and*

(ii) *county equalization* for high schools provided for in 20-9-333;

(iii) the high school transportation fund provided for in 20-10-143; *and*

(iv) the elementary *and high school district retirement fund obligations* provided for in 20-9-501.

(2) The apportionment of money to the funds provided for under subsection (1)(b) *must* be made by the county superintendent based on the proportion that the mill levy of each fund bears to the total number of mills for all the funds. Whenever the total amount of money available for apportionment under this section is greater than the total requirements of a levy, the excess money and any interest income must be retained in a separate reserve fund, to be reapportioned in the ensuing school fiscal year to the levies designated in subsection (1)(b).

(3) In counties *in which* special road districts have been created according to law, the board of county commissioners shall distribute a proportionate share of the 66⅔% of the total amount received for the general road fund to *the* special road districts within the county based upon the percentage that the total area of *the* road district bears to the total area of the entire county."

Section 6. Section 17-7-502, MCA, is amended to read:

**"17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

(3) The following laws are the only laws containing statutory appropriations: 2-9-202; 2-17-105; 2-18-812; 10-3-203; 10-3-312; 10-3-314; 10-4-301; 13-37-304; 15-25-123; 15-31-702; 15-36-112; 15-37-117; 15-70-101; 16-1-404; 16-1-410; 16-1-411; 17-3-212; 17-5-404; 17-5-424; 17-5-804; 19-8-504; 19-9-702; 19-9-1007; 19-10-205; 19-10-305; 19-10-506; 19-11-512; 19-11-513; 19-11-606; 19-12-301; 19-13-604; 20-6-406; 20-8-111; *[section 51];* 23-5-306; 23-5-409; 23-5-610; 23-5-612; 23-5-1016; 23-5-1027; 27-12-206; 37-51-501; 39-71-2504; 53-6-150; 53-24-206; 61-2-406; 61-5-121; 67-3-205; 75-1-1101; 75-5-1108; 75-11-313; 76-12-123; 80-2-103; 82-11-136; 82-11-161; 90-3-301; 90-4-215; 90-4-613; 90-6-331; 90-9-306; and section 13, House Bill No. 861, Laws of 1985.

(4) There is a statutory appropriation to pay the principal, interest, premiums, and costs of issuing, paying, and securing all bonds, notes, or other obligations, as due, that have been authorized and issued pursuant to

(22) procure and display outside daily in suitable weather at each school of the district an American flag that measures not less than 4 feet by 6 feet;

(23) adopt and administer a district policy on assessment for placement of any child who enrolls in a school of the district from a nonpublic school that is not accredited, as required in 20-5-110; and

(24) perform any other duty and enforce any other requirements for the government of the schools prescribed by this title, the policies of the board of public education, or the rules of the superintendent of public instruction."

Section 10. Section 20-3-331, MCA, is amended to read:

**"20-3-331. Purchase of liability insurance.** The trustees of any district may purchase insurance coverage for the district, trustees, and employees against liability for the death, injury, or disability of any person or damage to property. *The trustees shall include the cost of coverage in the general fund budget of the district.*"

Section 11. Section 20-5-305, MCA, is amended to read:

**"20-5-305. Elementary tuition rates.** (1) Whenever a pupil of an elementary district has been granted approval to attend a school outside of the district in which he resides, under the provisions of 20-5-301 or 20-5-302, *the* district *of residence* shall pay tuition to the elementary district where the pupil attends school. Except as provided in subsection (2), the basis of the rate of tuition shall be determined by the attended district. The rate of tuition *must* be determined by:

(a) totaling the actual expenditures from the district general fund, the debt service fund, and, if the pupil is a resident of another county, the retirement fund;

(b) dividing the amount determined in subsection (1)(a) by the ANB of the district for the current fiscal year, as determined under the provisions of 20-9-311; and

(c) subtracting *from the amount determined in subsection (1)(b)* the per-ANB amount allowed by the foundation program *schedules and the per-ANB amount of guaranteed tax base aid as provided in [sections 60 through 63].*

(2) The tuition for a full-time elementary special education pupil must be determined under rules adopted by the superintendent of public instruction for the calculation of elementary tuition for full-time elementary special education pupils as designated in 20-9-311 for funding purposes."

Section 12. Section 20-5-312, MCA, is amended to read:

**"20-5-312. Reporting, budgeting, and payment for high school tuition.** (1) Except as provided in subsection (2), at the close of the school term of each school fiscal year, the trustees of each high school district shall determine the rate of tuition for the current school fiscal year by:

HeinOnline -- 1989 vol. II 2584 1989

(a) totaling the actual expenditures from the district general fund, the debt service fund, and, if the pupil is a resident of another county, the retirement fund;

(b) dividing the amount determined in subsection (1)(a) above by the ANB of the district as determined under the provisions of 20-9-311; and

(c) subtracting *from the amount determined in subsection (1)(b)* the per-ANB amount allowed by the foundation program *schedules and the per-ANB amount of guaranteed tax base aid as provided in [sections 60 through 63]*.

(2) The tuition for a full-time high school special education pupil must be determined under rules adopted by the superintendent of public instruction for the calculation of tuition for full-time high school special education pupils as designated in 20-9-311 for funding purposes.

(3) Before July 15, the trustees shall report to the county superintendent of the county in which the district is located:

(a) the names, addresses, and resident districts of the pupils attending the schools of the district under an approved tuition agreement;

(b) the number of days of school attended by each pupil;

(c) the amount, if any, of each pupil's tuition payment that the trustees, in their discretion, have the authority to waive; and

(d) the rate of current school fiscal year tuition, as determined under the provisions of this section.

(4) When the county superintendent receives a tuition report from a district, he shall immediately send the reported information to the superintendent of each district in which the reported pupils reside.

(5) When the district superintendent receives a tuition report or reports for high school pupils residing in his district and attending an out-of-district high school under approved tuition agreements, he shall determine the total amount of tuition due *the* out-of-district high schools on the basis of the following per-pupil schedule: the rate of tuition, number of pupils attending under an approved tuition agreement, and other information provided by each high school district where resident district pupils have attended school.

(6) The total amount of the high school tuition, with consideration of any tuition waivers, for pupils attending a high school outside the county of residence must be financed by the county basic special tax for high schools as provided in 20-9-334. In December, the county superintendent shall cause the payment by county warrant of at least one-half of the high school tuition obligations established under this section out of the first money realized from the county basic special tax for high schools. The remaining obligations must be paid by June 15 of the school fiscal year. The payments must be made to the county treasurer of the county where each high school entitled to tuition is located. The county treasurer shall credit tuition receipts to the general fund of the applicable high school district, and the tuition receipts must be used in accordance with the provisions of 20-9-141.

HeinOnline -- 1989 vol. II 2585 1989

(7) For pupils attending a high school outside their district of residence but within the county of residence, the total amount of the tuition, with consideration of any tuition waivers, must be paid during the ensuing school fiscal year. The trustees of the sending high school district shall include the tuition amount in the tuition fund of the preliminary and final budgets. This budgeted tuition amount is not subject to the budget adjustment provisions of 20-9-132. The county superintendent shall report the net tuition fund levy requirement for each high school district to the county commissioners on the second Monday of August, and a levy on the district must be made by the county commissioners in accordance with 20-9-142. The levy requirement must be calculated by subtracting from the total expenditure amount authorized in the final tuition fund budget the sum of the cash balance in the tuition fund at the end of the immediately preceding school fiscal year plus any other anticipated money that may be realized in the tuition fund. The trustees shall pay by warrants drawn on the tuition fund the tuition amounts owed to each district included in the county superintendent's notification. Payments must be made whenever there is a sufficient amount of cash available in the tuition fund but no later than the end of the school fiscal year for which the budget is adopted. However, if the trustees of either the sending or receiving high school district feel the transfer privilege provided by this subsection is being abused, they may appeal to the county superintendent of schools, who shall hold a hearing and either approve or disapprove the transfer."

Section 13. Section 20-6-401, MCA, is amended to read:

**"20-6-401. Definitions.** As used in this part, unless the context clearly indicates otherwise, the following definitions apply:

(1) "Component districts" means the elementary or high school districts incorporated into the enlarged district.

(2) "Eligible pupils" means the average number belonging (ANB) in the operating schools of the component districts and the tuition pupils residing in the component districts and attending another district's school under the tuition provisions of the school laws, except that the pupils residing in the component district having the largest total number of pupils are ineligible for bonus payment consideration.

(3) "Enlarged district" means the elementary or high school district resulting from the consolidation or annexation of two or more component districts.

(4) "General bonus payment" for first- and second-class school districts must be *$450* per eligible pupil per year for a period of 3 years and must be deposited in the enlarged district's general fund. General bonus payment for third-class school districts must be *$750* per eligible pupil per year for a period of 3 years and must be deposited in the enlarged district's general fund. The *general bonus* payment must be made from the state school equalization aid account.

(5) "Transportation bonus payment" is the provision of 66 ⅔% state financing of the on-schedule transportation amount as provided by the transportation provisions of the school laws. When an eligible pupil is entitled to transportation, the enlarged district is entitled to the transportation

bonus payment for the eligible pupil for a period of 3 years. The payment must be made from the state transportation aid account. When the eligible pupil rides a bus providing transportation for ineligible pupils, the 66 ⅔% state financing of the on-schedule amount for this payment must be prorated to provide financing for the eligible pupil."

Section 14. Section 20-6-506, MCA, is amended to read:

**"20-6-506. Budgeting and cost sharing when junior high school operated by elementary district and high school district operating a county high school.** (1) Whenever the opening of a junior high school is approved for the ensuing school fiscal year under 20-6-505, the county superintendent shall estimate the average number belonging (ANB) after investigating the probable enrollment for the junior high school. The ANB determined by the county superintendent and the ANB actually realized in subsequent school fiscal years *must* be applied under 20-9-320 to prorate the *foundation program schedule amount provided in 20-9-303(2)(a)* between the elementary and high school districts. Each district shall adopt its general fund budget on the basis of the prorated amount and shall finance its proportionate share of the cost of operating the junior high school.

(2) The cost of operating the junior high school *must* be prorated between the elementary district and the high school district on the basis of the ratio that the number of pupils of their district is to the total enrollment of the junior high school."

Section 15. Section 20-6-603, MCA, is amended to read:

**"20-6-603. Trustees' authority to acquire or dispose of sites and buildings — when election required.** (1) The trustees of any district *may* purchase, build, exchange, or otherwise acquire, sell, or dispose of sites and buildings of the district. *Action may* not be taken by the trustees without the approval of the qualified electors of the district at an election called for *the purpose of* approval unless:

(a) a bond issue has been authorized for the purpose of constructing, purchasing, or acquiring the site or building;

(b) an additional levy under the provisions of 20-9-353 has been approved for the purpose of constructing, purchasing, or acquiring the site or building;

(c) the cost of constructing, purchasing, or acquiring the site or building is financed without exceeding the *foundation program schedule amount provided in 20-9-303(2)(a),* and in the case of a site purchase, the site has been approved under the provisions of 20-6-621; or

(d) *money is* otherwise available under the provisions of this title and the ballot for the site approval for *the* building incorporated a description of the building to be located on the site.

(2) When an election is conducted under the provisions of this section, it *must* be called under the provisions of 20-20-201 and *must* be conducted in the manner prescribed by this title for school elections. An elector qualified to vote under the provisions of 20-20-301 *may* vote in *the* election. If

HeinOnline -- 1989 vol. II 2587 1989

a majority of those electors voting at the election approve the proposed action, the trustees may take the proposed action."

Section 16. Section 20-6-608, MCA, is amended to read:

**"20-6-608. Authority and duty of trustees to insure district property.** The trustees of any district shall insure any or all real and personal property of the district. *The trustees shall include the cost of insurance in the general fund budget of the district.*"

Section 17. Section 20-7-414, MCA, is amended to read:

**"20-7-414. Determination of children in need and type of special education needed — approval of classes and programs by superintendent.** (1) The determination of the children requiring special education and the type of special education needed by these children *is* the responsibility of the trustees, and *the* determination *must* be made in compliance with the procedures established in the rules of the superintendent of public instruction. Whenever the trustees of a school district or the governing authority of an institution learn of a handicapped child in their jurisdiction who is in need of special education, they shall determine whether the child is in need of a surrogate parent by determining whether the parents or guardian is unknown or unavailable or if the child is a ward of the state. The determination must be made within 10 days of the date on which the trustees of a school district or the governing authority of an institution learned of the presence of the child in the district. If the child is in need of a surrogate parent, the trustees of a school district or the governing authority of an institution must nominate a surrogate parent for the child as provided in 20-7-461.

(2) Whenever the trustees of any district intend to establish a special education class or program, they shall apply for approval and funding of the class or program by the superintendent of public instruction. The superintendent of public instruction shall approve or disapprove the application for the special education class or program on the basis of its compliance with the laws of the state of Montana, the special education policies adopted by the board of public education, and the rules of the superintendent of public instruction. No special education class may be operated by the trustees without the approval of the superintendent of public instruction. Each special education class or program must be approved annually to be funded as part of the *foundation program* for special education."

Section 18. Section 20-7-422, MCA, is amended to read:

**"20-7-422. Out-of-state tuition for special education children.** (1) If the trustees of any district recommend to the superintendent of public instruction the attendance of a child in need of special education in a special education program offered outside of the state of Montana, *the* arrangements *are* not subject to the out-of-state attendance provisions of the laws governing the attendance of pupils in schools outside the state of Montana.

(2) Whenever the attendance of a child at an out-of-state special education program is approved by the superintendent of public instruction, the

HeinOnline -- 1989 vol. II 2588 1989

superintendent of public instruction *shall*, in cooperation with the department of family services, negotiate the program for the child and the amount and manner of payment of tuition. The amount of tuition *must* be included as a contracted service in 20-7-431(1)(a)(iii)(A) in the *foundation program amount* for special education."

Section 19. Section 20-7-431, MCA, is amended to read:

**"20-7-431. Allowable cost schedule for special programs — superintendent to make rules — annual accounting.** (1) For the purpose of determining the *foundation program amount* for special education as defined in 20-9-321, the following schedule of allowable costs *must* be followed by the school district in preparation of its special education budget for state aid request purposes and by the superintendent of public instruction in his review and approval of the budget (for the purposes of determining the amount of the *foundation program* for special education for the district, and as used in this schedule, "full-time special pupil" and "regular ANB" are to be determined in accordance with 20-9-311 and 20-9-313):

(a) instruction: salaries, benefits, supplies, textbooks, and other expenses including:

(i) salaries and benefits of special program teachers, regular program teachers, teacher aides, special education supervisors, audiologists, and speech and hearing clinicians—the entire cost if employed full time in the special program; if such personnel are shared between special and regular programs—a portion of the entire cost corresponding to the entire working time which each person devotes to the special program;

(ii) teaching supplies and textbooks if used exclusively for special programs—the actual total cost;

(iii) other expenses:

(A) contracted services, including fees paid for professional advice and consultation regarding special students or the special program, and the delivery of special education services by public or private agencies—the actual total cost;

(B) transportation costs for special education personnel who travel on an itinerant basis from school to school or district to district or to in-state child study team meetings or in-state individualized education program meetings—the actual cost to the district calculated on the same mileage rate used by the district for other travel reimbursement purposes;

(b) supportive services, including:

(i) salaries and benefits of professional supportive personnel—the entire cost if employed full time in the special program; if *the* personnel are shared between special and regular programs—a portion of the entire cost corresponding to the entire working time which each person devotes to the special program. Professional supportive personnel may include counselors, social workers, psychologists, psychometrists, physicians, nurses, and physical and occupational therapists.

(ii) salaries and benefits of clerical personnel *who assist* professional personnel in supportive services—the entire cost if employed full time in the

HeinOnline -- 1989 vol. II 2589 1989

special program; if *the* personnel are shared between special and regular programs—a portion of the entire cost corresponding to the entire working time which each person devotes to the special program;

(c) equipment:

(i) equipment—the actual total cost;

(ii) special equipment for district-owned school buses necessary to accommodate special students—the actual total cost;

(iii) special equipment for school buses contracted to transport special students—that portion of the contract price attributable to the cost of special equipment or personnel required to accommodate special students—the actual special cost;

(iv) repair and maintenance of equipment—the actual total cost;

(d) room and board costs when the special pupil has to attend a program at such a distance from his home that commuting is undesirable as determined by the superintendent of public instruction.

(2) The superintendent of public instruction shall *adopt* rules in accordance with the policies of the board of public education for:

(a) keeping necessary records for supportive and administrative personnel and any personnel shared between special and regular programs;

(b) defining the total special program caseload that *must* be assigned to specific support persons and the kinds of professional specialties to be considered relevant to the program before the district may count an allowable cost under subsection (1)(b) of this section; and

(c) defining the kinds or types of equipment whose costs may be counted under subsection (1)(c)(i) of this section.

(3) An annual accounting of all expenditures of school district general fund *money* for special education *must* be made by the district trustees on forms furnished by the superintendent of public instruction. The superintendent of public instruction shall make rules for *the* accounting.

(4) If a board of trustees chooses to exceed the budget approved by the superintendent of public instruction, costs in excess of the approved budget may not be reimbursed under the *foundation program* for special education.

(5) Allowable costs prescribed in this section do not include the costs of the teachers' retirement system, the public employees' retirement system, the federal social security system, or the costs for unemployment compensation insurance.

(6) (a) Notwithstanding other provisions of the law, the superintendent of public instruction *may* not approve a *foundation program amount* for special education *that* exceeds legislative appropriations; however, any unexpended balance from the first year of a biennial appropriation may be spent in the second year of the biennium in addition to the second year appropriation.

HeinOnline -- 1989 vol. II 2590 1989

(b) If the total allowable cost of the special education budgets exceeds legislative appropriations available for special education, each district shall receive a pro rata share of the available appropriations based upon prioritized budget items as established by the superintendent of public instruction. The amount of the approved budgets in excess of the available appropriations may not be reimbursed under the *foundation program* for special education and is the responsibility of the school district."

Section 20. Section 20-9-104, MCA, is amended to read:

**"20-9-104. General fund cash reserve.** *(1)* At the end of each school fiscal year, the trustees of each district shall designate *the* portion of the general fund end-of-the-year cash balance *that is to* be earmarked as cash reserve for the purpose of paying general fund warrants issued by the district from July 1 to November 30 of the ensuing school fiscal year. *Except as provided in subsections (3) and (4), the* amount of the general fund cash balance that is earmarked as cash reserve *may* not exceed *the following percentages* of the final general fund budget for the ensuing school fiscal year*:*

*(a) 35% for a district that did not receive state equalization aid during the current school fiscal year;*

*(b) 30% for a district that received state equalization aid equal to 25% or less of its foundation program schedule entitlement in the current school fiscal year; and*

*(c) 20% for a district that received state equalization aid equal to more than 25% of its foundation program schedule entitlement in the current school fiscal year.*

*(2) The amount held as cash reserve may* not be used for property tax reduction in the manner permitted by 20-9-141(1)(b) for other receipts. Any portion of the general fund end-of-the-year cash balance that is not earmarked for cash reserve purposes *is* cash reappropriated *and must* be used for property tax reduction as provided in 20-9-141(1)(b)(iii).

*(3) The limitation of subsection (1) does not apply when the amount in excess of the limitation is equal to or less than:*

*(a) any amount received during the current school fiscal year under Public Law 81-874;*

*(b) the unused balance of any amount received in settlement of tax payments protested prior to [the effective date of this section]; or*

*(c) any amount received as a general bonus payment under 20-6-401.*

*(4) The limitation of subsection (1) does not apply when the amount earmarked as cash reserve is $10,000 or less."*

Section 21. Section 20-9-141, MCA, is amended to read:

**"20-9-141. Computation of general fund net levy requirement by county superintendent.** (1) The county superintendent shall compute the levy requirement for each district's general fund on the basis of the following procedure:

HeinOnline -- 1989 vol. II 2591 1989

(a) Determine the funding required for the district's final general fund budget less the amount established by the schedules in 20-9-316 through 20-9-321 by totaling:

(i) the district's nonisolated school foundation program requirement to be met by a district levy as provided in 20-9-303; and

*(ii)* any *additional* general fund budget amount adopted by the trustees of the district under the provisions of 20-9-353, including any additional levies authorized by the electors of the district.

(b) Determine the *money* available for the reduction of the property tax on the district for the general fund by totaling:

(i) anticipated federal *money* received under the provisions of Title I of Public Law 81-874 or other anticipated federal *money* received in lieu of *that* federal act;

(ii) anticipated tuition payments for out-of-district pupils under the provisions of 20-5-303, 20-5-307, 20-5-312, and 20-5-313;

(iii) general fund cash reappropriated, as established under the provisions of 20-9-104;

(iv) anticipated or reappropriated state impact aid received under the provisions of 20-9-304;

(v) anticipated or reappropriated revenue from property taxes *and fees* imposed under *23-2-517, 23-2-803,* 61-3-504(2), *61-3-521,* 61-3-537, *and 67-3-204*;

(vi) anticipated net proceeds taxes for interim production and new production, as defined in 15-23-601;

(vii) anticipated interest to be earned or reappropriated interest earned by the investment of general fund cash in accordance with the provisions of 20-9-213(4);

*(viii) anticipated revenue from corporation license taxes collected from financial institutions under the provisions of 15-31-702; and*

*(ix)* any other revenue anticipated by the trustees to be received during the ensuing school fiscal year which may be used to finance the general fund.

(c) Subtract the *money* available to reduce the property tax required to finance the general fund that has been determined in subsection (1)(b) from the total requirement determined in subsection (1)(a).

(2) The net general fund levy requirement determined in subsection (1)(c) *must* be reported to the county commissioners on the second Monday of August by the county superintendent as the general fund levy requirement for the district, and a levy *must* be made by the county commissioners in accordance with 20-9-142."

Section 22. Section 20-9-201, MCA, is amended to read:

**"20-9-201. Definitions and application.** (1) As used in this title, unless the context clearly indicates otherwise, "fund" means a separate

HeinOnline -- 1989 vol. II 2592 1989

detailed account of receipts and expenditures for a specific purpose as authorized by law. Funds are classified as follows:

(a) A "budgeted fund" means any fund for which a budget must be adopted in order to expend money from *the* fund. The general fund, transportation fund, bus depreciation reserve fund, elementary tuition fund, retirement fund, debt service fund, leased facilities fund, building reserve fund, adult education fund, nonoperating fund, and any other funds so designated by the legislature *are* budgeted funds.

(b) A "nonbudgeted fund" means any fund for which a budget is not required in order to expend money on deposit in *the* fund. The school food services fund, miscellaneous federal programs fund, building fund, lease or rental agreement fund, traffic education fund, interlocal cooperative fund, and any other funds so designated by the legislature *are* nonbudgeted funds.

(2) The school financial administration provisions of this title apply to all money of any elementary or high school district except the extracurricular money realized from pupil activities. *Elementary and high school districts shall record the receipt and disbursement of all money in accordance with generally accepted accounting principles.* The superintendent of public instruction has general supervisory authority *as prescribed by law* over the school financial administration provisions, as they relate to elementary and high school districts. *He* shall *adopt* rules necessary to secure compliance with the law."

Section 23. Section 20-9-212, MCA, is amended to read:

**"20-9-212. Duties of county treasurer.** The county treasurer of each county shall:

(1) receive and hold all school money subject to apportionment and keep a separate accounting of its apportionment to the several districts which are entitled to a portion of *the* money according to the apportionments ordered by the county superintendent. A separate accounting *must* be maintained for each county fund supported by a countywide levy for a specific, authorized purpose, including:

(a) the basic county tax in support of the elementary foundation programs;

(b) the basic special tax for high schools in support of the high school foundation programs;

(c) the county tax in support of the county's high school transportation obligation;

(d) the county tax in support of the *elementary and high school district retirement obligations; and*

*(e)* any other county tax for schools, including the community colleges, which may be authorized by law and levied by the county commissioners;

(2) whenever requested, notify the county superintendent and the superintendent of public instruction of the amount of county school money

on deposit in each of the funds enumerated in subsection (1) of this section and the amount of any other school money subject to apportionment and apportion *the* county and other school money to the districts in accordance with the apportionment ordered by the county superintendent;

(3) keep a separate accounting of the expenditures for each budgeted fund included in the final budget of each district;

(4) keep a separate accounting of the receipts, expenditures, and cash balances for each budgeted fund included in the final budget of each district and for each nonbudgeted fund established by each district;

(5) except as otherwise limited by law, pay all warrants properly drawn on the county or district school money and properly endorsed by their holders;

(6) receive all revenue collected by and for each district and deposit these receipts in the fund designated by law or by the district if no fund is designated by law. Interest and penalties on delinquent school taxes shall be credited to the same fund and district for which the original taxes were levied.

(7) send all *revenue* received for a joint district, part of which is situated in his county, to the county treasurer designated as the custodian of *the revenue*, no later than December 15 of each year and every 3 months thereafter until the end of the school fiscal year;

(8) at the direction of the trustees of a district, assist the district in the issuance and sale of tax and revenue anticipation notes as provided in Title 7, chapter 6, part 11;

(9) register district warrants drawn on a budgeted fund in accordance with 7-6-2604 when there is insufficient money available in all funds of the district to make payment of *the* warrant. Redemption of registered warrants *must* be made in accordance with 7-6-2116, 7-6-2605, and 7-6-2606.

(10) invest the money of any district as directed by the trustees of the district within 3 working days of *the* direction;

(11) each month *give* to the trustees of each district an itemized report for each fund maintained by the district, showing the paid warrants, outstanding warrants, registered warrants, amounts and types of revenue received, and the cash balance;

(12) remit promptly to the state treasurer receipts for the county tax for a vocational-technical center when levied by the board of county commissioners *under the provisions of 20-16-202; and*

*(13) invest the money received from the basic county tax in support of the elementary foundation programs and the basic special tax in support of the high school foundation programs within 3 working days of receipt. The money must be invested until the working day before it is required to be distributed to school districts within the county or remitted to the state. Permissible investments are specified in 20-9-213(4). All investment income must be deposited, and credited proportionately, in the funds established to*

HeinOnline -- 1989 vol. II 2594 1989

*account for the taxes received for the purposes specified in subsections (1)(a) and (1)(b).*"

Section 24. Section 20-9-213, MCA, is amended to read:

"**20-9-213. Duties of trustees.** The trustees of each district shall have the sole power and authority to transact all fiscal business and execute all contracts in the name of *the* district. No person other than the trustees acting as a governing board *may* expend *money* of the district. In conducting the fiscal business of the district, the trustees shall:

(1) cause the keeping of an accurate, detailed accounting of all receipts and expenditures of school *money* for each fund maintained by the district in accordance with *generally accepted accounting principles and the* rules prescribed by the superintendent of public instruction. The record of *the* accounting *must* be open to public inspection at any meeting of the trustees.

(2) authorize all expenditures of district *money* and cause warrants to be issued for the payment of lawful obligations;

(3) issue warrants on any budgeted fund in anticipation of budgeted revenues, except that *the* expenditures *may* not exceed the amount budgeted for *the* fund;

(4) invest any *money* of the district, whenever in the judgment of the trustees *the* investment would be advantageous to the district, by directing the county treasurer to invest any money of the district in direct obligations of the United States government; in savings or time deposits in a state or national bank, building or loan association, savings and loan association, or credit union insured by the FDIC, FSLIC, or NCUA located in the state; or in a repurchase agreement as authorized in 7-6-213. All interest collected on *the* deposits or investments *must* be credited to the fund from which the money was withdrawn, except that interest earned on account of the investment of money realized from the sale of bonds *must* be credited to the debt service fund or the building fund, at the discretion of the board of trustees. The placement of the investment by the county treasurer *is* not subject to ratable distribution laws and *must* be done in accordance with the directive from the board of trustees. A district may invest *money* under the state unified investment program established in Title 17, chapter 6.

*(5) cause the district to record every transaction in the appropriate account before the accounts are closed at the end of the fiscal year in order to properly report the receipt, use, and disposition of all money and property for which the district is accountable;*

*(6)* report annually to the county superintendent, not later than August 1, the financial activities of each fund maintained by the district during the last completed school fiscal year, on the forms prescribed and furnished by the superintendent of public instruction. Annual fiscal reports for joint school districts *must* be submitted to the county superintendent of each county in which part of the joint district is situated.

HeinOnline -- 1989 vol. II 2595 1989

*(7)* whenever requested, report any other fiscal activities to the county superintendent, superintendent of public instruction, or board of public education;

*(8)* cause the accounting records of the district to be audited *biennially* as required by *2-7-503*; and

*(9)* perform, in the manner permitted by law, other fiscal duties that are in the best interests of the district."

Section 25. Section 20-9-301, MCA, is amended to read:

**"20-9-301. Purpose of foundation program and definition of general fund budget.** (1) A uniform system of free public schools sufficient for the education of and open to all school age children of the state *must* be established and maintained throughout the state of Montana. The state shall aid in the support of its several school districts on the basis of their financial need as measured by the foundation program and in the manner established in this title.

(2) The principal budgetary vehicle for achieving the minimum financing as established by the foundation program *is* the general fund *budget* of the district. The purpose of the general fund *budget is* to finance those general maintenance and operational costs of a district not financed by other funds established for special purposes in this title.

(3) The amount of the general fund budget for each school fiscal year *may* not exceed the financing limitations established by this title but *may not be* less than the amount established by law as the foundation program. The general fund budget *must* be financed by the foundation program revenues and may be supplemented *by an additional voted levy and other revenue, as* provided by *20-9-353*."

Section 26. Section 20-9-303, MCA, is amended to read:

**"20-9-303. Definition of foundation program — nonisolated school foundation program financing — special education funds.** (1) As used in this title, the term "foundation program" *means* the minimum expenditures that are sufficient to provide for the educational program of a school. The foundation program relates only to those expenditures authorized by a district's general fund budget and *may* not include expenditures from any other fund. It *is* financed by:

(a) county equalization *money, as provided in 20-9-331 and 20-9-333*;

(b) state equalization aid, *as provided in 20-9-343;*

*(c) appropriations for special education; and*

*(d) a district levy as provided in subsection (3) for support of a school not approved as an isolated school under the provisions of 20-9-302.*

(2) The foundation program *includes:*

*(a) amounts in support of general education programs as provided in the schedules in 20-9-316 through 20-9-320; and*

*(b) payments in support of special education programs under 20-9-321.*

HeinOnline -- 1989 vol. II 2596 1989

*(3) An* elementary school having an ANB of nine or fewer pupils for 2 consecutive years which is not approved as an isolated school under the provisions of 20-9-302 *may budget and spend* the schedule amount, but the county and state shall participate in financing one-half of the foundation program, and the district shall finance the remaining one-half by a tax levied on the property of the district. When a school of nine or fewer pupils is approved as isolated under the provisions of 20-9-302, the county and state shall participate in the financing of the total amount of the foundation program.

*(4)* Funds provided to support the special education accounting budget may be expended only for special education purposes as approved by the superintendent of public instruction in accordance with the special education budgeting provisions of this title. Expenditures for special education *must* be accounted for separately from the balance of the school district general fund. Transfers between items within the special education budget for accounting purposes may be made at the discretion of the board of trustees in accordance with the financial administration part of this title. The unexpended balance of the special education accounting budget *carries* over to the next year to reduce the amount of funding required to finance the district's ensuing year's *foundation program amount* for special education."

Section 27. Section 20-9-311, MCA, is amended to read:

**"20-9-311. Calculation of average number belonging (ANB).** (1) Average number belonging must be computed by determining the total of the aggregate days of attendance by regularly enrolled, full-time pupils during the second semester of the preceding school fiscal year and the first semester of the current school fiscal year plus the aggregate days of absence by regularly enrolled, full-time pupils during the second semester of the preceding school fiscal year and the first semester of the current school fiscal year and by dividing the total by 180. However, when a school district has approval to operate less than 180 school days under 20-9-804, the total must be calculated in accordance with the provisions of 20-9-805. *For the purpose of calculating ANB under this section, the days of attendance for a regularly enrolled pupil may not exceed 180 pupil-instruction days and 7 pupil-instruction-related days.* Attendance for a part of a morning session or a part of an afternoon session by a pupil must be counted as attendance for one-half day. In calculating the ANB for pupils enrolled in a program established under 20-7-117(1), attendance at or absence from a regular session of the program for at least 2 hours of either a morning or an afternoon session will be counted as one-half day attended or absent as the case may be. If a variance has been granted as provided in 20-1-302, ANB will be computed in a manner prescribed by the superintendent of public instruction, but in no case may the ANB exceed one-half for each kindergarten pupil. When any pupil has been absent, with or without excuse, for more than 10 consecutive school days, including pupil-instruction-related days, his absence after the 10th day of absence may not be included in the aggregate days of absence and his enrollment in the school may not be considered in the calculation of the average number belonging until he resumes attendance at school.

HeinOnline -- 1989 vol. II 2597 1989

(2) If a student spends less than half his time in the regular program and the balance of his time in school in the special education program, he is considered a full-time special pupil but is not considered regularly enrolled for ANB purposes. If a student spends half or more of his time in school in the regular program and the balance of his time in the special education program, he is considered regularly enrolled for ANB purposes.

(3) The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled, full-time pupils attending the schools of the district, except that when:

(a) a school of the district is located more than 3 miles beyond the incorporated limits of a city or town or from another school of the district, all of the regularly enrolled, full-time pupils of the school must be calculated individually for ANB purposes;

(b) a junior high school has been approved and accredited as a junior high school, all of the regularly enrolled, full-time pupils of the junior high school must be considered as high school district pupils for ANB purposes;

(c) a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

(d) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the foundation program for the district.

(4) When 11th or 12th grade students are regularly enrolled on a part-time basis, high schools may calculate the ANB to include an "equivalent ANB" for those students. The method for calculating an equivalent ANB must be determined in a manner prescribed by the superintendent of public instruction."

Section 28. Section 20-9-312, MCA, is amended to read:

**"20-9-312. Foundation program schedule for grades seven and eight.** The ANB calculated for grades 7 and 8 *must* be funded at the high school rate, provided that the school meets the standards for accreditation of a middle school. When *the* pupils are actually enrolled in an elementary school, the *foundation program schedule* amount per ANB is determined from the high school schedule using the total ANB of the elementary school. To determine the total ANB of *the* elementary school, the 7th and 8th grade pupils *must* be included in *the* total."

Section 29. Section 20-9-315, MCA, is amended to read:

**"20-9-315. Maximum general fund budget and exceptions.** *(1)* The total amount of the general fund budget of any district *may* not be greater than the *district's foundation program as provided in 20-9-303*, except when a district has adopted an emergency general fund budget under

the provisions of 20-9-165 or when a district satisfies the requirements of 20-9-353.

*(2) Notwithstanding the provisions of subsection (1), for school fiscal year 1991 and succeeding years, a district's maximum general fund budget may not exceed the greater of:*

*(a) [the equivalent of the percent to be determined that is 112% of FY 1988 district general fund and insurance fund expenditures] of the foundation program amount provided for in 20-9-303; or*

*(b) 104% of the district's general fund budget amount for the previous school fiscal year.*

*(3) Subsection (2) does not apply when Public Law 81-874 funds are the source of funding for the excess amount, until the state receives approval of an application to equalize the funds under 20 U.S.C. 240(d).*"

Section 30. Section 20-9-318, MCA, is amended to read:

"**20-9-318. Elementary school foundation program schedule for school fiscal year 1991 and succeeding years.** For *the school fiscal year ending June 30, 1991,* and succeeding school years, the elementary school *foundation program* schedule is as follows:

(1) For each elementary school having an ANB of nine or fewer pupils, the maximum *is $23,646* if *the* school is approved as an isolated school.

(2) For schools with an ANB of 10 pupils but less than 18 pupils, the maximum *is $23,646* plus *$988* per pupil on the basis of the average number belonging over nine.

(3) For schools with an ANB of at least 14 pupils but less than 18 pupils that qualify for instructional aide funding under 20-9-322, the maximum *is $38,759* plus *$988* per pupil on the basis of the average number belonging over 14.

(4) For schools with an ANB of 18 pupils and employing one teacher, the maximum *is $32,541* plus *$988* per pupil on the basis of the average number belonging over 18, not to exceed an ANB of 25.

(5) For schools with an ANB of 18 pupils and employing two full-time teachers, the maximum *is $51,953* plus *$619* per pupil on the basis of the average number belonging over 18, not to exceed an ANB of 50.

(6) For schools having an ANB in excess of 40, the maximum, on the basis of the total pupils (ANB) in the district, *is* as follows:

(a) For a school having an ANB of more than 40 and employing a minimum of three teachers, the maximum of *$2,296 is* decreased at the rate of *$2.23* for each additional pupil until the total number (ANB) *reaches* a total of 100 pupils.

(b) For a school having an ANB of more than 100 pupils, the maximum of *$2,162 is* decreased at the rate of *$1.22* for each additional pupil until the ANB *reaches* 300 pupils.

HeinOnline -- 1989 vol. II 2599 1989

(c) For a school having an ANB of more than 300 pupils, the maximum *may* not exceed *$1,913* for each pupil.

(7) The maximum per pupil for all pupils (ANB) and for all elementary schools *must* be computed on the basis of the amount allowed *in this section* on account of the last eligible pupil (ANB). All elementary schools operated within the incorporated limits of a city or town *must* be treated as one school for the purpose of this schedule."

Section 31. Section 20-9-319, MCA, is amended to read:

**"20-9-319. High school foundation program schedule for school fiscal year 1991 and succeeding years.** For *the school fiscal year ending June 30, 1991,* and succeeding school years, the high school *foundation program* schedule is as follows:

(1) For each high school having an ANB of 24 or fewer pupils, the maximum *is $143,793.*

(2) For a *high* school having an ANB of more than 24 pupils, the maximum *of $5,991 is* decreased at the rate of *$32.68* for each additional pupil until the ANB *reaches* a total of 40 pupils.

(3) For a school having an ANB of more than 40 pupils, the maximum of *$5,469 is* decreased at the rate of *$32.68* for each additional pupil until the ANB *reaches* 100 pupils.

(4) For a school having an ANB of more than 100 pupils, *the* maximum of *$3,508 is* decreased at the rate of *$5.47* for each additional pupil until the ANB *reaches* 200 pupils.

(5) For a school having an ANB of more than 200 pupils, the maximum of *$2,961 is* decreased by *$3.00* for each additional pupil until the ANB *reaches* 300 pupils.

(6) For a school having an ANB of more than 300 pupils, the maximum of *$2,660 is* decreased at the rate of *55* cents *for each additional pupil* until the ANB *reaches* 600 pupils.

(7) For a school having an ANB *of more than* 600 pupils, the maximum *may* not exceed *$2,495* per pupil.

(8) The maximum per pupil for all pupils (ANB) and for all high schools *must* be computed on the basis of the amount allowed *in this section* on account of the last eligible pupil (ANB). All high schools and junior high schools which have been approved and accredited as junior high schools, operated within the incorporated limits of a city or town, *must* be treated as one school for the purpose of this schedule."

Section 32. Section 20-9-320, MCA, is amended to read:

**"20-9-320. Foundation program schedule amount for junior high school.** (1) The *foundation program schedule* amount for an approved and accredited junior high school *must* be prorated between the elementary district *foundation program schedule amount* and the high school district *foundation program schedule amount* in the following manner:

HeinOnline -- 1989 vol. II 2600 1989

(a) determine the per-ANB schedule amount for the school, as defined by 20-9-317 and 20-9-319, from the high school schedule;

(b) calculate the ANB for the regularly enrolled full-time pupils enrolled in the 7th and 8th grades of the junior high school;

(c) multiply the per-ANB schedule amount determined in subsection (1)(a) by the ANB calculated in subsection (1)(b) to determine the authorized amount available for the elementary district *foundation program*; and

(d) subtract the amount determined in subsection (1)(c) from the total authorized amount for the school to determine the authorized amount available for the high school district *foundation program.*

(2) The amount determined for each school of a district under the schedules provided in 20-9-316 through 20-9-319 *must* be totaled to determine the *foundation program schedule amount* for *the* district."

Section 33. Section 20-9-321, MCA, is amended to read:

**"20-9-321. Foundation program and contingency funds for special education.** (1) For the purpose of establishing the *foundation program* amount for a current year special education program for a school district, the superintendent of public instruction *shall* determine the total estimated cost of the special education program for the school district on the basis of a special education program budget submitted by the district. The budget *must* be prepared on forms provided by the superintendent of public instruction and *must* set out for each program:

(a) the estimated allowable costs associated with operating the program where allowable costs are as defined in 20-7-431;

(b) the number of pupils expected to be enrolled in the program; and

(c) any other data required by the superintendent of public instruction for budget justification purposes and to administer the provisions of 20-9-315 through 20-9-321.

(2) The total amount of allowable costs approved by the superintendent of public instruction *is* the special education *foundation program* amount for current year special education program purposes. The total amount of allowable costs that are approved for the special education budget *may* not, under any condition, be less than the *foundation program* amount for one regular ANB for each full-time *special* pupil in the school district.

(3) If a special education program is implemented or expanded during a given school term too late to be included in the determination of the district *foundation program* for the school year as prescribed in this part, allowable costs approved under the budgeting provisions of subsections (1) and (2) for the operation of the program during the given year must be funded from any legislative appropriation for contingency financing for special education. Contingency funds granted under this subsection must be deposited in a separate account of the miscellaneous programs fund of the district as provided in 20-9-507. However, if contingency funds are not available, then subject to the approval of the program by the superintendent under the emergency budget provisions of 20-9-161(5), allowable costs

HeinOnline -- 1989 vol. II 2601 1989

for the given year may be added to the *foundation program* amount for special education for the subsequent school year. *The allowable* costs must be recorded as previous year special education expenses in the school district budget for the subsequent school year.

(4) The sum of the previous year special education expenses as defined in subsection (3) and the *foundation program amount* for current year special education as defined in subsections (1) and (2) *is* the special education budget for accounting purposes.

(5) The *foundation program amount* for special education *must* be added to the *foundation program amount* of the regular program ANB defined in 20-9-311 and 20-9-313 to obtain the total *foundation program amount* for the district."

Section 34. Section 20-9-322, MCA, is amended to read:

**"20-9-322. Elementary instructional aide funding qualification.** (1) An elementary school that anticipates an ANB of at least 14 but less than 18 pupils for the ensuing school fiscal year may determine the *foundation program* amount under the provisions of 20-9-316(3) or 20-9-318(3) if eligibility is approved in accordance with the following provisions:

(a) No later than May 10 of each year, the school district shall submit its application for approval for instructional aide funding to the superintendent of public instruction. The application must include:

(i) the ANB for the preceding ANB calculation period;

(ii) the current ANB and the number of grade levels being taught on May 1 of the current year;

(iii) an estimate of the ANB and the number of grade levels anticipated for the ensuing ANB calculation period;

(iv) the factual information on which the estimate is based; and

(v) any other information or data that may be required by the superintendent of public instruction.

(b) The superintendent of public instruction shall immediately review all of the factors of the application and shall approve the application if the anticipated ANB is at least 14 but less than 18 pupils and a minimum of five grade levels are being taught as of May 1 of the current year or documentation is provided that indicates that the anticipated ANB will require a minimum of five grade levels to be taught in the ensuing school year.

(2) Whenever a school district applies for and is approved for instructional aide funding under the provisions of subsection (1), the district shall hire an instructional aide.

(3) For the purposes of this section, the term "instructional aide" means:

(a) a person who is under the direct supervision of a teacher; or

(b) a certified teacher."

HeinOnline -- 1989 vol. II 2602 1989

Section 35. Section 20-9-331, MCA, is amended to read:

**"20-9-331. Basic county tax and other revenues for county equalization of the elementary district foundation program.** (1) *The* county commissioners of each county *shall* levy an annual basic tax of *33* mills on the *dollar* of the taxable value of all taxable property within the county, except for *property subject to a tax or fee under 23-2-517, 23-2-803, 61-3-504(2), 61-3-521, 61-3-537, and 67-3-204,* for the purposes of local and state foundation program support. The revenue collected from this levy *must* be apportioned to the support of the foundation programs of the elementary school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the sum of the estimated *revenue* identified in subsection (2) *must* be subtracted from the total of the foundation programs of all elementary districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined *in subsection (1)(a),* the county treasurer shall remit the surplus funds to the state treasurer for deposit to the state special revenue fund, state equalization aid account, immediately upon occurrence of a surplus balance and each subsequent month thereafter, with any final remittance due no later than June 20 of the fiscal year for which the levy has been set.

*(c) If revenue from the basic levy prescribed by this section when combined with the other revenue from subsection (2) is insufficient to fully fund the percentage determined in 20-9-347(1)(b) and the county is eligible for an apportionment of state equalization aid under the provisions of 20-9-347(1)(c), the county superintendent shall notify the superintendent of public instruction of the deficiency. The superintendent of public instruction shall increase the state equalization aid payments to the districts in the affected county to offset the deficiency. A payment may not be made under this subsection (c) that allows a district to receive foundation program funding in excess of the foundation program amount of the district.*

(2) The *revenue* realized from the county's portion of the levy prescribed by this section and the *revenue* from the following sources *must* be used for the equalization of the elementary district foundation programs of the county as prescribed in 20-9-334, and a separate accounting *must* be kept of *the revenue* by the county treasurer in accordance with 20-9-212(1):

(a) the portion of the federal Taylor Grazing Act funds distributed to a county and designated for the common school fund under the provisions of 17-3-222;

(b) the portion of the federal flood control act funds distributed to a county and designated for expenditure for the benefit of the county common schools under the provisions of 17-3-232;

(c) all money paid into the county treasury as a result of fines for violations of law, except money paid to a justice's court, and the use of which is not otherwise specified by law;

HeinOnline -- 1989 vol. II 2603 1989

(d) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's *accounts* for the various sources of revenue established or referred to in this section;

(e) any federal or state money distributed to the county as payment in lieu of property taxation, *including federal forest reserve funds allocated under the provisions of 17-3-213*;

(f) net proceeds taxes for interim production and new production, as defined in 15-23-601; and

(g) anticipated revenue from property taxes *and fees* imposed under *23-2-517, 23-2-803,* 61-3-504(2), *61-3-521,* 61-3-537, *and 67-3-204.*"

Section 36. Section 20-9-333, MCA, is amended to read:

"**20-9-333. Basic special levy and other revenues for county equalization of high school district foundation program.** (1) *The* county commissioners of each county *shall* levy an annual basic special tax for high schools of *22* mills on the dollar of the taxable value of all taxable property within the county, except for *property subject to a tax or fee under 23-2-517, 23-2-803, 61-3-504(2), 61-3-521, 61-3-537, and 67-3-204,* for the purposes of local and state foundation program support. The revenue collected from this levy *must* be apportioned to the support of the foundation programs of high school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the *sum of the* estimated *revenue* identified in *subsection (2) must* be subtracted from the sum of the county's high school tuition obligation and the total of the foundation programs of all high school districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined *in subsection (1)(a),* the county treasurer shall remit the surplus to the state treasurer for deposit to the state special revenue fund, state equalization aid account, immediately upon occurrence of a surplus balance and each subsequent month thereafter, with any final remittance due no later than June 20 of the fiscal year for which the levy has been set.

*(c) If revenue from the basic levy prescribed by this section when combined with the other revenue from subsection (2) is insufficient to fully fund the percentage determined in 20-9-347(1)(b) and the county is eligible for an apportionment of state equalization aid under the provisions of 20-9-347(1)(c), the county superintendent shall notify the superintendent of public instruction of the deficiency. The superintendent of public instruction shall increase the state equalization aid payments to the districts in the affected county to offset the deficiency. A payment may not be made under this subsection (c) that allows a district to receive foundation program funding in excess of the foundation program amount of the district.*

(2) The *revenue* realized from the county's portion of the levy prescribed in this section and the *revenue* from the following sources *must* be

HeinOnline -- 1989 vol. II 2604 1989

used for the equalization of the high school district foundation programs of the county as prescribed in 20-9-334, and a separate accounting *must* be kept of *the revenue* by the county treasurer in accordance with 20-9-212(1):

(a) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's accounts for the various sources of revenue established in this section;

(b) any federal or state *money* distributed to the county as payment in lieu of property taxation, *including federal forest reserve funds allocated under the provisions of 17-3-213*;

(c) net proceeds taxes for interim production and new production, as defined in 15-23-601; and

(d) anticipated revenue from property taxes *and fees* imposed under *23-2-517, 23-2-803,* 61-3-504(2), *61-3-521,* 61-3-537, *and 67-3-204.*"

Section 37. Section 20-9-343, MCA, is amended to read:

**"20-9-343. Definition of and revenue for state equalization aid.** (1) As used in this title, the term "state equalization aid" means *the money* deposited in the state special revenue fund as required in this section plus any legislative appropriation of money from other sources for distribution to the public schools for the *purposes* of *payment of guaranteed tax base aid and* equalization of the foundation program.

(2) The superintendent of public instruction *may* spend *funds appropriated for state equalization aid* as required for *guaranteed tax base aid and* foundation program purposes throughout the biennium.

(3) The following *must* be paid into the state special revenue fund for state equalization aid to public schools of the state:

(a) money received from the collection of income taxes under chapter 30 of Title 15, *as provided by 15-1-501*;

(b) except as provided in 15-31-702, *money* received from the collection of corporation license and income taxes under chapter 31 of Title 15, as provided by 15-1-501;

(c) money allocated to state equalization from the collection of the severance tax on coal;

(d) money received from the treasurer of the United States as the state's shares of oil, gas, and other mineral royalties under the federal Mineral Lands Leasing Act, as amended;

(e) interest and income money described in 20-9-341 and 20-9-342;

*(f) money received from the state equalization aid levy under [section 50];*

*(g) income from the lottery, as provided in 23-5-1027;*

*(h)* the surplus revenues collected by the counties for foundation program support according to 20-9-331 and 20-9-333;

HeinOnline -- 1989 vol. II 2605 1989

*(i) investment income earned by investing money in the state equalization aid account in the state special revenue fund; and*

*(j) 15% of the income and earnings of all coal severance tax funds as provided in 17-5-704(2).*

*(4) The superintendent of public instruction shall request the board of investments to invest the money in the state equalization aid account to maximize investment earnings to the account.*

*(5)* Any surplus revenue in the state equalization aid account in the second year of a biennium may be used to reduce *any* appropriation required for the next succeeding biennium."

Section 38. Section 20-9-344, MCA, is amended to read:

**"20-9-344. Purpose of state equalization aid and duties of the board of public education for distribution — conditions of first payment.** (1) The money available for state equalization aid *must* be distributed and apportioned to provide an annual minimum operating revenue for the elementary and high schools in each county, exclusive of revenues required for debt service and for the payment of any costs and expense incurred in connection with any adult education program, recreation program, school food services program, new buildings *and* grounds, and transportation.

(2) The board of public education shall administer and distribute the state equalization aid in the manner and with the powers and duties provided by law. To this end, the board of public education shall:

(a) adopt policies for regulating the distribution of state equalization aid in accordance with the provisions of law and in a manner that *provides for monthly distribution to each district of its foundation program amount and to each county and district distribution of its guaranteed tax base aid*;

(b) have the power to require reports from the county superintendents, budget boards, county treasurers, and trustees as it *considers* necessary; and

(c) order the superintendent of public instruction to distribute the state equalization aid on the basis of each district's annual entitlement to *the* aid as established by the superintendent of public instruction. In ordering the distribution of state equalization aid, the board of public education *may* not increase or decrease the state equalization aid distribution to any district on account of any difference *that* may occur during the school fiscal year between budgeted and actual receipts from any other source of school revenue.

*(3) The board of public education may order the superintendent of public instruction to withhold distribution of state equalization aid or order the county superintendent of schools to withhold county equalization money from a district when the district fails to:*

*(a) submit reports or budgets as required by law or rules adopted by the board of public education; or*

*(b) maintain accredited status.*

HeinOnline -- 1989 vol. II 2606 1989

*(4) Prior to any proposed order by the board of public education to withhold distribution of state equalization aid or county equalization money, the district is entitled to a contested case hearing before the board of public education, as provided under the Montana Administrative Procedure Act.*

*(5) If* a district *or county receives* more state equalization aid than it is entitled to, the county treasurer *shall* return the overpayment to the state upon the request of the superintendent of public instruction in the manner prescribed by the department of commerce.

*(6) (a)* The first *foundation program* payment *and guaranteed tax base aid payment* must be based on an estimate of 20% of *the* entitlement *of each district or county* and distributed by July 15 of the school fiscal year.

*(b) Each subsequent monthly payment must be at least 7% of the entitlement of each district or county."*

Section 39. Section 20-9-346, MCA, is amended to read:

**"20-9-346. Duties of the superintendent of public instruction for state equalization aid distribution.** The superintendent of public instruction shall administer the distribution of the state equalization aid by:

(1) establishing *the* annual entitlement *of each district and county* to state equalization aid, based on the data reported in the *retirement and general fund budgets* for each district that *have* been duly adopted for the current school fiscal year and verified by the superintendent of public instruction and by applying *the* verified data under the provisions of the state equalization aid allocation procedure prescribed in 20-9-347;

(2) recommending to the board of public education the entitlement of all districts *and counties* to state equalization aid to enable the board of public education to order the distribution of state equalization aid;

(3) distributing by state warrant *or electronic transfer* the state equalization aid, for each district *or county* entitled to *the* aid, to the county treasurer of the *respective county or* county where the district is located, in accordance with the distribution ordered by the board of public education;

(4) keeping a record in his office of the full and complete data concerning *money* available for state equalization aid and the entitlements for state equalization aid of the districts of the state;

(5) reporting to the board of public education the estimated amount *that* will be available for state equalization aid; and

(6) reporting to both *houses* of the state legislature in any year when a session is convened:

(a) the figures and data available in his office concerning distributions of state equalization aid during the preceding 2 school fiscal years;

(b) the amount of state equalization aid then available;

(c) the apportionment made of *the* available *money* but not yet distributed; and

(d) the latest estimate of accruals of *money* available for state equalization aid."

Section 40. Section 20-9-347, MCA, is amended to read:

**"20-9-347. Formula for state equalization aid apportionment in support of foundation program.** (1) The superintendent of public instruction shall apportion the state equalization aid *available for support of the foundation program*, individually for the elementary districts of a county or the high school districts of a county, in accordance with 20-9-346 and on the basis of the following procedure:

(a) Determine the percentage that the total funds available to all counties in the state in support of the foundation program (including the state *money* available for state equalization aid *in support of the foundation program*) is of the total amount of the foundation programs of all counties.

(b) Determine the percentage that the total funds available in each county in support of the foundation programs in *the* county (excluding state *money* available for state equalization aid *in support of the foundation program*) is of the total amount of the foundation programs of all districts of *the* county.

(c) Counties in which the percentage determined in subsection (1)(b) exceeds the percentage determined in subsection (1)(a) *are not* entitled to an apportionment of the state equalization aid *in support of the foundation program.*

(d) After elimination of the counties referred to in subsection (1)(c), determine the percentage that the total *money* available to all remaining counties in support of the foundation program (including the state *money* available for state equalization aid *in support of the foundation program*) is of the total amount of the foundation programs of all remaining counties.

(e) Each district of each remaining county *is* entitled to an apportionment of the state equalization aid *in support of the foundation program equal to* the difference between the percentage determined in subsection (1)(d) and the percentage determined for *the* county in subsection (1)(b) multiplied by the foundation program amount for *the* district.

(2) The superintendent of public instruction shall supply the county treasurer and the county superintendent with a report of the apportionments of state equalization aid *in support of the foundation program of each district* of the county, and the state equalization aid *in support of the foundation program must* be apportioned to *the* districts in accordance with *the* report."

Section 41. Section 20-9-351, MCA, is amended to read:

**"20-9-351. Funding of deficiency in state equalization aid.** If the *money available for state equalization aid is not sufficient to provide the foundation program schedule support determined in 20-9-348 and the*

HeinOnline -- 1989 vol. II 2608 1989

*guaranteed tax base aid required under [sections 60 through 63]*, the superintendent of public instruction *shall* request the budget director to submit a request for a supplemental appropriation in the second year of the biennium that *is* sufficient to complete the funding of *guaranteed tax base aid and* the foundation programs of the elementary or secondary schools, or both, for the current biennium."

Section 42. Section 20-9-353, MCA, is amended to read:

**"20-9-353. Additional levy for general fund — election for authorization to impose.** (1) *Except as limited by 20-9-315(2), the* trustees of any district may propose to adopt a general fund budget in excess of the *foundation program* for *the* district for any of the following purposes:

(a) building, altering, repairing, or enlarging any schoolhouse of the district;

(b) furnishing additional school facilities for the district;

(c) acquisition of land for the district;

(d) proper maintenance and operation of the school programs of the district; *or*

*(e) severance pay for district employees.*

(2) When the trustees of any district determine that an additional amount of financing is required for the general fund budget that is in excess of the statutory schedule amount, the trustees shall submit the proposition of an additional levy to raise *the* excess amount of general fund financing to the electors who are qualified under 20-20-301 to vote upon *the* proposition, except that *an* election *is not* required to permit the school trustees to use any funds available to finance the additional amount other than those funds to be raised by the additional levy. *The* special election *must* be called and conducted in the manner prescribed by this title for school elections. The ballot for *the* election *must* state only the amount of money to be raised by additional property taxation, the approximate number of mills required to raise *the* money, and the purpose for which *the* money will be expended. *The ballot must* be in the following format:

PROPOSITION

Shall a levy be made in addition to the levies authorized by law in *the* number of mills as may be necessary to raise the sum of (state the amount to be raised by additional tax levy), and being approximately (give number) mills, for the purpose of (insert the purpose for which the additional tax levy is made)?

☐ FOR the levy.

☐ AGAINST the levy.

(3) If the election on any additional levy for the general fund is approved by a majority vote of *the* electors voting at *the* election, the proposition *carries* and the trustees may use any portion or all of the authorized amount in adopting the preliminary general fund budget. The trustees shall

HeinOnline -- 1989 vol. II 2609 1989

certify the additional levy amount authorized by *the* special election on the budget form that is submitted to the county superintendent, and the county commissioners shall levy *the authorized* number of mills on the taxable value of all taxable property within the district, as prescribed in 20-9-141, to raise the amount of *the* additional levy.

(4) Authorization to levy an additional tax under the provisions of this section *is* effective for only 1 school fiscal year and *must* be authorized by a special election conducted before August 1 of the school fiscal year for which it is effective."

Section 43. Section 20-9-501, MCA, is amended to read:

**"20-9-501. Retirement fund.** (1) The trustees of any district employing personnel who are members of the teachers' retirement system or the public employees' retirement system or who are covered by unemployment insurance or who are covered by any federal social security system requiring employer contributions shall establish a retirement fund for the purposes of budgeting and paying the employer's contributions to such systems. The district's contribution for each employee who is a member of the teachers' retirement system *must* be calculated in accordance with Title 19, chapter 4, part 6. The district's contribution for each employee who is a member of the public employees' retirement system *must* be calculated in accordance with 19-3-801. The district's contributions for each employee covered by any federal social security system *must* be paid in accordance with federal law and regulation. The district's contribution for each employee who is covered by unemployment insurance *must* be paid in accordance with Title 39, chapter 51, part 11.

(2) The trustees of any district required to make a contribution to any system *referred to in subsection (1)* shall include in the retirement fund of the preliminary budget the estimated amount of the employer's contribution. After the final retirement fund budget has been adopted, the trustees shall pay the employer contributions to such systems in accordance with the financial administration provisions of this title.

(3) When the final retirement fund budget has been adopted, the county superintendent shall establish the levy requirement by:

(a) determining the sum of the *money* available to reduce the retirement fund levy requirement by adding:

(i) any anticipated *money* that may be realized in the retirement fund during the ensuing school fiscal year, including anticipated revenue from property taxes *and fees* imposed under *23-2-517, 23-2-803,* 61-3-504(2), *61-3-521,* 61-3-537, *and 67-3-204*;

*(ii) anticipated guaranteed tax base aid in support of retirement;*

*(iii)* net proceeds taxes; and

*(iv)* any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the retirement fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the retirement fund. The retirement fund cash reserve *may* not be more than 35% of the final retirement

HeinOnline -- 1989 vol. II 2610 1989

fund budget for the ensuing school fiscal year and *must* be used for the purpose of paying retirement fund warrants issued by the district under the final retirement fund budget.

(b) subtracting the *money* available for reduction of the levy requirement, as determined in subsection (3)(a), from the budgeted amount for expenditures in the final retirement fund budget.

(4) The county superintendent shall:

(a) total the net retirement fund levy requirements separately for all elementary school districts, all high school districts, and all community college districts of the county, including any prorated joint district or special education cooperative agreement levy requirements; *and*

*(b)* report each levy requirement to the county commissioners on the second Monday of August as the respective county levy requirements for elementary district, high school district, and community college district retirement funds.

(5) The county commissioners shall fix and set *the* county levy in accordance with 20-9-142.

(6) The net retirement fund levy requirement for a joint elementary district or a joint high school district *must* be prorated to each county in which a part of *the* district is located in the same proportion as the district ANB of the joint district is distributed by pupil residence in each county. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county as provided in 20-9-151.

(7) The net retirement fund levy requirement for districts that are members of special education cooperative agreements *must* be prorated to each county in which *the* district is located in the same proportion as the budget for the special education cooperative agreement of the district bears to the total budget of the cooperative. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county in the same manner as provided in 20-9-151 and fix and levy the net retirement fund levy for each county in the same manner as provided in 20-9-152."

Section 44. Section 23-5-1027, MCA, is amended to read:

**"23-5-1027. Disposition of revenue.** (1) A minimum of 45% of the money paid for tickets or chances must be paid out as prize money. The prize money is statutorily appropriated, as provided in 17-7-502, to the lottery.

(2) Commissions paid to lottery ticket or chance sales agents are not a state lottery operating expense.

(3) That part of all gross revenue not used for the payment of prizes, commissions, and operating expenses, together with the interest earned on the gross revenue while the gross revenue is in the enterprise fund, is net revenue and must be paid quarterly from the enterprise fund established by 23-5-1026 to the superintendent of public instruction for distribution as

HeinOnline -- 1989 vol. II 2611 1989

*state* equalization aid to the *public schools of Montana as provided in 20-9-343.* The net revenue is statutorily appropriated, as provided in 17-7-502, to the superintendent of public instruction.

(4) The spending authority of the lottery may be increased in accordance with this section upon review and approval of a revised operation plan by the budget office."

Section 45. Section 90-1-108, MCA, is amended to read:

**"90-1-108. County land planning assistance.** (1) The department of commerce shall annually distribute the funds appropriated to it from the county land planning account. Each county shall be allotted $3,000. After this disbursement has been made, 40% of the balance in the account shall be apportioned to the counties according to the ratio of each county's land area to the total land area of the state and 60% of the balance shall be apportioned to the counties according to each county's portion of the total population of the state. If a multijurisdictional planning board has been established in the county, it may receive and expend part or all of the funds allocated to that county.

(2) Counties, cities, or joint planning boards receiving funds under this section shall use such funds for land planning purposes, which include but are not limited to comprehensive planning, economic development planning, and capital improvements planning.

(3) At the end of each fiscal year, every local governing body and planning agency receiving funds under this section shall provide an accounting of how the money was spent, in a form acceptable to the department of commerce. Surplus funds may be accumulated and rebudgeted for the purposes stated in subsection (2), except that funds rebudgeted by a local governing body or planning agency may not exceed the total revenue received under subsection (1) in the year immediately prior to the budget year. Any excess funds shall revert to the *state special revenue fund for state equalization aid to public schools of the state* at the end of each odd-numbered fiscal year, beginning in June *1991.*"

Section 46. Section 90-6-202, MCA, is amended to read:

**"90-6-202. Accounts established.** (1) There is within the state special revenue fund a local impact account. Moneys are payable into this account under 15-35-108. The state treasurer shall draw warrants from this account upon order of the coal board.

(2) There is within the state special revenue fund a coal area highway improvement account."

Section 47. Section 90-6-212, MCA, is amended to read:

**"90-6-212. Local impact account — disposition of loan repayments, interest, and unexpended balances.** (1) The money derived from loans made pursuant to this part, including interest thereon, must be deposited to the credit of the local impact account created in 90-6-202.

(2) The unexpended money in the local impact account must be invested by the board of investments as provided by statute. Interest and

HeinOnline -- 1989 vol. II 2612 1989

earnings must be deposited to the credit of the *state special revenue fund for state equalization aid to public schools of the state.*

(3) The unexpended balance in the local impact account at the end of each biennium must be deposited to the credit of the *state special revenue fund for state equalization aid to public schools of the state.*"

Section 48. Section 90-6-309, MCA, is amended to read:

"**90-6-309. Tax prepayment — large-scale mineral development.** (1) After permission to commence operation is granted by the appropriate governmental agency, and upon request of the governing body of a county in which a facility is to be located, a person intending to construct or locate a large-scale mineral development in this state shall prepay property taxes as specified in the impact plan. This prepayment shall exclude the 6-mill university levy *established under 20-25-423* and may exclude the mandatory county *levies* for the school foundation program *established in 20-9-331 and 20-9-333.*

(2) The person who is to prepay under this section *is* not obligated to prepay the entire amount established in subsection (1) at one time. Upon request of the governing body of an affected local government unit, the person shall prepay the amount shown to be needed from time to time as determined by the board.

(3) The person who is to prepay shall guarantee to the hard-rock mining impact board, through an appropriate financial institution, as may be required by the board, that property tax prepayments will be paid as needed for expenditures created by the impacts of the large-scale mineral development.

(4) When the mineral development facilities are completed and assessed by the department of revenue, they *are* subject during the first 3 years and thereafter to taxation as all other property similarly situated, except that in each year after the start of production, the local government unit that received a property tax prepayment shall provide for repayment of prepaid property taxes in accordance with subsection (5).

(5) A local government unit that received all or a portion of the property tax prepayment under this section shall provide for tax crediting as specified in the impact plan. The tax credit allowed in any year may not, however, exceed the tax obligation of the developer for that year, and the time period for tax crediting is limited to the productive life of the mining operation."

Section 49. **Comprehensive insurance fund balance — transfer.** A district that has a balance remaining on [the effective date of this section] in the district comprehensive insurance fund shall transfer the balance to the district general fund.

Section 50. **State equalization aid levy.** (1) There is a levy of 40 mills imposed on all taxable property within the state, except property for which a tax or fee is required under 23-2-517, 23-2-803, 61-3-504(2), 61-3-521, 61-3-537, and 67-3-204. Except as provided in subsection (2), proceeds of the levy must be remitted to the state treasurer and must be

HeinOnline -- 1989 vol. II 2613 1989

deposited to the credit of the state special revenue fund for state equalization aid to the public schools of Montana.

(2) For the benefit of each municipality that created an urban renewal area and adopted a tax increment financing provision for the urban renewal area prior to [the effective date of this section], each year the state treasurer shall distribute to the county an amount of the state equalization levy equal to the tax increment derived by the municipality for the fiscal year ending June 30, 1989, from the levy for property taxes for school district purposes against property within the urban renewal district, less the amount of tax increment actually received by the municipality in each year as a result of the imposition of mill levies for school district purposes.

Section 51. **State and county equalization revenue — statutory appropriation.** Revenue received in support of state and county equalization under the provisions of 20-9-331, 20-9-333, and 20-9-343 is statutorily appropriated, as provided in 17-7-502, to:

(1) the superintendent of public instruction to be used for county equalization and state equalization aid for the public schools, as provided by law, and must be accounted for in accordance with generally accepted accounting principles; and

(2) counties as provided in [section 50(2)].

Section 52. **Purpose — distance learning telecommunications network — implementation — consultant.** (1) The purpose of this section is to promote the use of distance learning telecommunications technology for the purposes of enhancing educational opportunities provided to students in the Montana public school system and promoting equal access by students to those opportunities.

(2) To provide for the training and education needs of public schools, the department of administration shall retain a telecommunications engineering consultant to support the development of design criteria and specifications for statewide video networking and improvements in the use of existing voice and data networks in the state.

(3) The telecommunications engineering consultant shall:

(a) seek advice and recommendations on improvements in telecommunications within Montana from the following entities:

(i) the office of the superintendent of public instruction;

(ii) the university system;

(iii) local government and school district officials;

(iv) agencies involved in economic development;

(v) the executive, judicial, and legislative branches of state government; and

(vi) local exchange carriers providing service within the state; and

HeinOnline -- 1989 vol. II 2614 1989

(b) recommend and initiate network improvements during the biennium through shared use and enhancements of existing telecommunications systems, with emphasis on limiting financial commitments to the extent possible.

Section 53. **Definition.** As used in [sections 53 through 59], "committee" means the legislative oversight committee on school funding implementation created in [section 54].

Section 54. **Legislative oversight committee on school funding implementation — composition and appointment.** (1) There is a legislative oversight committee on school funding implementation.

(2) The committee consists of 11 members, including:

(a) four members of the house of representatives appointed by the speaker of the house;

(b) four members of the senate appointed by the committee on committees of the senate;

(c) the superintendent of public instruction or his designee as an ex officio nonvoting member;

(d) a member of the board of public education as an ex officio nonvoting member; and

(f) the governor or his designee as an ex officio nonvoting member.

(3) No more than two legislative members from each house may be of the same political party.

Section 55. **Term of office — vacancies.** (1) A committee member shall serve until the committee terminates as provided in [section 59].

(2) A vacancy on the committee must be filled in the same manner as the original appointment.

Section 56. **Officers — meetings — quorum — compensation.** (1) The committee shall choose from its membership a chairman and vice chairman.

(2) The committee shall meet upon the call of the chairman or at the request of any five members.

(3) Six members constitute a quorum to transact business.

(4) A legislative member is entitled to compensation as provided in 5-2-302.

Section 57. **Duties of the committee.** The duties of the committee include but are not limited to:

(1) monitoring the implementation of school funding equalization, including:

(a) identification of any problems of implementation and options for resolving these problems;

HeinOnline -- 1989 vol. II 2615 1989

(b) continued analysis of school district budget and expenditure data and of improvements in school district accounting and reporting procedures; and

(c) examination of other issues related to implementation;

(2) directing the following studies of issues related to school funding equalization:

(a) school transportation equalization, including but not limited to:

(i) mechanisms to equalize transportation funding; and

(ii) analysis of issues related to the costs and efficiencies of school transportation, including reimbursement schedules, load requirements, 3-mile limit, transporting ineligible transportees, functions of the county transportation committee, and school district reporting and budgeting duties;

(b) school district capital outlay and debt service equalization, including but not limited to:

(i) analysis of school district funds and budgets for various school district capital outlay and debt service obligations; and

(ii) options for equalizing school district capital outlay and debt service obligations; and

(c) continued study of issues related to equalization, including but not limited to comprehensive insurance, uncollected taxes, tuition, student-based funding distribution methods, special education funding, administrative costs of school services, status of and approval process for isolated schools, options for reorganization or unification of school districts, and federal Public Law 81-874 revenue, especially as it pertains to revenue not linked to Native American students;

(3) ongoing analysis of revenue sources related to school funding;

(4) holding discussions with any party contemplating litigation regarding compliance with the supreme court and district court rulings on school funding equalization;

(5) reporting its findings, options for legislative consideration, and any proposed legislation to the governor and the 52nd legislature; and

(6) considering options of how the state can share teacher salary costs due to the salary change of teachers transferring from one school district to another. Currently, there is a problem of teachers transferring to other school districts. One reason is that most school districts will recognize no more than 5 years of a teacher's experience to base the new salary on, regardless of more years of teaching actually taught. This leads to hindering a teacher from transferring to another school district due to the disparity in salaries.

Section 58. **Staff assistance.** The committee may request the following governmental entities to provide staff assistance to the committee:

(1) the office of public instruction;

HeinOnline -- 1989 vol. II 2616 1989

(2) the governor's office of budget and program planning;

(3) the board of public education;

(4) the legislative council;

(5) the office of the legislative fiscal analyst; and

(6) the office of the legislative auditor.

Section 59. **Termination.** [Sections 53 through 58] terminate December 31, 1990.

Section 60. **Definitions.** As used in [sections 60 through 63], the following definitions apply:

(1) "County mill value per elementary ANB" or "county mill value per high school ANB" means the sum of the current taxable valuation of all property in the county plus all the taxable value of nontax revenue for the support of schools, other than Public Law 81-874 funds, for the purpose of computing guaranteed tax base aid for schools is the amount of nontax revenue received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000, divided by 1,000, with the quotient divided by the total county elementary ANB count or the total county high school ANB count used to calculate the elementary school districts' and high school districts' current year foundation program amounts.

(2) "District mill value per ANB" means the current taxable valuation of all property in the district plus all the taxable value of nontax revenue for the support of schools, other than Public Law 81-874 funds, for the purpose of computing guaranteed tax base aid for schools is the amount of nontax revenue received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000, divided by 1,000, with the quotient divided by the ANB count of the district used to calculate the district's current year foundation program schedule amount.

(3) "Guaranteed overschedule general fund budget" means that portion of a district's general fund budget in excess of the foundation program amount for the district, as provided in 20-9-316 through 20-9-321, but not exceeding 135% of the district's foundation program amount, and which excess is authorized under the provisions of [section 101] and 20-9-353.

(4) "Statewide mill value per elementary ANB" or "statewide mill value per high school ANB" means the sum of the current taxable valuation of all property in the state plus all the taxable value of nontax revenue for the support of schools, other than Public Law 81-874 funds, for the purpose of computing guaranteed tax base aid for schools is the amount of nontax revenue received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000, divided by 1,000, with the quotient divided by the total state elementary ANB count or the total state high school ANB count used to calculate the elementary school districts' and high school districts' current year foundation program amounts.

HeinOnline -- 1989 vol. II 2617 1989

Section 61. **Eligibility to receive guaranteed tax base aid.** (1) If the district mill value per ANB of any elementary or high school district is less than the corresponding statewide mill value per ANB, the district may receive guaranteed tax base aid based on the number of mills levied in the district in support of its guaranteed overschedule permissive amount of the general fund budget.

(2) If the county mill value per elementary ANB or high school ANB is less than the corresponding statewide mill value per ANB, the county may receive guaranteed tax base aid based on the number of mills levied in the county in support of the retirement fund budgets of the respective elementary or high school districts in the county.

Section 62. **Amount of guaranteed tax base aid — reversion.** (1) The amount of guaranteed tax base aid per ANB that a county may receive in support of the retirement fund budgets of the elementary school districts in the county is the difference between the county mill value per elementary ANB and the statewide mill value per elementary ANB, multiplied by the number of mills levied in support of the retirement fund budgets of the elementary districts in the county.

(2) The amount of guaranteed tax base aid per ANB that a county may receive in support of the retirement fund budgets of the high school districts in the county is the difference between the county mill value per high school ANB and the statewide mill value per high school ANB, multiplied by the number of mills levied in support of the retirement fund budgets of the high school districts in the county.

(3) The amount of guaranteed tax base aid per ANB that a district may receive in support of its guaranteed overschedule permissive amount of the general fund budget is the difference between the district mill value per ANB and the corresponding statewide mill value per ANB, multiplied by the number of mills levied in support of the district's guaranteed overschedule permissive amount of the general fund budget.

(4) Guaranteed tax base aid provided to any county or district under this section is earmarked to finance the fund or portion of the fund for which it is provided. If the actual expenditures from the fund or portion of the fund for which guaranteed tax base aid is earmarked are less than the amount budgeted, the guaranteed tax base aid reverts in proportion to the amount budgeted but not expended. If a county or district receives more guaranteed tax base aid than it is entitled to, the excess must be returned to the state as required by 20-9-344.

Section 63. **Duties of superintendent of public instruction and department of revenue.** (1) The superintendent of public instruction shall administer the distribution of guaranteed tax base aid by:

(a) providing each school district and county superintendent, by June 15 of each year, with the preliminary statewide and county mill values per ANB and, by July 15 of each year, with the final statewide, district, and county mill values per ANB, for use in calculating the guaranteed tax base aid available for the ensuing school fiscal year;

(b) requiring each county and district that qualifies and applies for guaranteed tax base aid to report to the county superintendent all budget

HeinOnline -- 1989 vol. II 2618 1989

and accounting information required to administer the guaranteed tax base aid;

(c) keeping a record of the complete data concerning appropriations available for guaranteed tax base aid and the entitlements for such aid of the counties and districts that qualify;

(d) distributing the guaranteed tax base aid entitlement to each qualified county or district from the appropriations for that purpose.

(2) The superintendent shall adopt rules necessary to implement [sections 60 through 63].

(3) The department of revenue shall provide the superintendent of public instruction by June 1 of each year a preliminary determination of the taxable value of property within each school district and county of the state and shall provide by July 1 of each year a final determination of the taxable values.

Section 64. Section 15-1-501, MCA, is amended to read:

**"15-1-501. Disposition of money from certain designated license and other taxes.** (1) The state treasurer shall deposit to the credit of the state general fund all *money* received by him from the collection of:

(a) fees from driver's licenses, motorcycle endorsements, and duplicate driver's licenses as provided in 61-5-121;

(b) electrical energy producer's license taxes under chapter 51;

(c) severance taxes allocated to the general fund under chapter 36;

(d) liquor license taxes under Title 16;

(e) telephone company license taxes under chapter 53; and

(f) inheritance and estate taxes under Title 72, chapter 16.

(2) All *money* received from the collection of income taxes under chapter 30 of this title *must* be deposited as follows:

(a) *57% in fiscal year 1990 and 50% in fiscal year 1991,* to the credit of the state general fund;

(b) *9.8% in fiscal year 1990 and 8.7% in fiscal year 1991,* to the credit of the debt service account for long-range building program bonds as described in 17-5-408; and

(c) *33.2% in fiscal year 1990 and 41.3% in fiscal year 1991,* to the credit of the state special revenue fund for state equalization aid to the public schools of Montana as described in 20-9-343.

(3) All *money* received from the collection of corporation license and income taxes under chapter 31 of this title, except as provided in 15-31-702, *must* be deposited as follows:

(a) 64% *in fiscal year 1990 and 61% in fiscal year 1991,* to the credit of the state general fund;

(b) 11% *in fiscal year 1990 and 10.5% in fiscal year 1991,* to the credit of the debt service account for long-range building program bonds as described in 17-5-408; and

(c) 25% *in fiscal year 1990 and 28.5% in fiscal year 1991,* to the credit of the state special revenue fund for state equalization aid to the public schools of Montana as described in 20-9-343.

(4) The state treasurer shall also deposit to the credit of the state general fund all *money* received by him from the collection of license taxes, fees, and all net revenues and receipts from all other sources under the operation of the Montana Alcoholic Beverage Code.

(5) After the distribution provided for in 15-36-112, the remainder of the oil severance tax collections *must* be deposited in the general fund."

Section 65. **Education surtax.** As part of the equalization of funding for Montana public schools and in lieu of a general sales tax, each person required to file a Montana individual income tax return shall pay, in addition to the tax liability computed as required in 15-30-103, an education surtax of 5% of the tax liability. Montana individual income tax return forms must indicate that the surtax imposed under this section is an education surtax and is assessed in lieu of a general sales tax.

Section 66. Section 7-1-2111, MCA, is amended to read:

**"7-1-2111. Classification of counties.** (1) For the purpose of regulating the compensation and salaries of all county officers, not otherwise provided for, and for fixing the penalties of officers' bonds, the counties of this state *must* be classified according to that percentage of the true and full valuation of the property *in the counties* upon which the tax levy is made, except for vehicles subject to taxation under 61-3-504(2), as follows:

(a) first class—all counties having a taxable valuation of $50 million or over;

(b) second class—all counties having a taxable valuation of more than $30 million and less than $50 million;

(c) third class—all counties having a taxable valuation of more than $20 million and less than $30 million;

(d) fourth class—all counties having a taxable valuation of more than $15 million and less than $20 million;

(e) fifth class—all counties having a taxable valuation of more than $10 million and less than $15 million;

(f) sixth class—all counties having a taxable valuation of more than $5 million and less than $10 million;

(g) seventh class—all counties having a taxable valuation of less than $5 million.

(2) As used in this section, taxable valuation means the taxable value of taxable property in the county as of the time of determination plus:

HeinOnline -- 1989 vol. II 2620 1989

(a) that portion of the taxable value of the county on December 31, 1981, attributable to automobiles and trucks having a rated capacity of three-quarters of a ton or less;

(b) that portion of the taxable value of the county on December 31, 1989, attributable to automobiles and trucks having a rated capacity of more than three-quarters of a ton but less than or equal to 1 ton;

(c) the amount of interim production and new production taxes levied, as provided in 15-23-607, divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%; and

(d) the amount of value represented by new production exempted from tax as provided in 15-23-612 *multiplied by 60%, plus the value of any other production occurring after December 31, 1988, multiplied by 60%.*"

Section 67. Section 7-7-2101, MCA, is amended to read:

"**7-7-2101. Limitation on amount of county indebtedness.** (1) No county may become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 23% of the total of the taxable value of the property therein subject to taxation, plus the amount of interim production and new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%, plus the amount of value represented by new production exempted from tax as provided in 15-23-612 *multiplied by 60%, plus the value of any other production occurring after December 31, 1988, multiplied by 60%,* as ascertained by the last assessment for state and county taxes previous to the incurring of *the* indebtedness.

(2) No county may incur indebtedness or liability for any single purpose to an amount exceeding $500,000 without the approval of a majority of the electors thereof voting at an election to be provided by law, except as provided in 7-21-3413 and 7-21-3414.

(3) Nothing in this section shall apply to the acquisition of conservation easements as set forth in Title 76, chapter 6."

Section 68. Section 7-7-2203, MCA, is amended to read:

"**7-7-2203. Limitation on amount of bonded indebtedness.** (1) Except as provided in subsections (2) through (4), no county may issue general obligation bonds for any purpose which, with all outstanding bonds and warrants except county high school bonds and emergency bonds, will exceed 11.25% of the total of the taxable value of the property therein, plus the amount of interim production and new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%, plus the amount of value represented by new production exempted from tax as provided in 15-23-612 *multiplied by 60%, plus the value of any other production occurring after December 31, 1988, multiplied by 60%,* to be ascertained by the last assessment for state and county taxes prior to the proposed issuance of bonds.

(2) In addition to the bonds allowed by subsection (1), a county may issue bonds which, with all outstanding bonds and warrants, will not exceed

HeinOnline -- 1989 vol. II 2621 1989

27.75% of the total of the taxable value of the property in the county subject to taxation, plus the amount of interim production and new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%, plus the amount of value represented by new production exempted from tax as provided in 15-23-612 *multiplied by 60%*, when necessary to do so, *plus the value of any other production occurring after December 31, 1988, multiplied by 60%* for the purpose of acquiring land for a site for county high school buildings and for erecting or acquiring buildings thereon and furnishing and equipping the same for county high school purposes.

(3) In addition to the bonds allowed by subsections (1) and (2), a county may issue bonds for the construction or improvement of a jail which will not exceed 12.5% of the taxable value of the property in the county subject to taxation.

(4) The limitation in subsection (1) does not apply to refunding bonds issued for the purpose of paying or retiring county bonds lawfully issued prior to January 1, 1932, or to bonds issued for the repayment of tax protests lost by the county."

Section 69. Section 7-14-2524, MCA, is amended to read:

**"7-14-2524. Limitation on amount of bonds issued — excess void.** (1) Except as otherwise provided hereafter and in 7-7-2203 and 7-7-2204, *a* county *may not* issue bonds which, with all outstanding bonds and warrants except county high school bonds and emergency bonds, will exceed 11.25% of the total of the taxable value of the property therein, plus the amount of interim production and new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%, plus the amount of value represented by new production exempted from tax as provided in 15-23-612 *multiplied by 60%, plus the value of any other production occurring after December 31, 1988, multiplied by 60%.* The taxable property and the amount of interim production and new production taxes levied *must* be ascertained by the last assessment for state and county taxes prior to the issuance of *the* bonds.

(2) A county may issue bonds which, with all outstanding bonds and warrants except county high school bonds, will exceed 11.25% but will not exceed 22.5% of the total of the taxable value of such property, plus the amount of interim production and new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%, plus the amount of value represented by new production exempted from tax as provided in 15-23-612, *plus the value of any other production occurring after December 31, 1988, multiplied by 60%* when necessary for the purpose of replacing, rebuilding, or repairing county buildings, bridges, or highways which have been destroyed or damaged by an act of God, disaster, catastrophe, or accident.

(3) The value of the bonds issued and all other outstanding indebtedness of the county, except county high school bonds, shall not exceed 22.5% of the total of the taxable value of the property within the county, plus the amount of interim production and new production taxes levied divided by

HeinOnline -- 1989 vol. II 2622 1989

the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%, plus the amount of value represented by new production exempted from tax as provided in 15-23-612, *plus the value of any other production occurring after December 31, 1988, multiplied by 60%,* as ascertained by the last preceding general assessment."

Section 70. Section 7-14-2525, MCA, is amended to read:

**"7-14-2525. Refunding agreements and refunding bonds authorized.** (1) Whenever the total indebtedness of a county exceeds 22.5% of the total of the taxable value of the property therein, plus the amount of interim production and new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%, plus the amount of value represented by new production exempted from tax as provided in 15-23-612 *multiplied by 60%, plus the value of any other production occurring after December 31, 1988, multiplied by 60%,* and the board determines that the county is unable to pay *the* indebtedness in full, the board may:

(a) negotiate with the bondholders for an agreement whereby the bondholders agree to accept less than the full amount of the bonds and the accrued unpaid interest thereon in satisfaction thereof;

(b) enter into such agreement;

(c) issue refunding bonds for the amount agreed upon.

(2) These bonds may be issued in more than one series, and each series may be either amortization or serial bonds.

(3) The plan agreed upon between the board and the bondholders shall be embodied in full in the resolution providing for the issue of the bonds."

Section 71. Section 7-16-2327, MCA, is amended to read:

**"7-16-2327. Indebtedness for park purposes.** (1) Subject to the provisions of subsection (2), a county park board, in addition to powers and duties now given under law, *has* the power and duty to contract an indebtedness in behalf of a county, upon the credit thereof, for the purposes of 7-16-2321(1) and (2).

(2) (a) The total amount of indebtedness authorized to be contracted in any form, including the then-existing indebtedness, must not at any time exceed 13% of the total of the taxable value of the taxable property in the county, plus the amount of interim production and new production taxes levied divided by the appropriate tax rates described in 15-23-607(2)(a) or (2)(b) and multiplied by 60%, plus the amount of value represented by new production exempted from tax as provided in 15-23-612, *plus the value of any other production occurring after December 31, 1988, multiplied by 60%,* ascertained by the last assessment for state and county taxes previous to the incurring of *the* indebtedness.

(b) No money may be borrowed on bonds issued for the purchase of lands and improving same for any such purpose until the proposition has been submitted to the vote of those qualified under the provisions of the

HeinOnline -- 1989 vol. II 2623 1989

state constitution to vote at such election in the county affected thereby and a majority vote is cast in favor thereof."

Section 72. Section 15-6-132, MCA, is amended to read:

**"15-6-132. Class two property — description — taxable percentage.** (1) Class two property includes the annual gross proceeds of metal mines.

(2) Class two property is taxed at 3% of its annual gross proceeds, as defined in 15-23-801."

Section 73. Section 15-23-602, MCA, is amended to read:

**"15-23-602. Statement of sales proceeds on interim production and new production.** (1) *As* provided in subsection (2), each operator or producer of *interim production or new production of* natural gas, petroleum, or other crude or mineral oil *shall* make out and deliver to the department of revenue a statement of the gross sales proceeds of *interim production or new production of* natural gas, petroleum, or other crude or mineral oil from each well owned or worked by *the* person. The gross sales proceeds *must* be determined by multiplying the units of production sold from the well times the royalty unit value of that production at the well. *The* statement *must* be in the form prescribed by the department and must be verified by the oath of the operator or producer or the manager, superintendent, agent, president, or vice-president of *the* corporation, association, or partnership. *The* statement *must* show the following:

(a) the name and address of the operator, together with a list in duplicate of the names and addresses of any persons owning or claiming any royalty interest in the production from the well or the proceeds derived from the sale *of the production*, and the amount paid or yielded as royalty to each of *those* persons during the period covered by the statement;

(b) the description and location of the well;

(c) the number of cubic feet of natural gas, barrels of petroleum or other crude or mineral oil sold from the well during the period covered by the statement; *and*

(d) the gross sales proceeds in dollars and cents or, in the case of sales between parties not acting at arm's length, the greater of the gross sales proceeds from or the fair market value of the products sold.

(2) Each operator having interim production or new production as defined in 15-23-601 shall, on or before the last day of the months of October, January, April, and July, make out and deliver to the department of revenue a statement of the gross sales proceeds of *the* interim production or new production from each well owned or worked by *the* person during the preceding calendar quarter. The statement must be in the form prescribed by the department and verified as provided in subsection (1). The statement *must* show the information required in subsections (1)(a) through (1)(d)."

Section 74. Section 15-23-603, MCA, is amended to read:

HeinOnline -- 1989 vol. II 2624 1989

**"15-23-603. Net proceeds — how computed.** (1) *As* provided in subsection *(2)*, the department of revenue shall calculate and compute from the returns the gross sales proceeds of the product yielded from *the* well for the year covered by the statement and shall calculate the net proceeds of the well yielded to the producer, which net proceeds *are* determined by subtracting from the gross sales proceeds *of the well* all royalty paid in cash by the operator or producer and the gross value of all royalty apportioned in kind by the operator or producer determined by using as the value of a barrel of oil or a cubic foot of gas the average selling price for the calendar year of a barrel of oil or a cubic foot of gas from the well out of which the royalty was paid.

*(2)* For interim production or new production, net proceeds are the equivalent of the gross sales proceeds, without deduction for excise taxes, of the product yielded from *the* well for the *quarter* covered by the statement, except that in computing the total number of barrels of petroleum and other mineral or crude oil or cubic feet of natural gas produced, there *must* be deducted so much *of the product* as is used in the operation of the well from which the petroleum or other mineral or crude oil or natural gas is produced for pumping the petroleum or other mineral or crude oil or natural gas from the well to a tank or pipeline.

*(3) In the statement of sales proceeds required under 15-23-602* for lease or unitized areas from which interim or new production and other production have been sold, the number of barrels of interim and new production of oil or cubic feet of interim or new production of gas *must be segregated from and stated separately from* the number of barrels of other production of oil or cubic feet of other production of gas.

*(4)* In calculating the deduction for money expended for necessary chemical supplies needed and used in a tertiary recovery project approved by the department of revenue, as provided in 15-36-101, the department shall require that the necessary chemical supplies, which include but are not limited to carbon dioxide supplies, be amortized over a 10-year period beginning with the year in which the money was expended."

Section 75. Section 15-23-605, MCA, is amended to read:

**"15-23-605. Assessment of royalties.** The amount of royalty received *in cash paid by the operator or producer and the gross value of all royalty apportioned in kind by the operator or producer determined by using as the value of a barrel of oil or a cubic foot of gas the average selling price for the calendar year of a barrel of oil or a cubic foot of gas from the well out of which the royalty was paid must* be considered net proceeds to the recipient and *must* be assessed as follows: upon receipt of the lists or schedules setting forth the names and addresses of any persons owning or claiming royalty and the amount paid or yielded as royalty to *the* royalty owners or claimants during the year for which *the* return is made, the department of revenue shall proceed to assess and tax the same as net proceeds of mines."

Section 76. Section 15-23-607, MCA, is amended to read:

**"15-23-607. County assessors to compute taxes.** (1) Immediately after the board of county commissioners has fixed tax levies on the second

HeinOnline -- 1989 vol. II 2625 1989

Monday in August, the county assessor shall, *subject to the provisions of 15-23-612,* compute the taxes on net proceeds, as provided in subsection (2) *of this section,* and royalty assessments and shall deliver the book to the county treasurer on or before September 15. The county treasurer shall proceed to give full notice *of the assessments* to *the* operator and *shall* collect the *taxes as* provided by law.

(2) For interim production or new production, as defined in 15-23-601, the county assessor may not levy or assess any mills against the value of *the* interim production or new production, but shall instead levy a tax as follows:

(a) for interim production or new production of petroleum or other mineral or crude oil, 7% of net proceeds, as described in 15-23-603*(2)*; or

(b) for interim production or new production of natural gas, 12% of net proceeds, as described in 15-23-603*(2)*.

(3) The amount of tax levied in subsections (2)(a) and (2)(b), divided by the appropriate tax rate and multiplied by 60%, *must* be treated as taxable value for county bonding purposes.

*(4) The taxable value of net proceeds for the purpose of computing guaranteed tax base aid for schools is the amount of tax received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000. This amount must be added to the district, county, and statewide taxable value when computing guaranteed tax base aid under [section 62].*

*(5)* The operator or producer *is* liable for the payment of *the* taxes *that,* except as provided in 15-16-121, *are* payable by and *must* be collected from *the* operators in the same manner and under the same penalties as provided for the collection of taxes upon net proceeds of mines. *However,* the operator may at his option withhold from the proceeds of royalty interest, either in kind or in money, an estimated amount of the tax to be paid by him upon *the* royalty or royalty interest. After *the* withholding, any deviation between the estimated tax and the actual tax may be accounted for by adjusting subsequent withholdings from the proceeds of royalty interests."

Section 77. Section 15-23-703, MCA, is amended to read:

**"15-23-703. Taxation of gross proceeds — taxable value for bonding and guaranteed tax base aid to schools.** *(1)* The county assessor shall *compute* from the reported gross proceeds from coal a tax roll *that* he shall transmit to the county treasurer on or before September 15 each year. *The county assessor may not levy or assess any mills against the reported gross proceeds of coal but shall levy a tax of 5% against the value of the reported gross proceeds as provided in 15-23-701(1)(d).* The county treasurer shall proceed to give full notice to each coal producer *of the taxes due* and to collect the taxes *as provided in 15-16-101.*

*(2) For bonding, county classification, and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102(5).*

HeinOnline -- 1989 vol. II 2626 1989

*(3) The taxable value of gross proceeds for the purpose of computing guaranteed tax base aid for schools is the amount of tax received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000. This amount must be added to the district, county, and statewide taxable value when computing guaranteed tax base aid under [section 62].*

*(4) The county treasurer shall credit all taxes collected under this part:*

*(a) to the state and to the counties that levied mills against production in the relative proportions required by the levies for state and county purposes in the same manner as property taxes were distributed in the year 1989 in the taxing jurisdiction; and*

*(b) to school districts in the county that either levied mills against production or used nontax revenue, such as Public Law 81-874 money, in lieu of levying mills against production, in the same manner that property taxes collected or property taxes that would have been collected would have been distributed in 1989 in the school district."*

Section 78. Section 15-36-101, MCA, is amended to read:

**"15-36-101. Definitions and rate of tax — local government severance tax.** (1) Every person engaging in or carrying on the business of producing petroleum, other mineral or crude oil, or natural gas within this state or engaging in or carrying on the business of owning, controlling, managing, leasing, or operating within this state any well or wells from which any merchantable or marketable petroleum, other mineral or crude oil, or natural gas is extracted or produced sufficient in quantity to justify the marketing of the same must, except as provided in 15-36-121, each year when engaged in or carrying on *the* business in this state pay to the department of revenue *a severance tax* for the exclusive use and benefit of the state of Montana *plus a local government severance tax in lieu of a tax on net proceeds for the exclusive use and benefit of local government. The severance tax and the local government severance tax are* computed at the following rates:

(a) except as provided in subsections (1)(b), (1)(c), and (1)(d), 5% of the total gross value of all the petroleum and other mineral or crude oil produced by the person, *plus the local government severance tax of 8.4% on production other than interim production and new production,* from each lease or unit; but in determining the amount of severance tax, there *must* be excluded from consideration all petroleum or other crude or mineral oil produced and used by the person during the year in connection with his operations in prospecting for, developing, and producing the petroleum or crude or mineral oil;

(b) 2.65% of the total gross value of *all* natural gas produced, *plus the local government severance tax of 15.25% on natural gas production other than interim production or new production,* from each lease or unit; but in determining the amount of severance tax, there *must* be excluded from consideration all gas produced and used by the person during the year in connection with his operations in prospecting for, developing, and producing the gas or petroleum or crude or mineral oil; and there *must* also be

excluded from consideration all gas, including carbon dioxide gas, recycled or reinjected into the ground;

(c) 2.5% of the total gross value of the incremental petroleum and other mineral or crude oil produced, *plus the local government severance tax of 4.2% on production other than interim production and new production,* from each lease or unit in a tertiary recovery project after July 1, 1985. For purposes of this section, a tertiary recovery project must meet the following requirements:

(i) the project must be approved as a tertiary recovery project by the department of revenue. The approval may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(ii) the property to be affected by the project must be adequately delineated according to the specifications required by the department; and

(iii) the project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the department to be significant in light of all the facts and circumstances, in the amount of crude oil which may potentially be recovered. For the purpose of this section, tertiary recovery methods include but are not limited to:

(A) miscible fluid displacement;

(B) steam drive injection;

(C) micellar/emulsion flooding;

(D) in situ combustion;

(E) polymer augmented water flooding;

(F) cyclic steam injection;

(G) alkaline or caustic flooding;

(H) carbon dioxide water flooding;

(I) immiscible carbon dioxide displacement; or

(J) any other method approved by the department as a tertiary recovery method.

(d) *except as provided in 15-36-121(2),* 3% of the total gross value of all the petroleum and other mineral or crude oil *production* after the first 5 barrels, *plus the local government severance tax of 4.2% on all production other than interim production and new production,* produced by a stripper well, as defined in 15-36-121, that produces more than 5 barrels a day during the period beginning April 1, 1989, and ending March 31, 1991.

(2) For purposes of this section, the term "incremental petroleum and other mineral or crude oil" means the amount of oil, as determined by the department of revenue, to be in excess of what would have been produced by primary and secondary methods. The determination arrived at by the department must be made only after notice and hearing and shall specify through the life of a tertiary project, calendar year by calendar year, the

HeinOnline -- 1989 vol. II 2628 1989

combined amount of primary and secondary production that must be used to establish the incremental production from each lease or unit in a tertiary recovery project.

(3) Nothing in this part may be construed as requiring laborers or employees hired or employed by any person to drill any oil well or to work in or about any oil well or prospect or explore for or do any work for the purpose of developing any petroleum or other mineral or crude oil to pay the severance tax, nor may work done or the drilling of a well or wells for the purpose of prospecting or exploring for petroleum or other mineral or crude oils or for the purpose of developing them be considered to be the engaging in or carrying on of the business. If, in the doing of any work, in the drilling of any oil well, or in prospecting, exploring, or development work, any merchantable or marketable petroleum or other mineral or crude oil in excess of the quantity required by the person for carrying on the operation is produced sufficient in quantity to justify the marketing of the petroleum or other mineral or crude oil, the work, drilling, prospecting, exploring, or development work is considered to be the engaging in and carrying on of the business of producing petroleum or other mineral or crude oil within this state within the meaning of this section.

(4) Every person required to pay the severance tax under this section shall pay the tax in full for his own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments, and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of the extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the interests that are owned by the federal, state, county, or municipal governments *are* exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements under the lease or leases or division of proceeds orders or other contracts. **(Subsection (1)(d) terminates on occurrence of contingency—sec. 7, Ch. 656, L. 1987.)"**

Section 79. Section 15-36-102, MCA, is amended to read:

**"15-36-102. Quarterly payment of tax — delayed payment of local government severance tax.** *(1) Except as provided in subsection (2),* severance tax *must* be paid in quarterly installments for the quarterly periods ending, respectively, March 31, June 30, September 30, and December 31 of each year, and the amount of the tax for each quarterly period *must* be paid to the department of revenue within 60 days after the end of each quarterly period.

*(2) Local government severance tax must be paid in quarterly installments 1 year after the end of each quarter for which a statement is completed as required by 15-36-105."*

Section 80. Section 15-36-105, MCA, is amended to read:

HeinOnline -- 1989 vol. II 2629 1989

**"15-36-105. Statement to accompany payment — records — collection of tax — refunds.** (1) Each person *shall*, within 60 days after the end of each following quarter, *complete* on forms prescribed by the department of revenue a statement showing the total number of barrels of merchantable or marketable petroleum and other mineral or crude oil or cubic feet of natural gas produced or extracted by *the* person in the state during each month of *the* quarter and during the whole quarter, the average value *of the production* during each month, and the total value *of the production* for the whole quarter, together with the total amount due to the state as severance taxes *and local government severance taxes* for *the* quarter, and *shall* within such 60 days deliver *the* statement and, except as provided in *15-36-102(2) and* 15-36-121, pay to the department the amount of the taxes shown by *the* statement to be due to the state for the quarter for which *the* statement is made. *The* statement must be signed by the individual or the president, vice-president, treasurer, assistant treasurer, or managing agent in this state of the association, corporation, joint-stock company, or syndicate making the statement. Any person engaged in carrying on business at more than one place in this state or owning, leasing, controlling, or operating more than one oil or gas well in this state may include all *operations* in one statement. The department shall receive and file all statements and collect and receive from *the* person making and filing a statement the amount of tax payable by *the* person, if any, as *appears in* the statement.

(2) It *is* the duty of the department to examine each of *the* statements and compute the taxes thereon, and the amount computed by the department *is* the *tax* imposed, assessed against, and payable by the taxpayer making the statement for the quarter for which the statement is filed. If the tax found to be due *is* greater than the amount paid, the excess *must* be paid by the taxpayer to the department within 10 days after written notice of the amount of the deficiency *is* mailed by the department to *the* taxpayer. If the tax imposed *is* less than the amount paid, the difference must be applied as a credit against tax liability for subsequent quarters or refunded if there is no subsequent tax liability.

(3) If the tax is not paid on or before the due date, there *must* be assessed a penalty of 10% of the amount of the tax, unless it is shown that the failure was due to reasonable cause and not due to neglect. If any tax under this chapter is not paid when due, interest *must* be added *to the tax* at the rate of 1% a month or fraction thereof, computed on the total amount of severance tax and penalty from the due date until paid."

Section 81. Section 15-36-112, MCA, is amended to read:

**"15-36-112. Disposition of oil and gas severance taxes — calculation of unit value for local government severance tax.** (1) Each year the department of revenue shall determine the amount of tax collected under this chapter from within each *school district.*

*(2) For purposes of the distribution of local government severance taxes collected under 15-36-101, the department shall determine the unit value of oil and gas for each school district as follows:*

HeinOnline -- 1989 vol. II 2630 1989

*(a) The unit value for petroleum and other mineral or crude oil for each district is the quotient obtained by dividing the net proceeds taxes calculated on petroleum or mineral or crude oil produced in that district in calendar year 1988 by the number of barrels of petroleum or other mineral or crude oil produced in that district during 1988.*

*(b) The unit value for natural gas is the quotient obtained by dividing the net proceeds taxes calculated on natural gas produced in that district in calendar year 1988 by the number of cubic feet of natural gas produced in that district during 1988.*

*(3)* The severance taxes collected under this chapter are allocated as follows:

(a) *The local government severance tax* is statutorily appropriated, as provided in 17-7-502, for allocation to the county for distribution as provided in subsection *(4)(a)(ii)*;

(b) *Any* amount not allocated to the county under subsection *(3)(a)* is allocated to the state general fund.

*(4) (a) For the purpose of distribution of the local government severance tax, the department shall adjust the unit value determined under this section according to the ratio that the local government severance taxes collected during the quarters to be distributed plus accumulated interest earned by the state and penalties and interest on delinquent local government severance taxes bears to the total liability for local government severance taxes for the quarters to be distributed. The taxes must be calculated and distributed as follows:*

*(i) By November 30 of each year, the department shall calculate and distribute to each eligible county the amount of local government severance tax, determined by multiplying unit value as adjusted in this subsection (4)(a) times the units of production on which severance tax was owed during the calendar quarters ending March 31 and June 30 of the preceding calendar year.*

*(ii) By May 31 of each year, the department shall calculate and distribute to each eligible county the amount of local government severance tax, determined by multiplying unit value as adjusted in this subsection (4)(a) times the units of production on which severance tax was owed during the 2 calendar quarters immediately following those quarters referred to in subsection (4)(a)(i).*

*(b) Any amount by which the total tax liability exceeds or is less than the total distributions determined in subsections (4)(a)(i) and (4)(a)(ii) must be calculated and distributed in the following manner:*

*(i) The excess amount or shortage must be divided by the total units of production to obtain the tax value per unit of production.*

*(ii) The tax value per unit of production must be multiplied by the units of production in that taxable period in each school district that had production in that period, and this amount must be added to or subtracted from the distribution to each respective district.*

*(5)* The county treasurer shall distribute the money received under subsection *(3)(a) to the taxing jurisdictions that levied mills against production during fiscal year 1989 in the same manner that all other property tax proceeds were distributed during fiscal year 1989 in the taxing jurisdiction, except that no distribution may be made to a municipal taxing jurisdiction.*"

Section 82. Section 15-36-121, MCA, is amended to read:

"**15-36-121. Exemption from severance tax.** (1) It is the public policy of this state to promote a sufficient supply of natural gas to provide for the residents of this state, to lessen Montana's dependence on imported natural gas, and to encourage the exploration for and development and production of natural gas, petroleum, and other mineral and crude oil within the state.

(2) All new production, as defined in 15-23-601, from a well during the 24 months immediately following the date of notification to the department of revenue that an oil well is flowing or being pumped or that a gas well has been connected to a gathering or distribution system is exempt from all of the severance tax imposed by 15-36-101, provided the notification was made after March 31, 1987, and before July 1, 1991.

(3) All the natural gas produced from any well that has produced 60,000 cubic feet or less of natural gas a day for the calendar year prior to the current year shall be taxed as provided in this section. Production must be determined by dividing the amount of production from a lease or unitized area for the year prior to the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365. The first 30,000 cubic feet of average daily production per well is exempt from all of the severance tax imposed by 15-36-101. Everything over 30,000 cubic feet of gas produced is taxed at 1.59% *plus a local government severance tax of 7.625%.*

(4) The first 5 barrels of average daily production from a stripper well are exempt from all of the severance tax imposed by 15-36-101, *except the local government severance tax.*

(5) For the purposes of this section, "stripper well" means a well that produces less than 10 barrels per day, determined by dividing the amount of production from a lease or unitized area for the year prior to the current calendar year by the number of producing wells in the lease or unitized area, and by dividing the resulting quotient by 365.

(6) Notwithstanding the provisions of subsections (2) through (4), all reporting requirements under the severance tax remain in effect. **(Subsections (2) and (4) terminate on occurrence of contingency—sec. 7, Ch. 656, L. 1987.)**"

Section 83. Section 20-9-141, MCA, is amended to read:

"**20-9-141. Computation of general fund net levy requirement by county superintendent.** (1) The county superintendent shall compute the levy requirement for each district's general fund on the basis of the following procedure:

HeinOnline -- 1989 vol. II 2632 1989

(a) Determine the funding required for the district's final general fund budget less the amount established by the schedules in 20-9-316 through 20-9-321 by totaling:

(i) the district's nonisolated school foundation program requirement to be met by a district levy as provided in 20-9-303;

(ii) the district's permissive levy amount as provided in 20-9-352; and

(iii) any general fund budget amount adopted by the trustees of the district under the provisions of 20-9-353, including any additional levies authorized by the electors of the district.

(b) Determine the *money* available for the reduction of the property tax on the district for the general fund by totaling:

(i) anticipated federal *money* received under the provisions of Title I of Public Law 81-874 or other anticipated federal *money* received in lieu of *that* federal act;

(ii) anticipated tuition payments for out-of-district pupils under the provisions of 20-5-303, 20-5-307, 20-5-312, and 20-5-313;

(iii) general fund cash reappropriated, as established under the provisions of 20-9-104;

(iv) anticipated or reappropriated state impact aid received under the provisions of 20-9-304;

(v) anticipated or reappropriated revenue from vehicle property taxes imposed under 61-3-504(2) and 61-3-537;

(vi) anticipated net proceeds taxes for interim production and new production, as defined in 15-23-601;

*(vii) anticipated revenue from local government severance taxes as provided in 15-36-112;*

*(viii) anticipated revenue from coal gross proceeds under 15-23-703;*

*(ix)* anticipated interest to be earned or reappropriated interest earned by the investment of general fund cash in accordance with the provisions of 20-9-213(4); and

*(x)* any other revenue anticipated by the trustees to be received during the ensuing school fiscal year which may be used to finance the general fund.

(c) Subtract the *money* available to reduce the property tax required to finance the general fund that has been determined in subsection (1)(b) from the total requirement determined in subsection (1)(a).

(2) The net general fund levy requirement determined in subsection (1)(c) *must* be reported to the county commissioners on the second Monday of August by the county superintendent as the general fund levy requirement for the district, and a levy *must* be made by the county commissioners in accordance with 20-9-142."

Section 84. Section 20-9-331, MCA, is amended to read:

HeinOnline -- 1989 vol. II 2633 1989

**"20-9-331. Basic county tax and other revenues for county equalization of the elementary district foundation program.** (1) *The* county commissioners of each county *shall* levy an annual basic tax of 28 mills on the *dollar* of the taxable value of all taxable property within the county, except for vehicles subject to taxation under 61-3-504(2), for the purposes of local and state foundation program support. The revenue collected from this levy *must* be apportioned to the support of the foundation programs of the elementary school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the sum of the estimated *revenue* identified in subsection (2) *must* be subtracted from the sum of the county elementary transportation obligation and the total of the foundation programs of all elementary districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined *in subsection (1)(a)*, the county treasurer shall remit the surplus funds to the state treasurer for deposit to the state special revenue fund, state equalization aid account, immediately upon occurrence of a surplus balance and each subsequent month thereafter, with any final remittance due no later than June 20 of the fiscal year for which the levy has been set.

(2) The *revenue* realized from the county's portion of the levy prescribed by this section and the *revenue* from the following sources *must* be used for the equalization of the elementary district foundation programs of the county as prescribed in 20-9-334, and a separate accounting *must* be kept of *the revenue* by the county treasurer in accordance with 20-9-212(1):

(a) the portion of the federal Taylor Grazing Act funds distributed to a county and designated for the common school fund under the provisions of 17-3-222;

(b) the portion of the federal flood control act funds distributed to a county and designated for expenditure for the benefit of the county common schools under the provisions of 17-3-232;

(c) all money paid into the county treasury as a result of fines for violations of law, except money paid to a justice's court, and the use of which is not otherwise specified by law;

(d) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's *accounts* for the various sources of revenue established or referred to in this section;

(e) any federal or state money distributed to the county as payment in lieu of property taxation established by the county levy required by this section;

*(f) gross proceeds taxes from coal under 15-23-703;*

*(g)* net proceeds taxes for interim production and new production, as defined in 15-23-601, *and local government severance taxes on any other production occurring after December 31, 1988*; and

HeinOnline -- 1989 vol. II 2634 1989

*(h)* anticipated revenue from vehicle property taxes imposed under 61-3-504(2) and 61-3-537."

Section 85. Section 20-9-333, MCA, is amended to read:

**"20-9-333. Basic special levy and other revenues for county equalization of high school district foundation program.** (1) *The* county commissioners of each county *shall* levy an annual basic special tax for high schools of 17 mills on the dollar of the taxable value of all taxable property within the county, except for vehicles subject to taxation under 61-3-504(2), for the purposes of local and state foundation program support. The revenue collected from this levy *must* be apportioned to the support of the foundation programs of high school districts in the county and to the state special revenue fund, state equalization aid account, in the following manner:

(a) In order to determine the amount of revenue raised by this levy which is retained by the county, the *sum of the* estimated *revenue* identified in subsections (2)(a) and (2)(b) *must* be subtracted from the sum of the county's high school tuition obligation and the total of the foundation programs of all high school districts of the county.

(b) If the basic levy prescribed by this section produces more revenue than is required to finance the difference determined *in subsection (1)(a)*, the county treasurer shall remit the surplus *funds* to the state treasurer for deposit to the state special revenue fund, state equalization aid account, immediately upon occurrence of a surplus balance and each subsequent month thereafter, with any final remittance due no later than June 20 of the fiscal year for which the levy has been set.

(2) The *revenue* realized from the county's portion of the levy prescribed in this section and the *revenue* from the following sources *must* be used for the equalization of the high school district foundation programs of the county as prescribed in 20-9-334, and a separate accounting *must* be kept of *the revenue* by the county treasurer in accordance with 20-9-212(1):

(a) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's accounts for the various sources of revenue established in this section;

(b) any federal or state *money* distributed to the county as payment in lieu of property taxation established by the county levy required by this section;

*(c) gross proceeds taxes from coal under 15-23-703;*

*(d)* net proceeds taxes for interim production and new production, as defined in 15-23-601, *and local government severance taxes on any other production occurring after December 31, 1988*; and

*(e)* anticipated revenue from vehicle property taxes imposed under 61-3-504(2) and 61-3-537."

Section 86. Section 20-9-352, MCA, is amended to read:

**"20-9-352. Permissive amount and permissive levy.** (1) Whenever the trustees of *a* district *consider* it necessary to adopt a general fund

budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for *the* district as established by the schedules in 20-9-316 through 20-9-321, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. *The* excess above the foundation program amount *is* known as the permissive amount, and it *must* be financed by a levy, as prescribed in 20-9-141, on the taxable value of all taxable property within the district, except for vehicles subject to taxation under 61-3-504(2), supplemented with any biennial appropriation by the legislature for this purpose. The proceeds of *the* appropriation *must* be deposited to the state special revenue fund.

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding 6 mills on all the taxable property in the district, except for vehicles subject to taxation under 61-3-504(2), for the purpose of funding the permissive amount of the district. The permissive levy in mills *is* obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by 6 or by using the number of mills *that* would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated revenue from vehicle property taxes imposed under 61-3-504(2) and 61-3-537, is not sufficient to fund the permissive amount in full, the amount of the deficiency *must* be paid to the district from the state special revenue fund according to the provisions of subsections (3) and (4) of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding 4 mills on all taxable property in the district, except for vehicles subject to taxation under 61-3-504(2), for the purpose of funding the permissive amount of the district. The permissive levy in mills *is* obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by 4 or by using the number of mills *that* would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy, plus anticipated revenue from vehicle property taxes imposed under 61-3-504(2) and 61-3-537, *plus gross proceeds taxes from coal under 15-23-703,* and plus net proceeds taxes for interim production and new production, as defined in 15-23-601, *and local government severance taxes on any other production occurring after December 31, 1988,* is not sufficient to fund the permissive amount in full, the amount of the deficiency *must* be paid to the district from the state special revenue fund according to the provisions of subsections (3) and (4) of this section.

(3) The superintendent of public instruction shall, if the appropriation by the legislature for the permissive amount for the biennium is insufficient, request the budget director to submit a request for a supplemental appropriation in the second year of the biennium. The supplemental appropriation *must* provide enough revenue to fund the permissive deficiency of the elementary and high school districts of the state. The proceeds of this appropriation *must* be deposited to the state special revenue fund and *must* be distributed to the elementary and high school districts in accordance with their entitlements as determined by the superintendent of public instruction according to the provisions of subsections (1) and (2).

HeinOnline -- 1989 vol. II 2636 1989

(4) Distribution under this section from the state special revenue fund *must* be made in two payments. The first payment *must* be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment *must* be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the appropriation is not sufficient to finance the deficiencies of the districts as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the second year of the biennium may be used to reduce the appropriation required for the next succeeding biennium or may be transferred to the state equalization aid state special revenue fund if revenues in that fund are insufficient to meet foundation program requirements."

Section 87. Section 20-10-144, MCA, is amended to read:

**"20-10-144. Computation of revenues and net tax levy requirements for the transportation fund budget.** Before the fourth Monday of July and in accordance with 20-9-123, the county superintendent shall compute the revenue available to finance the transportation fund budget of each district. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the preliminary budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 *must* be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate per bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by such district); plus

(b) the total of all individual transportation per diem reimbursement rates for *the* district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted on the preliminary budget for the contingency amount permitted in 20-10-143, except if *the* amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or $100, whichever is larger, the contingency amount on the preliminary budget *must* be reduced to *the* limitation amount and used in this determination of the schedule amount.

(2) The schedule amount determined in subsection (1) or the total preliminary transportation fund budget, whichever is smaller, *is* divided by 3 and the resulting one-third amount *is* used to determine the available state and county revenue to be budgeted on the following basis:

(a) the resulting one-third amount *is* the budgeted state transportation reimbursement, except that the state transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442

HeinOnline -- 1989 vol. II 2637 1989

*must* be two-thirds of the schedule amount attributed to the transportation of special education pupils;

(b) the resulting one-third amount, except as provided for joint elementary districts in subsection (2)(e), *is* the budgeted county transportation reimbursement for elementary districts and *must* be financed by the basic county tax under the provisions of 20-9-334;

(c) the resulting one-third amount multiplied by 2 *is* the budgeted county transportation reimbursement amount for high school districts financed under the provisions of subsection (5), except as provided for joint high school districts in subsection (2)(e), and except that the county transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 *must* be one-third of the schedule amount attributed to the transportation of special education pupils;

(d) when the district has a sufficient amount of cash for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of district revenue and cash reappropriated *must* be used to reduce the county financing obligation in *subsection* (2)(b) or (2)(c) and, if *the* county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a); and

(e) the county revenue requirement for a joint district, after the application of any district *money* under subsection (2)(d), *must* be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county.

(3) The total of the *money* available for the reduction of property tax on the district for the transportation fund *must* be determined by totaling:

(a) anticipated federal *money* received under the provisions of Title I of Public Law 81-874 or other anticipated federal *money* received in lieu of *that* federal act; plus

(b) anticipated payments from other districts for providing school bus transportation services for *the* district; plus

(c) anticipated payments from a parent or guardian for providing school bus transportation services for his child; plus

(d) anticipated or reappropriated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4); plus

(e) anticipated or reappropriated revenue from property taxes *and fees* imposed under *23-2-517, 23-2-803,* 61-3-504(2), *61-3-521,* 61-3-537, *and 67-3-204*; plus

*(f) gross proceeds taxes from coal under 15-23-703; plus*

*(g)* net proceeds taxes for interim production and new production, as defined in 15-23-601, *and local government severance taxes on any other production occurring after December 31, 1988*; plus

HeinOnline -- 1989 vol. II 2638 1989

*(h)* any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year which may be used to finance the transportation fund; plus

*(i)* any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the transportation fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the transportation fund. *The* cash reserve *may* not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and *is* for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund *must* be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount and, for an elementary district, adding *the* difference to the district obligation to finance one-third of the schedule amount as determined in subsection (2); and

(b) subtracting the amount of *money* available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

(5) The county levy requirement for the financing of the county transportation reimbursement to high school districts *is* computed by adding all requirements for all the high school districts of the county, including the county's obligation for reimbursements in joint high school districts.

(6) The transportation fund levy requirements determined in subsection (4) for each district and in subsection (5) for the county *must* be reported to the county commissioners on the second Monday of August by the county superintendent as the transportation fund levy requirements for the district and for the county, and *the* levies *must* be made by the county commissioners in accordance with 20-9-142."

Section 88. Section 90-6-402, MCA, is amended to read:

**"90-6-402. Definitions.** As used in this part, the following definitions apply:

(1) "Affected local government unit" means a local government unit that will experience a need to increase services or facilities as a result of the commencement of large-scale mineral development or within which a large-scale mineral development is located in accordance with an impact plan adopted pursuant to 90-6-307.

(2) "Board" means the hard-rock mining impact board established in 2-15-1822.

(3) "Mineral development employee" means a person who resides within the jurisdiction of an affected local government unit as a result of employment with a large-scale mineral development or its contractors or subcontractors.

HeinOnline -- 1989 vol. II 2639 1989

(4) "Mineral development student" means a student whose parent or guardian resides within the jurisdiction of an affected local government unit as a result of employment with a large-scale mineral development or its contractors or subcontractors.

(5) "Jurisdictional revenue disparity" means property tax revenues resulting from a large-scale hard-rock mineral development that are inequitably distributed among affected local government units as finally determined by the board in an approved impact plan.

(6) "Large-scale mineral development", for the purposes of this part, is defined in 90-6-302.

(7) "Local government unit", for the purposes of this part, means a county, municipality, or school district.

(8) "Taxable valuation" of a mineral development means the total of the gross proceeds taxable percentage specified in 15-6-132(2) when added to the taxable percentages of real property, improvements, machinery, equipment, and other property classified under Title 15, chapter 6, part 1."

Section 89. Section 20-9-501, MCA, is amended to read:

**"20-9-501. Retirement fund.** (1) The trustees of any district employing personnel who are members of the teachers' retirement system or the public employees' retirement system or who are covered by unemployment insurance or who are covered by any federal social security system requiring employer contributions shall establish a retirement fund for the purposes of budgeting and paying the employer's contributions to such systems. The district's contribution for each employee who is a member of the teachers' retirement system shall be calculated in accordance with Title 19, chapter 4, part 6. The district's contribution for each employee who is a member of the public employees' retirement system shall be calculated in accordance with 19-3-801. The district may levy a special tax to pay its contribution to the public employees' retirement system under the conditions prescribed in 19-3-204. The district's contributions for each employee covered by any federal social security system shall be paid in accordance with federal law and regulation. The district's contribution for each employee who is covered by unemployment insurance shall be paid in accordance with Title 39, chapter 51, part 11.

(2) The trustees of any district required to make a contribution to any such system shall include in the retirement fund of the preliminary budget the estimated amount of the employer's contribution and such additional moneys, within legal limitations, as they may wish to provide for the retirement fund cash reserve. After the final retirement fund budget has been adopted, the trustees shall pay the employer contributions to such systems in accordance with the financial administration provisions of this title.

(3) When the final retirement fund budget has been adopted, the county superintendent shall establish the levy requirement by:

(a) determining the sum of the moneys available to reduce the retirement fund levy requirement by adding:

HeinOnline -- 1989 vol. II 2640 1989

(i) any anticipated moneys that may be realized in the retirement fund during the ensuing school fiscal year, including anticipated revenue from property taxes *and fees* imposed under *23-2-517, 23-2-803,* 61-3-504(2), *61-3-521,* 61-3-537, *and 67-3-204*;

(ii) net proceeds taxes for interim production and new production, as defined in 15-23-601, *and local government severance taxes on any other oil and gas production occurring after December 31, 1988*;

*(iii) coal gross proceeds taxes under 15-23-703; and*

*(iv)* any cash available for reappropriation as determined by subtracting the amount of the end-of-the-year cash balance earmarked as the retirement fund cash reserve for the ensuing school fiscal year by the trustees from the end-of-the-year cash balance in the retirement fund. The retirement fund cash reserve shall not be more than 35% of the final retirement fund budget for the ensuing school fiscal year and shall be used for the purpose of paying retirement fund warrants issued by the district under the final retirement fund budget.

(b) subtracting the total of the moneys available for reduction of the levy requirement as determined in subsection (3)(a) from the budgeted amount for expenditures in the final retirement fund budget.

(4) The county superintendent shall:

(a) total the net retirement fund levy requirements separately for all elementary school districts, all high school districts, and all community college districts of the county, including any prorated joint district or special education cooperative agreement levy requirements;

(b) reduce the total retirement fund levy requirements of elementary school districts and high school districts by the amount available in state retirement equalization aid as calculated and distributed under the provisions of 20-9-532; and

(c) report each such levy requirement to the county commissioners on the second Monday of August as the respective county levy requirements for elementary district, high school district, and community college district retirement funds.

(5) The county commissioners shall fix and set such county levy in accordance with 20-9-142.

(6) The net retirement fund levy requirement for a joint elementary district or a joint high school district shall be prorated to each county in which a part of such district is located in the same proportion as the district ANB of the joint district is distributed by pupil residence in each such county. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county as provided in 20-9-151.

(7) The net retirement fund levy requirement for districts that are members of special education cooperative agreements shall be prorated to each county in which such district is located in the same proportion as the budget for the special education cooperative agreement of the district bears

to the total budget of the cooperative. The county superintendents of the counties affected shall jointly determine the net retirement fund levy requirement for each county in the same manner as provided in 20-9-151 and fix and levy the net retirement fund levy for each county in the same manner as provided in 20-9-152. **(Subsection (4)(b) effective July 1, 1988—sec. 8, Ch. 635, L. 1987.)"**

Section 90. Section 15-31-121, MCA, is amended to read:

**"15-31-121. Rate of tax — minimum tax — surtax.** (1) Except as provided in subsection (2), the percentage of net income to be paid under 15-31-101 shall be 6 ¾% of all net income for the taxable period. The rate set forth in this subsection (1) shall be effective for all taxable years ending on or after February 28, 1971. This rate is retroactive to and effective for all taxable years ending on or after February 28, 1971.

(2) For a taxpayer making a water's-edge election, the percentage of net income to be paid under 15-31-101 shall be 7% of all taxable net income for the taxable period.

(3) Every corporation subject to taxation under this part shall, in any event, pay a minimum tax of not less than $50.

(4) After the amount of tax liability has been computed under subsections (1) through (3), each corporation subject to taxation under this part shall add, as a surtax, *5%* of the tax liability, and the amount so derived is the amount due the state."

Section 91. Section 17-5-408, MCA, is amended to read:

**"17-5-408. Percentage of income, corporation license, and cigarette tax pledged.** (1) (a) The state pledges and appropriates and directs to be credited as received to the debt service account *9.8% for fiscal year 1990 and 8.7% for fiscal year 1991* of all money received from the collection of the individual income tax and 11% *for fiscal year 1990 and 10.5% for fiscal year 1991* of all money, except as provided in 15-31-702, received from the collection of the corporation license and income tax as provided in 15-1-501, and such additional amount of said taxes, if any, as may at any time be needed to comply with the principal and interest and reserve requirements stated in 17-5-405(4).

(b) No more than the percentages described in subsection (1)(a) of such tax collections may be pledged for the purpose of 17-5-403(2). The pledge and appropriation herein made shall be and remain at all times a first and prior charge upon all money received from the collection of said taxes.

(2) The state pledges and appropriates and directs to be credited to the debt service account 70.89% of all money received from the collection of the excise tax on cigarettes which is levied, imposed, and assessed by 16-11-111. The state also pledges and appropriates and directs to be credited as received to the debt service account all money received from the collection of the taxes on other tobacco products which are or may hereafter be levied, imposed, and assessed by law for that purpose, including the tax levied, imposed, and assessed by 16-11-202. Nothing herein shall impair or otherwise affect the provisions and covenants contained in the resolutions

HeinOnline -- 1989 vol. II 2642 1989

authorizing the presently outstanding long-range building program bonds. Subject to the provisions of the preceding sentence, the pledge and appropriation herein made shall be and remain at all times a first and prior charge upon all money received from the collection of all taxes referred to in this subsection (2)."

Section 92. Section 17-5-704, MCA, is amended to read:

**"17-5-704. Investment of funds.** (1) Money in the coal severance tax bond fund, the coal severance tax permanent fund, and the coal severance tax income fund must be invested in accordance with the investment standards for coal severance tax funds except as provided in subsection (2). Income and earnings from all funds must be transferred to and retained in the coal severance tax income fund until appropriated by the legislature.

(2) Except as provided in section 1, Chapter 634, Laws of 1989, beginning on July 1, *1990*, the legislature shall appropriate 15% of the income and earnings from all funds to be deposited to the *state equalization aid account* each year."

Section 93. Section 1, Chapter 634, Laws of 1989, is amended to read:

"Section 1. **Appropriation.** There is appropriated from the income and earnings on the coal severance tax permanent fund that otherwise would be appropriated to the *state equalization aid account* under 17-5-704 the amount of $2 million to the medical research facility projects account established in [section 2] for the biennium ending June 30, 1991. The money is to be used to match federally appropriated funds on at least a four-to-one federal-to-state matching basis for construction and startup operating costs for medical research facility projects in the state. The Montana science and technology development board shall administer the appropriation."

Section 94. **Repealer.** (1) Sections 15-23-604, 15-23-615, and 15-23-616, MCA, are repealed on passage and approval of [this act].

(2) Sections 20-9-105, 20-9-352, 20-9-513, 20-9-531, 20-9-532, and 90-6-211, MCA, are repealed July 1, 1990.

Section 95. **Appropriation.** (1) There is appropriated from the general fund $353,950 for the biennium ending June 30, 1991, to the superintendent of public instruction to establish standard accounting and reporting practices in all Montana public school districts and to implement [this act].

(2) There is appropriated from the general fund $20,000 to the legislative council for the biennium ending June 30, 1991, for use by the committee established in [section 54].

(3) There is appropriated from the general fund to the department of administration $200,000 for the fiscal year ending June 30, 1990, to retain a telecommunications engineering consultant and to support development of and improvements in telecommunications networks in Montana as provided in [section 52].

(4) There is appropriated from the general fund to the department of administration $300,000 for the biennium ending June 30, 1991, to be used

HeinOnline -- 1989 vol. II 2643 1989

for education network implementation and improvements if a 50% match in funds or equipment is available from other sources.

(5) Any money remaining in the education trust fund account, established in 90-6-202(3), and the vocational-technical center and adult basic education account, as established in 20-9-513, as of June 30, 1990, is appropriated to the superintendent of public instruction for the fiscal year ending June 30, 1991, for state equalization aid to the public schools.

(6) There is appropriated for fiscal year 1991 from the coal severance tax income fund 15% of the income and earnings of all coal severance tax funds as provided in 17-5-704(2).

Section 96. **Study of guaranteed tax base — purpose.** (1) During the 1989-90 interim, the revenue oversight committee is directed to study the concept of a guaranteed tax base for school funding purposes.

(2) The purpose of the study is to assess the advisability of using a guaranteed tax base to fund, for elementary and secondary schools:

(a) transportation costs;

(b) capital expenditures;

(c) comprehensive insurance costs;

(d) retirement costs;

(e) general fund obligations; or

(f) any other obligation of elementary or secondary schools in Montana.

(3) The revenue oversight committee is further directed to coordinate its research, share its findings and recommendations, and generally cooperate with the legislative oversight committee on school funding implementation established in [section 54].

(4) The revenue oversight committee shall report its findings, conclusions, and options for consideration to the 52nd legislature.

Section 97. **Codification instruction.** (1) [Sections 50, 51, 60 through 63, and 66] are intended to be codified as an integral part of Title 20, chapter 9, and the provisions of Title 20 apply to [sections 50, 51, 60 through 63, and 66].

(2) [Section 65] is intended to be codified as an integral part of Title 15, chapter 30, part 1, and the provisions of Title 15, chapter 30, apply to [section 65].

Section 98. **Effective dates — rules.** (1) (a) [Sections 1 through 12, 14 through 26, 28 through 36, 37(1) and (3) through (5), 38 through 44, 49 through 51, 60 through 64, and 101] are effective July 1, 1990.

(b) The superintendent of public instruction may, prior to July 1, 1990, adopt rules and conduct training necessary to implement [section 22].

(2) [Sections 13, 27, 37(2), 45 through 48, 52 through 59, 65 through 94, 96, and this section] are effective on passage and approval.

HeinOnline -- 1989 vol. II 2644 1989

Section 99. **Applicability.** (1) [Sections 35, 36, and 50] apply retroactively, within the meaning of 1-2-109, to all taxable years beginning after December 31, 1989.

(2) Except as provided in subsection (4), [section 64] applies to all tax revenue recorded on or after July 1, 1989, without regard to the time the tax accrued.

(3) [Sections 66 through 88] apply retroactively, within the meaning of 1-2-109, to net proceeds taxes, severance taxes, and local government taxes on oil and gas, other than interim production and new production, produced after December 31, 1988.

(4) [Sections 65 and 90] apply to tax years and tax revenues collected on or after January 1, 1990.

(5) [Sections 45 through 48] apply retroactively, within the meaning of 1-2-109, to July 1, 1989.

(6) [Section 13] applies to any enlarged district that was created by order in school fiscal year 1989 for operation in school fiscal year 1990.

Section 100. **Coordination instruction.** If House Bill No. 16 is passed and approved, the appropriation in [section 95(1)] is reduced by the amount of money appropriated in House Bill No. 16.

Section 101. **Overschedule permissive amount of general fund budget — permissive levy.** Whenever the trustees of any district determine it necessary to adopt a general fund budget in excess of the foundation program amount for that district, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. This amount is the "permissive amount" and may not exceed [the equivalent of the percent to be determined that is 112% of FY 1988 district general fund and insurance fund expenditures] of the foundation program amount. It must be financed by the district and established as provided in 20-9-142, by any guaranteed tax base aid for which the district may be eligible, and by other revenue available to the district for other than foundation program support.

Section 102. **Termination.** [Sections 65 and 90 (from senate committee on education amendments regarding individual income and corporate income and license surtaxes)] terminate January 1, 1991.

Approved August 11, 1989.

# CHAPTER NO. 12

[HB 62]

AN ACT ESTABLISHING A JOINT SELECT COMMITTEE ON WORKERS' COMPENSATION; DEFINING THE POWERS AND DUTIES OF THE COMMITTEE; APPROPRIATING FUNDS FOR

HeinOnline -- 1989 vol. II 2645 1989

USE BY THE COMMITTEE; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, last year, the actuary of the state workers' compensation plan No. 3 determined that, as of June 30, 1988, an unfunded liability of $157.3 million existed in the state fund of the Montana workers' compensation insurance system; and

WHEREAS, the actuary now projects that the unfunded liability in the state fund will increase to $215.2 million by June 30, 1989; and

WHEREAS, this increase in the unfunded liability in the state fund has occurred despite legislation enacted in 1987 to reform the Montana workers' compensation insurance system; and

WHEREAS, current plans to reduce the unfunded liability would require substantial increases in workers' compensation insurance premiums, which many businesses cannot afford because their rates are already too high; and

WHEREAS, other options need to be explored for reducing or eliminating the unfunded liability in the state fund; and

WHEREAS, the state fund should be neither more nor less than self-supporting and completely solvent; and

WHEREAS, there is a need to ensure that employers have a cost-effective system for insuring their workers' compensation liability; and

WHEREAS, current problems of the state fund are detrimental to the business climate of the state.

THEREFORE, the Legislature of the State of Montana finds it appropriate to establish a joint select committee on workers' compensation.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Definitions.** As used in [this act], unless the context requires otherwise, the following definitions apply:

(1) "Committee" means the joint select committee on workers' compensation established in [section 2].

(2) "State fund" means the state compensation insurance fund referred to in 39-71-2301.

Section 2. **Joint select committee on workers' compensation.** (1) There is a joint select committee on workers' compensation.

(2) The committee consists of eight members who must be appointed as follows:

(a) two members of the house of representatives appointed by the speaker of the house;

(b) two members of the house of representatives appointed by the house minority leader;

HeinOnline -- 1989 vol. II 2646 1989

(c) two members of the senate appointed by the president of the senate; and

(d) two members of the senate appointed by the senate minority leader.

Section 3. **Term of office — vacancies.** (1) A member of the committee shall serve until January 1, 1991.

(2) A vacancy on the committee must be filled in the same manner as the original appointment.

Section 4. **Officers — meetings — quorum — compensation.** (1) The committee shall choose from its membership a chairman and vice chairman.

(2) The committee shall meet upon the call of the chairman or at the request of a majority of its members.

(3) Five members constitute a quorum for the transaction of business.

(4) Members of the committee are entitled to compensation and expenses as provided in 5-2-302.

Section 5. **Staff assistance — committee support.** (1) The legislative council shall provide staff assistance to the committee.

(2) The office of the legislative auditor; the department of labor and industry; and the board of directors, the executive director, and management staff of the state fund shall assist and cooperate with the committee as may be required for the committee to carry out its duties.

Section 6. **Duties of committee.** The committee shall undertake and complete a thorough study of the workers' compensation insurance program under plans No. 1 and 2 and plan No. 3, the state fund. In conducting this study, the committee shall:

(1) hold public hearings and gather information from private citizens, state government officials, and other interested persons concerning the problems affecting the state fund;

(2) review the laws and policies governing workers' compensation;

(3) examine the current costs, benefits, and operation of the state fund, including the establishment of rates and classifications for coverage under the state fund;

(4) study all matters affecting the costs of and premium rates charged for workers' compensation insurance;

(5) determine reasons for the increasing unfunded liability in the state fund;

(6) analyze the projected costs of operating the state fund;

(7) evaluate the future projected unfunded liability in the state fund;

(8) determine the specific revenue requirements to operate the state fund and to eliminate the unfunded liability;

HeinOnline -- 1989 vol. II 2647 1989

(9) identify options to reduce costs, lower rates, and ensure the future solvency of the state fund;

(10) study the feasibility and advisability of selling or abolishing the state fund; and

(11) report its findings and present options for legislative consideration to the 52nd legislature by no later than October 1, 1990, and, if appropriate, prepare legislation to implement any of these options.

Section 7. **Powers of committee.** In performing the duties described in [section 6], the committee may:

(1) investigate and examine any issue it determines to be pertinent to the conduct of its business;

(2) request assistance and information from any state agency;

(3) subpoena witnesses, books, records, and other documents;

(4) administer oaths to witnesses in any matter under examination by the committee;

(5) request preparation of bills and resolutions as may be required for presentation at any meeting of the committee; and

(6) hire an independent consultant to audit the information and procedures used to determine the financial liabilities and revenue requirements for operation of the state fund.

Section 8. **Appropriation.** There is appropriated from the workers' compensation tax account, established in 39-71-2504, to the legislative council for the biennium ending June 30, 1991, the sum of $40,000 to be used by the committee on workers' compensation to conduct the study required by [this act].

Section 9. **Effective date.** [This act] is effective on passage and approval.

Section 10. **Termination.** [This act] terminates July 1, 1991.

Approved July 11, 1989.

# RESOLUTIONS

ENACTED BY THE

## Fifty-First Legislature

## IN SPECIAL

## SESSION

## STATE OF MONTANA

June 19 Through July 14, 1989

## HOUSE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA EXPRESSING TO CONGRESS THEIR SUPPORT OF SERIOUS CONSIDERATION OF AN AMENDMENT TO THE UNITED STATES CONSTITUTION THAT WOULD PROHIBIT DESECRATION OF THE FLAG OF THE UNITED STATES OF AMERICA.

WHEREAS, the United States Supreme Court recently held that the State of Texas could not convict a person under its criminal laws for desecrating the flag of the United States of America; and

WHEREAS, the flag is a unique symbol of our nation, people, and national identity; and

WHEREAS, hundreds of thousands of citizens of the United States of America have died in numerous wars fighting for what the flag stands for; and

WHEREAS, the State of Montana had a higher percentage of male citizens serving in the armed forces in World War I and World War II than any other state; and

HeinOnline -- 1989 vol. II 2653 1989

WHEREAS, approximately one-seventh of the population of the State of Montana are veterans; and

WHEREAS, action on an amendment to the United States Constitution that would prohibit desecration of the flag is pending in the Congress of the United States; and

WHEREAS, it may be appropriate for Congress to take such action.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States be informed that the Senate and the House of Representatives of the State of Montana support serious consideration of the adoption of an amendment to the Constitution of the United States of America that would prohibit desecration of the flag of the United States of America.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to each member of Montana's Congressional Delegation, who are urged to enter this resolution into the record of the Senate and the record of the House of Representatives of the Congress of the United States of America.

Passed July 11, 1989.
